FORTY THOUSAND PERISH ABOUT THE CITY OF ST. PIERRE

Only a Score Known to Have Escaped from the Town, All That Is Left of Which Is a Heap of Ashes.

MANY VESSELS DESTROYED WITH EVERY SOUL ON BOARD

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

ST. THOMAS, D. W. I., May 9.—It is now estimated that 40,000 persons perished as a result of the volcanic eruption in the island of Martinique.

LONDON, May 9.—A dispatch to the Reuter Telegram Company from Kingston, Jamaica, says: "Thousands were killed at St. Pierre, where a terrible panic prevailed. The eruption began Saturday, May 3, when St. Pierre was covered with ashes and appeared to be enveloped in fog. The flow of lava continued until Wednesday, May 7."

CITY DESTROYED AND INHABITANTS BURNED.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

London, May 10.—A dispatch to the Daily Mail from Pointe-a-Pitre, island of Gaudalupe, French West Indies, dated yesterday, says:

"The Mont Pelee (St. Pierre) crater ejected yesterday morning molten rocks and ashes during three minutes and completely destroyed St. Pierre and the districts within a four-mile radius. All the inhabitants were burned. About eight passengers from the Roraima, of the Quebec steamship line, were saved by the French cruiser Suchet. The inhabitants of the southern districts of the island, who were dependent on St. Pierre for provisions, are menaced by famine."

A dispatch to the Daily Mail from Jamaica says: "The first intimation of a disaster at Martinique was the breaking of the cables on Tuesday. The French cable to Martinique from Puerto Plata was broken Wednesday. Cable communication with all the northern islands is stopped.

Glimpses of Hell.

"The survivors of the British steamer Roddam describe the scene at St. Pierre as being 'glimpses of hell.' The Roddam's men were killed chiefly by molten lava. The Roraima was wrecked in a terrible upheaval of land and sea. The whole crew perished. Two ships were lost with all on board in an attempt to approach Martinique.

"In the island of St. Vincent the Souffriere (volcano) is active and earthquakes are frequent; but so far no damage has been done.

"In response to the request of Gov. Llewellyn of the Windward island, the British second-class cruiser Indefatigable has been dispatched from the island of Trinidad to the island of St. Vincent."

SAN JUAN, PORTO RICO, May 9.—The cable officials here have received advices from the island of Dominica that a schooner which has arrived there from the island of Martinique reports that over 40,000 people are supposed to have perished during the volcano disturbances in Martinique. The cable repair steamer Grappler, belonging to the West India and Panama Telegraph Company of London, was lost with all hands during the eruption of Mont Pelee at St. Pierre, Martinique.

Isolated by Earthquake.

All the islands in the neighborhood of Martinique are isolated, apparently by an earthquake. Cable communication with St. Vincent, Barbadoes, Grenada, Trinidad, Demerara and St. Lucia is interrupted.

The British schooner Ocean Traveller of St. John, N. B., arrived at the island of Dominica, British West Indies, at 3 o'clock this afternoon. She reported having been obliged to flee from the island of St. Vincent, West Indies, during the afternoon of Wednesday in consequence of a heavy fall of sand from a volcano which was erupting there. She tried to reach the island of St. Lucia, British West Indies, but adverse currents prevented her from so doing. The schooner arrived opposite St. Pierre, Martinique, Thursday morning, May 8.

While about a mile off the volcano (Mont Pelee) exploded and fire from it swept the whole town of St. Pierre, destroying the town and the shipping there, including the cable repair ship Grappler of the West India and Panama Telegraph Company of London, which was engaged in repairing the cable near the Guerin factory. The Ocean Traveller while on her way to Dominica encountered a quantity of wreckage.

Town Covered With Ashes.

The disturbances began late last week, the first news reaching St. Thomas on Saturday of last week. It was then announced that Mt. Pelee was in eruption, that St. Pierre was covered with ashes to the depth of a quarter of an inch and that the town looked as if enveloped in a fog. On Tuesday news was received that the flow of lava had begun; that some factories located two miles from St. Pierre had been destroyed and that 150 persons had lost their lives.

St. Pierre is the commercial center of the island of Martinique, which, with the neighboring island of Guadaloupe, forms the last of the French possessions in the West Indies. The island's greatest length is 43 miles, and the mean width is 19 miles.

A cluster of volcanic mountains in the north, a similar group in the south and a line of lower heights between them form the backbone of the island, which culminates in the northwest in Mt. Pelee, which rises 4,430 feet above the level of the sea.

The port of St. Pierre has only an open roadstead. The great mass of the population consists of Creole negroes and half castes of various grades. St. Pierre was well paved, picturesque and beautiful. It had always been lively and commercially active.

The French cruiser Suchet arrived at Pointe-a-Pitre, island of Guadaloupe, French West Indies, from Fort de France, island of Martinique, this morning, bringing several refugees. She confirmed the report that the town of St. Pierre, Martinique, was entirely destroyed at 8 o'clock on Thursday morning by a volcanic eruption.

Not a Living Soul Seen.

The British Royal Mail steamer Esk, which arrived at St. Lucia this morning, reports having passed St. Pierre last night. The steamer was covered with ashes, though she was five miles distant from the town, which was in impenetrable darkness. A boat was sent in as near as possible to the shore, but not a living soul was seen ashore—only flames.

The Quebec Steamship Company's steamer Roraima was seen to explode and disappear.

The commander of the Suchet reports that at 1 o'clock on Thursday the entire town of St. Pierre was wrapped in flames. He endeavored to save about 30 persons, more or less burned, from the vessels in the harbor. His officers went ashore in small boats, seeking for survivors, but were unable to penetrate the town. They saw heaps of bodies upon the wharves, and it is believed that not a single person resident at St. Pierre at the moment of the catastrophe escaped.

The governor of the colony and his staff colonel and wife were in St. Pierre and probably perished. The extent of the catastrophe cannot be imagined.

Steamer Roddam's Story.

ST. THOMAS, D. W. I., May 9.—The British steamer Roddam, Capt. Freeman, which left St. Lucia Wednesday for Martinique, returned yesterday, bringing a report that the town of St. Pierre, Martinique, had been destroyed by volcanic disturbances in the island. Almost all the 26,000 inhabitants of St. Pierre are said to have been killed.

The news brought by the steamer Roddam indicates that St. Pierre has been overwhelmed, as was Pompeii and Herculaneum, suddenly buried under vast quantities of lava and ashes thrown from Mount Pelee.

Even the shipping in the harbor, with probably a few exceptions, was destroyed. The steamer Roddam bears silent witness of the terrible catastrophe. She managed to escape, but in a battered and severely damaged condition. The Quebec Steamship Company's steamer Roraima was lost with all on board.

The captain of the Roddam was very seriously injured and is now in the hospital at St. Lucia. All of his officers and engineers are dead or dying. Nearly every member of the crew is dead. Supercargo Campbell and 10 of the crew of the Roddam jumped overboard at St. Pierre and were lost.

AMERICAN CONSULS SHARE COMMON FATE

United States Warships Likely to Be Sent on an Errand of Mercy.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, D. C., May 9.—Washington is appalled tonight by the horror of the catastrophe that has stricken Martinique. According to official advices but 20 persons out of 25,000 survive from nature's destruction of the city of St. Pierre. The administration is in ignorance of the effect of the earthquake upon other sections of the island, which had a population of 165,000. Further seismic disturbances are apprehended and fears are entertained that some of the American possessions, including St. Thomas and St. Johns, which are practically the property of the United States, may be affected.

Secretary Hay received this afternoon this dispatch from Consul Ayme, stationed at Pointe-a-Pitre, Guadeloupe:

"At 7 o'clock a. m. on the 3d inst. a storm of steam, mud and fire enveloped the city and roadstead of St. Pierre, destroying every house in the city and community. Not more than 20 persons escaped with their lives. Eighteen vessels were burned and sunk with all on board, including four American vessels and a steamer from Quebec named Roraima. The United States consul and family are reported among the victims. A war ves-

Trying to Quiet John Bull's Fears.

JOHN B. ELKIN AND COL. WATRES IN JOINT DEBATE

Meet in Wilkesbarre on the Eve of Luzerne County Primaries.

DRIVE TO MEETING IN SAME CARRIAGE

[SPECIAL TELEGRAM TO THE GAZETTE.]

Wilkesbarre, Pa., May 9.—Col. Watres and Attorney General John P. Elkin, candidates for the Republican gubernatorial nomination, appeared at the armory in joint debate tonight. An audience of 4,000 heard the issues discussed. Col. Watres, who stands for a new order of things, for recognition of the people, for a better administration of state and municipal affairs, for the elimination of machine control and for the re-establishment of popular sovereignty, discussed from this standpoint the issue to be decided.

Two delegates are to be elected here tomorrow. Crawford county rules will govern the contest. This interest is intense.

Mr. Watres called upon Mr. Elkin this afternoon, and tonight they rode in the same carriage to the armory, while the four candidates for delegate occupied a second carriage.

Col. Watres spoke first:

Arraigned the Past Legislature.

Referring to the legislature of 1901 he said: "The open bribery, the shameless legislation and the utter disregard of the people's welfare will go down in history as wicked and monumental. What the state needs today more than anything else is a uniform primary election law and an effective enactment of the personal registration amendment to the constitution.

"It is devoutly to be hoped the constitutional amendment may be effectively enacted by the next legislature. With a legislature composed of free and untrammeled men, Pennsylvania will secure uniform primaries, honest elections and honest legislation. Factionalism will cease, the people's rights will be protected, patriotism promoted, education advanced, the differences of capital and labor adjusted and the prosperity and good name of the commonwealth assured."

The cheering which followed Mr. Watres' speech was vigorous and prolonged.

Mr. Elkin's Turn.

Mr. Elkin said, in part: "The real issue involved in this contest is whether the people shall be permitted to nominate a candidate for the high and dignified office of governor, or whether the will of the people shall be supplanted by the dictation of the few. What becomes of me in this complicated situation is a matter of small importance to the people of the state; but it is a question of vast concern whether myself or any other citizen shall be permitted to come out before the people and seek their suffrage for official preferment. No friend of mine has asked that any favor or advantage be shown to me in the contest. All we have asked is that the choice of a candidate for governor shall be submitted to the people and decided by their votes.

"I am advised that some wealthy gentlemen, for reasons unknown to me, have thought proper to demand my political head as the price of their fealty to the party. The reason for such a demand does not appear on the surface and remains veiled in mystery. It is not for me to conjecture why the demand was made and acquiesced in. Under the circumstances, however, I would be lacking in a proper appreciation of the duties of the American citizenship if I failed in standing for a principle that is dear to every Pennsylvanian—that is to say, that each man shall have a fair chance in an open field before the people on any question in which the public has an interest.

"I want to see the factional differences of the past four years wiped out forever, and no one will rejoice more than myself when the words 'stalwart' and 'insurgent' shall be taken out of the political nomenclature of our state and all shall be known as 'Republicans,' interested in the success of their party."

ACTION IN MISSOURI.

Ouster Proceedings Filed in Supreme Court to Prevent Meat Trust from Trading in State.

JEFFERSON CITY, May 9.—Attorney General Crow tonight filed in the supreme court ouster proceedings against the Armour Packing Company, the Hammond Packing Company, the Cudahy Packing Company, Armour & Co., and the Krug Packing Company for alleged violations of the state anti-trust laws in combining to fix and maintain prices and to control the supply of dressed, cured and smoked meats and lard in Missouri. An alternative writ was issued, returnable May 31.

The information alleges that Nelson Morris & Co. of Kansas City and Schwartschild & Sulzburger of Kansas City are in the combination, but as they are co-partnerships it will require another kind of proceeding to reach them. This will be filed immediately by the attorney general.

The proceedings are the result of inquiry this week before Judge Bergs, where evidence was secured from butchers and dealers. United States Attorney General Knox telegraphed Attorney General Crow today for a copy of the evidence and he will furnish it at once.

FATAL CUTTING LAST NIGHT AT THE SCHENLEY

Long Knife Plunged Into Bowels of Chef Dunstetter.

THEY DISPUTED OVER THEIR WORK

A stabbing affray took place in the kitchens of the Hotel Schenley about 11 o'clock last night that will probably result in a charge of murder being lodged against Hector Mercier. The man he stabbed is named Joseph Dunstetter.

The weapon used was a long, ugly-looking butcher knife, with a blade one and a half inches wide. Mercier plunged it into Dunstetter's bowels on the right side of the abdomen, on a line with the navel. It penetrated about five inches and is believed to have passed through the unfortunate man's liver besides severing some of the intestines.

Dunstetter was at once removed to a hospital and at 8 o'clock this morning it was not thought that his recovery was possible. Mercier was arrested in the grounds of the Hotel Schenley almost immediately after the cutting by Police Inspector Henry Whitehouse and locked up in No. 4 police station, Oakland. He admitted doing the cutting.

Mercier is a French-Canadian 22 years old and lives on Boquet street, in Oakland. He has been employed at the Hotel Schenley as the butcher, or cutter-up of meats, only one week. Dunstetter came to the Schenley from New York as a chef three weeks ago. He is a large man, weighing about 270 pounds, a fact that adds to the seriousness of his condition.

Late last night Dunstetter went to the room where Mercier was engaged in cutting up meat and took him to task for the manner in which he was cutting the steaks. Mercier took exceptions to what Dunstetter said to him, and one word followed another until Dunstetter raised his hand and gave Mercier a hard slap in the face.

The fury of the French-Canadian, already aroused, flamed forth at this assault, and picking up his long knife he made a lunge. The point reached its mark and passed on in with a sickening, gurgling sound.

Dunstetter threw up his hands and fell in a heap crying for help. Mercier gazed in a dazed manner at the fallen chef, the knife having dropped to the floor as he withdrew it from the wound, and then slipping on his coat passed out into the night.

Word of the affair was at once telephoned to No. 4 station and Inspector Whitehouse, who was first on the spot, had no trouble in finding Mercier outside the hotel.

EXONERATING BRITISH.

Attorney General Knox Decides That Neutrality Laws Have Not Been Violated in Louisiana.

WASHINGTON, D. C., May 9.—(Special.)—As a result of the consideration by the attorney general of the report of the investigation made by Lieut. Col. Crowder of the army, Secretary Hay will make the announcement that the British government is not violating the neutrality of the United States.

Apparently Boer sympathizers anticipate this will be the result of the investigation, for Boer clubs in Philadelphia and elsewhere have been sending dispatches and letters to the attorney general reiterating the charges that the British are not observing the policy of neutrality of this government. These communications will be answered by the attorney general.

THE DOG AND THE ACTRESS, AFTER SOME TROUBLE, ARE PROMISED A SWELL SUITE AT A SWELL HOTEL

Pinkey-Pankey-Poo, the dog, and Mrs. Patrick Campbell, the actress, will spend next week at the Hotel Schenley. The arrangements for the entertainment of Mrs. Campbell and the dog were finally closed yesterday, on the promise of A. Toxen Worm, Mrs. Campbell's representative, that the matter would be given no publicity.

When Mrs. Campbell's representative approached the hotel people and asked for accommodations for the actress and her dog a protest is said to have been raised by several guests of the hostelry against allowing her dogship to stay at the hotel.

Only one dog has ever been admitted to the Hotel Schenley. This canine is owned by one of the most prominent society women of Pittsburgh and has been living at the hotel since the house was opened. When the Schenley management hesitated to admit Mrs. Campbell and her dog, Mrs. Campbell's representative called attention to the fact that a dog already lived at the house and the hotel people were in a quandary.

A. Toxen Worm argued that Pinkey-Pankey-Poo was entitled to consideration, and after holding the matter under advisement for several days the management finally consented.

Mrs. Campbell and Pinkey-Pankey-Poo will occupy the swellest suite in the Schenley. It is located on the second sleeping floor and is known as the "Queen" suite. It is the same set of rooms occupied by ex-President Grover Cleveland and Mrs. Cleveland, and other notable persons on their visits to Pittsburgh. The coming of the dog was the main topic of conversation in the hotel lobby last night.

UNDERGROUND ARMY ORDERED TO CEASE WORK

Anthracite Miners Will Decide Wednesday Whether or Not to Continue the Struggle Against the Operators.

RESPONSIBILITY IS LAID UPON WORKMEN'S SHOULDERS

[SPECIAL TELEGRAM TO THE GAZETTE.]

Scranton, Pa., May 9.—The miners' executive committee tonight, after a three hours' session, referred the question of strike or no strike back to the miners themselves. Meantime the committee ordered work stopped at all of the collieries in the region until this question can be decided by a new delegate convention which is called to meet at Hazleton on Wednesday next. The order to stop work is to take effect on Monday. On that afternoon all the miners' local unions in the anthracite region are to meet, discuss the strike question, and then elect delegates to the Hazelton convention fully as instructed to vote for or against a strike.

It is more apparent today that the miners' officials and committee were seeking by every means at their command to evade the necessity of ordering a strike and at the same time do that which would win and hold public sympathy. Twice President Mitchell was called to hold conversations over the long-distance telephone, once with Senator Hanna.

After the declaration of the Shamokin convention of March last naming the executive committee to order a strike at the most opportune time, it was not clear to anyone just how the miners were going to get out of the dilemma after the operators had refused to treat further or submit to arbitration.

Responsibility Is Shifted.

The proclamation of tonight is regarded as a very clean stroke of diplomacy. It shifts the responsibility back to its original source, the miners themselves, and is further notice to the operators that there will be a strike unless some little concessions are granted.

The belief is held here that the time for concessions and harmony is not past, and that when the operators see the miners in a body lay down their tools and close every colliery in the region they will recognize the gravity of the situation and submit to arbitration.

There is one phase of the situation which has not been made clear, and that is the wide range of the argument used by the miners in discussing their demands at the present time. They assert that if a strike comes it will not only affect the anthracite interests, but that it will involve every great trust and aggregation of capital in danger if not ruin. They build their hopes on shaking the whole fabric of industrial combination. Once they start a decline in the industrial stock market, they argue that they will make it a permanent slump by calling out all branches of organized labor to their support.

Have Faith in M. A. Hanna.

The other side to this question of cessation of work from Monday until Wednesday, at least, is the probable action of the coal operators. The action of the men is more or less arbitrary, and if the mine owners should take an extreme view of it and force the issue, as some assert it is their desire to do, they might order a lockout and refuse to let the men go back to work after Wednesday even if they wanted to, thus putting the miners at once on the defensive. This, however, is not seriously considered by the miners, who say that the demand for coal is too great at this time for the operators to resort to such tactics. The faith of many here still holds firm to the hope that Senator Hanna will yet be able to control the situation in the interests of peace through J. Pierpont Morgan; that before the strike actually begins, before even the temporary cessation of work occurs on Monday, the National Civic federation will have taken hold of the subject.

At 4:30 the committeemen assembled and remained in session until 7:30 o'clock. When the session concluded President Mitchell prepared a statement and assembling the newspaper men at the St. Charles hotel read to them as follows from a typewritten paper:

President Mitchell's Proclamation.

To the Anthracite Mine Workers of Pennsylvania:

Gentlemen—The executive committee of the Anthracite Mine Workers who were delegated by the Shamokin convention to represent you in the negotiations with the railroad presidents and mine operators for the purpose of obtaining increased wages, shorter hours and better conditions of employment, have exhausted all peaceable, conciliatory and honorable means at their command and have failed to secure any concessions of a tangible nature, and while under the resolutions adopted by the Shamokin convention, authority was vested in the executive committee, should they fail in the negotiations to inaugurate a strike at whatever time, in their judgment, held out the greatest promise of success, the committees, after three days' serious deliberation, feel that in justice to the anthracite mine workers and those dependent upon them, before a general strike is inaugurated, the question should be further considered by a delegate convention in which representatives from the various local unions shall be fully instructed by their constituents and prepared to vote in favor of or in opposition to a complete cessation of work.

Final Decision at Hazleton.

In the meantime all persons employed in or around the collieries, strippings, washeries and breakers are instructed to temporarily abstain from working, beginning with Monday, May 12, and continuing thereafter until a final decision is reached by a delegate convention, which will convene Wednesday morning, May 14, at Hazleton, Pa.

The basis of representation in this convention shall be one vote for each 100 members and one vote for each additional 100 members, or majority fraction thereof.

The executive committee recommend that special meetings of all local unions be held on Monday afternoon, May 12, for the purpose of selecting delegates and considering the question involved, and it is especially recommended that specific instructions be given to delegates as to how they shall vote on the proposition to inaugurate a strike or continue work under present conditions.

The instruction for all men to suspend work on Monday does not include firemen, engineers, pumpmen and other labor necessary to preserve the property of the operators.

The order is signed by all the district presidents and secretaries.

There was a big crowd about the St. Charles when the order was given out and the proverbial dropping of a pin would have been audible at any time. President Mitchell, standing in the center of the crowd on a chair, read the statement.

Miners Will Obey the Order.

Immediately upon the conclusion of President Mitchell's reading the crowd scattered and in an incredibly short space of time the news had spread by word of mouth and message all through the valley. A thousand varying comments might be heard from the miners as they learned of the committee's action. No one sentence could cover the general sentiment.

"There is not a particle of question but the miners will religiously obey the order and that on Monday next not so much as a shovelful of coal will be mined in the Lackawanna valley.

PENNYPACKER BOOM IS UNDER INSPECTION

Senator Quay Visits Philadelphia to See How Things Are Going. Talk of Col. Moody.

By CHESTER D. POTTER,
Staff Correspondent.

PHILADELPHIA, PA., May 9.—Senator Quay looked over the Pennypacker gubernatorial boom today. He declined to discuss it for publication. The senator arrived from Washington this morning. Insurance Commissioner Durham met him at the Hotel Stafford and the two had a long talk. This afternoon Col. Quay had a large number of visitors, some coming from Pittsburgh, and many western and central counties were represented.

Friends of Judge Pennypacker assert that his nomination is a certainty. No less confident are the supporters of Col. L. A. Watres, Mr. Elkin, too, predicts his own success without reservation. Outside the following of those mentioned there is a large number of onlookers who take nothing for granted, especially in state politics, and they are keeping their eye on ex-Senator J. Donald Cameron and others who have not yet been pushed into the foreground of probabilities.

Telegraphic advices from Pittsburgh this afternoon and tonight report a healthy gubernatorial boom for Col. Samuel Moody of Beaver, passenger agent of the Pennsylvania railroad, a lifelong friend of Col. Quay. When shown the dispatch by The Gazette correspondent tonight Senator Quay laughingly remarked:

"I am for Sam. Everybody is for Sam, but he won't accept the nomination if tendered him."

Probably the most important development today was the withdrawal of State Senator William C. Sproul of Delaware county, who had been indorsed for governor and the delegates of his county instructed to support his candidacy at the state convention.

Following out the wishes of Senator Sproul the Delaware delegation, which is composed of seven delegates, met tonight, passed appropriate resolutions on Sproul's withdrawal and then indorsed Judge Pennypacker.

J. N. PEW OUTLINES PLANS OF COMPANY

Says That Corporation Will Ask for Franchises to Furnish Heat, Light and Power.

J. N. Pew, president of the Peoples Gas Company and chief promoter of the City Electric Company, the corporation that proposes to compete with the Philadelphia Company, tells of the plans of the new concern. Aside from competition in lighting, the Philadelphia Company may have to fight a new trolley line.

Mr. Pew returned from the east yesterday and is ready to make a fight for the necessary franchises to put his company in shape to go after the electric lighting business. He says it is possible that he will enter Allegheny. He is sanguine that Pittsburgh councils will grant the necessary franchises and expects to secure them without much of a contest.

The City Electric Company, as the Philadelphia Company's competitor will be known, was chartered several months ago. Mr. Pew is the prime mover, but says that he will have a number of prominent Pittsburghers associated with him. At present he does not care to give the names of his partners.

"In a short time," said Mr. Pew last night, "we will erect a plant to furnish light, heat and power throughout the whole city of Pittsburgh. The new company will be organized along the lines of the Peoples Natural Gas Company. It will start with a capital of $1,000,000. Only common stock will be issued. It will be placed upon the market. There will be no bonds.

"Ordinances granting franchises in Pittsburgh will be asked for. I am of the opinion that they will be passed without much opposition. It may be that we will also enter the Allegheny field, but that will be a matter for the future. As yet there is no intention to furnish power for traction lines."

The last sentence of Mr. Pew's statement might be construed to mean that later it is the purpose of the new concern to get into the railway business.

NOVEL PLAN TO BEAT BEEF TRUST

Farmers living near Wilmerding, and the Civic club of that place, have planned to outwit the meat trust. They propose to start a curbstone market next Monday, at which will be sold all kinds of vegetables at reasonable prices. The promoters of the enterprise will endeavor to make vegetarians out of the people for the time being.

ANDREWS HOPES TO BAG A SEAT IN THE SENATE

Man of Many Residences Expects a Toga if New Mexico Is Given Statehood.

IN WASHINGTON TO LOBBY

Has Territorial Republican Chairman on His Staff and Will Probably Be Able to Make a Successful Deal With His Opponents.

William Henry Andrews of Allegheny and Titusville, Pa., and of Andrews, N. M., was a passenger for Washington last night. He is going down to the capital to see that New Mexico secures statehood. If successful he will go back to the land of coyotes, alkali dust and sage brush, hopeful that the legislature will elect him a United States senator.

If congress does its share, there is a likelihood that the New Mexico legislature will do the rest. The ex-state senator has been playing politics down there for several years and, according to stories which drift back to Pennsylvania, the "colonel" is consulted on all things political in connection with the territory. Just now he is a member of the territorial committee appointed to see that statehood is secured. Andrews has made several visits to Washington this winter, but much will depend upon his success this time. Congressman Grosvenor of Ohio and some others are disposed to shut out New Mexico. Some other statesmen want to link Arizona and New Mexico together and thus bring them into union. The latter proposition does not meet with the approval of the man of many residences.

Dressed to Suit the Occasion.

Col. Andrews was dressed last night, so far as headgear is concerned, to suit the occasion. He wore a wide-brimmed white hat, not of the "greaser" style, but of the sort fitting a dashing western promoter. Andrews is a promoter and has been one for years. Just now he is building railroads across the territory. Previous to his hitching up in this class of enterprises the "colonel" operated a gold mine.

It was as the president of the Philadelphia Mining & Milling Company that Andrews made his advent in New Mexico. Just to get a location on the map he founded the town of Andrews. The gold mine was operated for several years and then the senator was heard of as a railroad promoter. One day he was asked about the mine. He remarked that he was still interested, but had allowed some others to acquire a controlling interest.

The "colonel" has become acquainted with all the leading Republicans in the territory and has not overlooked the Democrats. It is understood that the chairman of the territorial Republican committee is for Andrews for senator. There are other candidates, but fortunately for the senator most of them come from the north end, while he is the one aspirant in the south who is looked on with favor.

Able to Make a Deal.

The senator is an adept at dealing and it is probable that he has "fixed" up with the northern end in return for votes. The legislature has a membership of about 40 and the "colonel's" long experience with legislatures has taught him that a small house is easier to handle than a large one.

In 1886 Andrews became chairman of the Republican county committee of Crawford. He suited so well that they kept him in that office for six years. In 1888 he was elected state chairman and held the position for three terms. In 1889 he entered the house and broke in there again in 1893. From 1894 to 1898 he represented Crawford county in the senate.

After Andrews retired from the state senate he bought a house in Allegheny and has made that city his voting residence ever since. In 1900 the senator became a candidate for assemblyman in the First Allegheny district. The county has never known such a campaign. It was the battle of the "colonel's" life. The county was raked for votes on the day of the primaries. Andrews was backed by Mayor James G. Wyman and fought the entire city hall machine. They raised the home rule cry and the cash. Andrews went down. Some friends wanted him to contest. He replied:

"Not on your life! We tried to fool them, and they fooled us. The fight is over."

His New Mexico Campaign.

It was soon after this that Andrews began to map out his New Mexico campaign. At the national convention of both parties planks were inserted pledging Republicans and Democrats to give New Mexico statehood. Since then the fight has been kept up. The senator is a friend of President Roosevelt, having helped to nominate him vice president, and he participated in a reunion of the "Rough Riders" down in the territory. He has renewed acquaintance at the White House and if congress passes the bill the would-be senator from New Mexico is confident of the measure being approved.

FORTY THOUSAND PERISH ABOUT THE CITY OF ST. PIERRE

Continued from First Page.

sel has come to Guadeloupe for provisions and will leave at 5 tomorrow."

This dispatch reached the state department from Consul Ayme: "Communication with Martinique by telegraph is interrupted. I am unable to communicate with the island. According to information I received, a great many people were killed there by earthquake. There are frequent earthquakes at Guadeloupe."

Appeals were received by the state department from persons living in New York, who have relatives and interests in Martinique, that warships be immediately dispatched to the island to render assistance. Secretary Moody and Rear Admiral Taylor considered this morning the advisability of ordering a vessel to St. Pierre, but it was decided not to take action until the full extent of the disaster is known. The ocean-going tug Potomac, stationed at San Juan, probably will be ordered tomorrow to sail for St. Pierre. She is under the command of Lieut. McCormick. The only other vessels the United States has in the Caribbean sea are the Cincinnati, which is at Santo Domingo; the Yankton, at Cienfuegos, and the Eagle and Vixen at Havana. The governor of Porto Rico will be ordered to send relief should it be needed. Naval officers say, however, that as Martinique is fertile there probably will be no need for food supplies, though money will be useful for the re-erection of homes and the purchase of clothing for the people.

Thomas T. Prentiss was the consul and Amedee Testart vice consul at St. Pierre. Mr. Prentiss was born in Michigan and appointed into the consular service from Massachusetts. Mr. Testart was born in and appointed vice consul from Louisiana. Mr. Prentiss is about 60 years of age. He entered the consular service in 1871. He was sent to Martinique in May, 1890. Mr. Testart entered the service in 1898.

AMERICAN SHIPS LOST.

Owners and Agents of Several Vessels Anxious About Them.

NEW YORK, May 9.—The New York agents of the Quebec Steamship Company received a cable dispatch this afternoon from St. Lucia saying the Roraima was lost in the earthquake eruption last night. There was milling machinery on the Roraima, the property of the Red Cross Steamship Company, to the value of $22,000.

L. W. & P. Armstrong, who own the steamship Talisman, received a cable message from St. Lucia, which said no communication could be obtained with St. Thomas except by sailboat. The Talisman left for Barbadoes on April 17, and her owners thought that perhaps she had been affected by the earthquake, but no report of her loss has been had.

BOSTON, May 9.—The Portland schooner Anna E. S. Morse, Capt. Parker, arrived at St. Pierre, Martinique, April 24, from Philadelphia with a cargo of coal, and fears are expressed in shipping circles here for her safety, as she is supposed to have been there at the time of the destruction of the city.

SENATOR M. S. QUAY COMING WEST AGAIN

Will Be at His Beaver Home a Week. To Look After State Delegates.

Senator M. S. Quay will be in Beaver tomorrow. He may come to Pittsburgh today. If not he will go through from the east to his home tomorrow morning.

Col. Quay will spend next week in Beaver, remaining there until after the primaries next Saturday. The hardest fight on hand in Beaver county is for assemblyman. There are two to elect, and three candidates. Representative Kennedy of New Brighton will be given a second term. The contest for the other place is between Ira F. Mansfield of Beaver and John T. Taylor of Monaco. Mansfield has had several terms in the house. It is thought that he is opposed to the re-election of Senator Penrose, but so far he has not made a public statement regarding his position.

Quay will also devote considerable time to checking up the delegate fights in the western counties. Armstrong will elect today. Beaver, Crawford and Erie will elect next Saturday. The last three will return anti-Elkin delegates. Both sides are claiming one votes in Armstrong. The three delegates will not be instructed.

There will likely be a round-up at Sixth avenue headquarters this afternoon. County Recorder George M. Von Bonnhorst, who has been in the east all week, will be home. M. G. Leslie has also been in Philadelphia, getting a line on the state situation. If there are to be any changes in the county or legislative slates the question will no doubt be decided today. The congressional ticket may also be completed.

Congressman S. M. Jack of Indiana, one of the Elkin managers, is in Pittsburgh, but says his visit has nothing to do with the Allegheny county delegation. Mr. Jack is confident that Elkin will be nominated for governor, but says it would be too tedious to give a diagram showing how the feat can be accomplished. He predicts that Elkin will get many of the uninstructed delegates and says there will be an Elkin victory in Armstrong today.

THE WEATHER.

Warmer.

The only excuse the weather man could give for yesterday's chilly atmosphere was that he fell asleep at the switch after receiving the public approval for side-tracking the heat wave early in the week. While resting in sublime confidence that at last this weather making was of the proper kind, a chilly visitor crept in on him and he awoke with a start, but too late to evade the frost, which will be here this morning. To regain its lost standing in the estimation of those who yesterday rode in open cars, and other who have already planted flowers, promises to bring sunshine and warmer weather today.

IMPROVEMENTS ARE PROMISED BY MONOPOLY

Antiquated South Side Cars Will Soon Be Taken Off.

NEW OPEN CARS COMING

In Allegheny Many Lines Are Being Rebuilt and New Ones Constructed and Others Are Projected for the Near Future.

Improvements planned by the Pittsburgh Railways Company for its traction lines in and around the two cities are being rapidly carried to completion. New cars are supplanting those on the Pittsburgh lines, and before the end of the month the long-promised new open cars will be in service on the principal lines in this city. They are to be the biggest ever seen here. Another crying nuisance is also to be remedied. The antiquated cars of the Pittsburgh and Birmingham company running crosstown and to the hilltops and South Side are to be replaced by the present equipment of the Consolidated lines. These cars are worn out and have long been an eyesore. The noise they make has caused angry South Siders to make bitter complaint, because they have been awakened at night almost every time a car passed within two squares of their homes.

In Allegheny the tracks and roadbed are being improved and the system greatly enlarged. Construction work has already been begun on the line out East street and it will be continued to the junction of East street and Perrysville avenue. It will open up for city dwellings a large amount of property on that thoroughfare.

Another Connecting Link.

A line will also be built on the Evergreen plank road that will connect the Perrysville avenue and East street district with Millvale and Etna.

On Marshall avenue a double-track line is to be built connecting the Perrysville and California avenue lines. This will give long needed accommodation to Marshall avenue residents and cause a boom in real estate along that thoroughfare. It will also provide a loop for the two lines and give through service to Pittsburgh. The ordinance giving the franchise for this line was approved last night by the corporation committee of Allegheny councils.

The company is relaying a large portion of its tracks along Anderson, Lacock and Sandusky streets. The tracks along East park, down Union avenue and Anderson street are now being traversed by cars going to Pittsburgh. The tracks out Second avenue and on Carson street, West Side, are also being relaid.

Has Several Other Franchises.

For the Allegheny lines yet unbuilt the company has franchises over Superior and Shady avenues, in the Eleventh ward; along Cedar and Church avenues, in the Fourth and Third wards; on the Evergreen plank road, on Howard and Middle streets, another for the Brighton road, in the Eleventh ward; one for Nunnery Hill, in the Twelfth ward, and one for the Fourteenth ward, running to Reserve township. These lines must be completed by August, or the franchises lapse.

The Pittsburgh Railways Company has been granted the right to cross with its tracks the property of the Westinghouse Airbrake Company at Wilmerding, for the purpose of forming a loop for the traction lines between Pittsburgh, Wilmerding and McKeesport. A high trestle will be built over the Westinghouse property and also the Pennsylvania railroad at Wilmerding. This will take the traction line from the upper side of the Pennsylvania road to the lower side and will connect it with the McKeesport line.

Will Continue Strike.

The journeymen carpenters in mass meeting at Old City hall last night voted by a large majority to continue the contest for a wage rate of $3 50 for the eight-hour day. It was long after midnight before the result of the ballot on the question was counted. It showed 1,811 votes for and 57 against a continuance of the contest. The mill men voted 251 for and 40 against the continuance of the demand for $3 50 for a nine-hour day. A compromise offer of the Master Builders' association was read and considered before the vote.

Distress After Eating

Nausea between meals, belching, vomiting, flatulence, fits of nervous headache, pain in the stomach, are all symptoms of dyspepsia, and the longer it is neglected the harder it is to cure it.

Hood's Sarsaparilla and Pills

Radically and permanently cure it—strengthen and tone the stomach and other digestive organs for the *natural* performance of their functions.

Accept no substitute for Hood's.

"I had dyspepsia twenty-five years and took different medicines but got no help until I began taking Hood's Sarsaparilla. Have taken four bottles of this medicine and can now eat almost anything, sleep well, have no cramps in my stomach, no burning and no distress." MRS. WILLIAM G. BARRETT, 14 Olney St., Providence, R. I.

Hood's Sarsaparilla promises to cure and keeps the promise.

WITNESSES WERE UNABLE TO ATTEND

WATER INVESTIGATING COMMITTEE MADE LITTLE PROGRESS.

Complaints Filed Against Service of Monongahela Water Co. on the South Side—Engineer Finley to Represent Controller Larkin.

But little headway was made yesterday by the Pittsburgh councils committee investigating the water supply. Three important witnesses, P. Ridge of the Keeling-Ridge Company, contractors; E. E. Anderson, foreman in charge of the work at Highland reservoir No. 2, and O. A. Waggoner, mechanical engineer for the Carnegie Steel Company, who inspected the Brilliant pumping station recently, were unable to be present. It is expected they will appear at Monday's meeting.

Assistant Fire Chief James Stewart of the South Side told of the condition of the water supply as furnished by private companies on that side of the river. He said that on several occasions a shortage of water had been experienced at fires. He thought there should be more plugs, at least one at the corner of each square.

W. J. Kempler told of his experience with the Monongahela Water Company. He said he owned property on Carson street and when he tried to connect with the water main his plumber told him the pipes were in such bad shape that a connection could not be made that would not leak. He exhibited a painting representing a portion of Carson street, which he claimed showed the condition of the street from leaks in the mains. The picture showed a street car passing through water, throwing waves to the curb line. He admitted that he had been sued by the Monongahela company for failing to pay his water rent, but had, by the advice of his attorneys, settled the case. He declared the water was not fit for domestic purposes, and said if the city purchased the plant 350,000 people would be robbed.

Frank S. McCurty wanted information regarding what he considered excessive rates charged by the Monongahela company, but was told that the matter should be determined through the courts.

Supt. A. B. Shepherd of the bureau of supply and distribution was asked regarding the charges made by Engineer Charles A. Finley at the last meeting of the committee that he had trouble in making the Keeling-Ridge Company work according to specifications. He said that the engineer had reported the trouble to him, but that when the contractors' attention was called to the matter they had complied with specifications. He was asked about the defective stone work, and said it had not been removed up to two months ago.

Charles A. Finley has been appointed to represent Controller John B. Larkin as engineer at Highland reservoir No. 2. His services will cost the city nothing, as interested business men will pay his salary. It was upon information furnished by Finley that Controller Larkin held up the estimate for the April work. Finley was in charge of the reservoir under Director E. M. Bigelow, but as soon as the machine crowd took hold again Finley was removed, and it is said that his removal was demanded by the contractors.

CHAUNCEY PIANOS

The Chauncey pianos are such favorites in the homes hereabout that the name has come to signify satisfactory music.

No piano ever constructed has afforded more real pleasure to the entire family.

The beauty about the Chauncey pianos is that they are not only sweet-toned, but they are made so substantially that they withstand the rigorous usage to which children invariably subject an instrument.

Come in and hear the Chauncey—and bring the children along.

A BOSTON LADY

Is Marvelously Restored to Perfect Health.

Paine's Celery Compound

Was Her Deliverer from Nervous Prostration, Insomnia, Mental Depression, and Weakness of Her Digestive Organism.

A Special Message of Comfort for Sick and Despondent Women.

Mrs. F. L. Bernhardt, 382 Newbury St., Boston, Mass., found herself in an extremely perilous condition of health after a surgical operation. Her touching story, written for the benefit of other sufferers, is as follows:

"It is with a feeling of extreme gratitude and thankfulness and a humane desire to benefit others that I write out my own experience in the use of Prof. Edward E. Phelps' wonderful preparation called Paine's Celery Compound. Owing to a fall from a horse several years ago I became a nervous invalid and last year I entered a hospital, where I was operated upon by a famous New York surgeon.

"The surgical operation was successful, but nervous prostration followed. A summer in Newport with the best medical attendance failed to restore my nerves to their normal condition. I was absolutely unable to digest any solid food and this weak condition of my digestive organs, combined with insomnia, caused the deepest depression. A constant tenderness and soreness in the region of my stomach with a dull headache and extreme weakness created a feeling of helplessness from which I was unable to rise.

"It was in this melancholy frame of mind that I chanced to meet a Boston lawyer who said to me: 'I was in almost the condition that you are now in, and after spending hundreds of dollars without receiving any benefit I was induced by a friend to give Paine's Celery Compound a trial, which I did, and it cured me completely when everything else had failed.'

"I was rather skeptical about trying a patent medicine, but I ordered a bottle from my druggist and began to take it according to directions. Much to my surprise I slept soundly at night and did not awake in the morning with the usual dull headache. Then, too, I developed an appetite for solid food, and soon I was able to digest a course dinner without any unpleasant sensations. I am now completely restored to health after about two months' use of the Compound.

"Sympathizing with all who may be suffering as I did, I take this method of reaching strangers, after writing personal letters to my particular friends."

JOSEPH HORNE CO.

Weather—Fair. Saturday, May 10, 1902.

Choice, Dainty, Exclusive Feminine Neckwear.

Admirably expressive words for the new creations ready today exhibited in the broad variety necessary for the large following of this department.

New French Neckpieces (can be had nowhere but here), $1.50 to $10 each.

Lace Collars—for finishing children's coats they produce pretty effects—$1 to $25.

Washable Stocks, 25c to $4.

New Washable Croats, 50c to $1.

Mull Ties in hand-drawn work, 20c to $4.

Handkerchief Stocks, all colors, 50c.

Turn-Over Collars, 15c to $2.

Avery chic and low-priced washable Automobile Tie—silk embroidered, 25c. Cannot get them fast enough.

Of Boas everything we ought to have. Best examples of Liberty Silk, Net and Ostrich Feather. The least expensive as well as very finest.

Shirtwaists—Special at $1.

We place on sale today what we believe to be the best value in Waists ever shown in Pittsburg.

This collection is absolutely perfect in every respect. The Waists are the production of the best makers in America.

The materials used are in-grain ginghams, fine madras, cheviot and sheer materials. Almost every wanted style and color is included.

Former prices of these garments were $2, $2.50 and $3.

Women's Pure Linen Handkerchiefs, 12½c Each.

Generally when linen handkerchiefs sell for two bits they are "seconds."

These 12½c handkerchiefs are the pick of the pile as it comes from the looms—not a blemish on any one.

Each handkerchief is hemstitched—choice of three hems, ¼, ½ and 1-inch.

But for something real neat and dainty we commend our lace trimmed pure Irish Linen Handkerchiefs selling for 25c. One, two and three rows of insertion, with lace edge Van Dyke points; insertion; across corners, and dozens of other attractive styles.

Three Specials in Pongee Parasols for Today.

The demand for Pongee Parasols has gone over among the Summer crazes.

Pongee Coachings — straight sticks, white ribs, finished nicely—$1.50 each, a $2.00 grade.

Pongee and Grass Linen Parasols, lined with light blue, pink, green or tan, $3 each.

Pongee Parasols in tucked effects—best quality Pongee, 7 tucks around parasol—$3.50 each.

Celluloid Dressing Combs, 10c Each.

Imitation shell — the kind that sell for 25c.

It comes about that we can sell them for 10c because we bought what storekeepers call a "job"—or a manufacturer's overproduction. 'Tisn't very often that so good a comb is offered for 10c.

Two Items in Notions.

Black and white silk Shoe Ties—quite the fad—20c, 25c and 30c a pair.

Silk Hose Supporters at exactly Half Prices. Slightly soiled from being shown on counters.

Children's Millinery.

Tams, the favored youthful style, 75c to $1.50.

Any amount of other styles—just as inexpensive.

Women's Fabric Gloves.

The Kayser Silk Gloves—kind that the tips outwear the glove—are in. Lots of other gloves besides. And Lace Mitts, now so very fashionable—they're here in variety.

2-clasp Suede Lisle Gloves—mode, tan, gray, white and black—25c, 50c, 75c pair.

2-clasp Kayser Silk Gloves—double tip finger ends—gray-mode, tan, white and black—50c, 75c, $1 a pair.

Lace Mitts in elbow lengths—white and black — $1.50, $2.50, $3 and up to $6 a pair.

Real Lace Mitts from $25 to $75 a pair.

Women's Lace Mitts for street wear—black and white—$1.75 a pair.

Women's Tan Covert Jackets.

Just as likely as not to have this coolish weather clear into June, so what is quite so nice to have among your belongings as a neat, light Covert Jacket?

Just received some new tan Jackets of a very light covert cloth, lined throughout with self-colored Taffeta — 19 inches long—seams, collar and bottom; finished with five rows of stitching — bought specially to sell for $15.

We have a generous lot of those little 19-inch Jackets in tan covert; comfortable and wonderfully dressy. Finishes of tailor stitching and strapped seams. Some of the Jackets have velvet collar, some cloth collar. $10, $12.50, $15, $18 and up to $28.

New Things at the Perfumery Counter.

A new Talcum Powder—our own manufacture. Comes in glass jars, 15c the jar. We are back of it with a full guarantee for perfection.

Perfumed Sea Salt—in bottles. Retains its odor. Very fragrant.

Small Bottles, 25c.
Large Bottles, 50c.

Veilings.

A reflex of what Paris says is the most correct style, and the materials she most approves of.

Tuxedo Veilings—plain and dotted—25c a yard up to $3.

Drapes, or long veils—1¼ to 2½ yards long, 50c to $5 each.

A long story told in a few words.

Dolls' Perambulators.

Something new — English Perambulators for dolls, selected in London by our toy buyer recently back from his European trip.

Cute as can be and quite inexpensive.

First time such a vehicle for dolls has been shown in Pittsburg.

Bring the little girls today and run up to the sixth floor.

What would William Penn say if he could stand beside his descendants at Hughey Farm and see what modern enterprise is doing to convert this old stamping ground into Greater Pittsburg's choicest residential section!—where three Traction Lines will converge!

There's no question but what he would see that

HUGHEY FARM LOTS HAVE THE CALL!

This is the way the property lies! You can see the great cities below!

Every lot is a double-size lot! Every lot is right in the spot that has the marvelous future!

Look at the grand view you get! Think of how investors who get in now will double and treble their money the moment the next track is laid!

Catch a Mt. Lebanon Hill Top Car! It goes direct to the property in 25 minutes!

Come this morning! Come to-night! Take a pleasure trip to the Plan Sunday!

New Tunnel Traction Service and Extension of Present Line to Charleroi

will make this vast expanse of beautiful territory, which is just on the verge of mighty development, the home district to which the younger generation will look with eager eyes—it's the new property that will carry refinement—the second Squirrel Hill—will be first cousin to the East End, if it doesn't step ahead of her in relationship of quality.

The grand new extension of the present Traction Line to Charleroi will go through Monongahela City and all the great manufacturing towns of the Monongahela Valley. This line will pass the very doors of the people who buy lots and live on Hughey Farm. That makes the property just the cream proposition for men who work on the South side and along the Monongahela river. It gives them a beautiful place to live, nestled in Nature that's picturesque and cannot be found by the side of the great mills, where more than 150,000 skilled workmen are now living.

In fact, all you need do to learn how fast any investment you make in Hughey Farm will grow is to look how the Hill Tops are building up and increasing in value—how the populous city is pressing out in this direction, influenced by the Traction service now in effect and the other lines that will be built.

The most remarkable improvement of all is unquestionably the Great New Tunnel Traction Line that will go through Mt. Washington Hill, and take passengers from the Fifth Avenue and Smithfield Street corner to Hughey Farm in less than 15 minutes. Capitalists have bought thousands of acres in this neighborhood, and are making preparations of matchless magnitude to have the New Tunnel Electric road brought up to a standard which will go beyond anything in the way of high-speed service and comfort-giving coaches that the world has ever known.

We say to you again to get your pencil and figure what you will make from this marvelous concentration of three new Traction lines right at Hughey Farm.

The great Traction Lines' improvements will, in fact, continue giving property in this section a tremendous increase in value.

CLERGY GATHER AROUND THE BIER OF ARCHBISHOP

Over a Thousand Priests Attend Funeral Mass in St. Patrick's Cathedral.

ROBES OF MANY ORDERS

Cardinal Gibbons Sits in Purple Throne—Stately and Magnificent Service for the Dead—Thousands of Persons Around the Cathedral.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, May 9.—The body of the Most Reverend Michael Augustine Corrigan, D. D., archbishop of New York, was interred today in the crypt of St. Patrick's cathedral. The funeral was conducted with all the impressive solemnity and ceremony of the church and attended by a remarkable gathering of clergy. Almost with the break of day crowds began to assemble at the cathedral and when the hour of the funeral arrived a vast multitude had assembled to pay last reverence to the dead prelate.

Inside, on the Gothic altar, six candles were burning and the smoke of incense hung about it. Around the bier where the dead archbishop lay there burned on each side of him a row of candles with a double row in a candelabrum above his head and another double row below his feet. These were the only lights except the blue and crimson bars of sunshine which slanted through the rose window of the sanctuary. Black cloth was hung about the fluted pillars; on the vacant archepiscopal throne there were purple and black and wild laurel tied with red silk. Opposite, on the epistle side, a cardinal's throne had been prepared, all purple. These, with the crepe on the pulpit, were all the signs of mourning.

Priests of Many Orders.

The chimes played and then the bells tolled from the spires, and after that the thousand priests and bishops and archbishops and Cardinal Gibbons filed in, following a boy with a cross, and candle bearers. There were bearded Franciscans in coarse brown cowls with white rope girdles; shaven priests in white lace surplices; Jesuits in dull black; Dominicans in black and white cowls; more priests in lace; bishops in purple; and after an interval the spare, bent figure of the cardinal, in red, and two deacons, in black and gold, a half-pace behind him on either side.

Then there were national guard officers in uniform, and up the south aisle came various officers of the city government, two by two, in black frock coats, bows of crepe on their sleeves. Within the altar rail, priests and bishops and archbishops were arranged in proper precedence, and the cardinal ascended his throne and the attending deacons placed over his red robe white vestments of the mass and on his head the white mitre, and the mass began.

Distinguished Prelates Present.

The archbishops present were Williams of Boston, Feehan of Chicago, Elder of Cincinnati, Ireland of St. Paul, Keane of Dubuque, Chappelle of New Orleans, Christie of Oregon, Kain of St. Louis and Prachel of Montreal. The participating bishops were Maddeon, Coadjuter of Chicago, Horstmann of Cleveland, Richter of Grand Rapids, Scannell of Omaha, Burke of Albany, Quigley of Buffalo, O'Connor of Newark, Gabriels of Ogdensburg, McQuaid of Rochester, Ludden of Syracuse, McFaul of Trenton, Gervey of Altoona, De Oco of San Luis Potosi, Mexico; Shanahan of Harrisburg, Hoban of Scranton, Monaghan of Wilmington, Del., and Donahue of Wheeling, W. Va.

HOME, May 9.—Shortly prior to his death Archbishop Corrigan sent the pope a check for $5000 as a personal gift in connection with the peter's pence.

The correspondent of the Associated Press is informed that it is not likely the successor of Archbishop Corrigan will be nominated at the next consistory, and that probably more than a month will elapse before a decision in the matter will be reached. It is, therefore, probable that a capitulary vicar will be appointed to administer the arch diocese.

PITTSBURGHER'S PERIL.

He and His Fiancee Narrowly Escape Drowning by Capsizing of Their Boat—Both Show Courage.

HACKENSACK, N. J., May 9.—(Special.)—Miss Kathryn Hart, daughter of Comissior Hart, went sailing today with her fiance, Allison Scannel, and both had a narrow escape from drowning. Mr. Scannel, who is employed in the Carnegie works, Pittsburgh, took Miss Hart out on the Hackensack river in the catboat Pollywog. The young man managed the boat all right, but just as he was heading for the dock the rudder broke and the boat capsized.

The young man and woman clung to the side of the craft for a moment, when they jumped into the sail, which was floating on the surface, and seized the mast. This security was only temporary. Being a good swimmer, the young woman was able to reach shore with slight assistance from the young man. Mr. Scannel was handicapped, as he is suffering with a crushed foot, which was recently caught in machinery. He gives great credit to Miss Hart for her nerve, which prevented a more serious termination to their pleasure trip.

Miss Hart and Mr. Scannel are to be married in a few weeks. Mr. Scannel is a graduate of Stevens institute and is especially well known in local baseball and football circles.

ADMIRAL SAMPSON IS LAID TO REST

PRESIDENT AND CABINET ATTEND FUNERAL SERVICES.

Widow Too Ill to Attend the Funeral. Remains Deposited in Arlington Cemetery to the Music of Bugle and Cannon—Dewey and Miles Attend.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, D. C., May 9.—The remains of the late William Thomas Sampson, rear admiral in the United States navy and commander of the United States naval forces on the North Atlantic station during the war with Spain, were today laid at rest. Every department of the national government was represented—the executive by the president and his cabinet and many prominent officials of the civil service; the legislative by senators and representatives; the judiciary by the United States supreme court, and the military and naval services by officers of all ranks. The diplomatic body, accompanied in many cases by their ladies, attended the church services.

The funeral escort was composed of a battery of artillery from Fort Meyer; naval cadets from Annapolis and a battalion of bluejackets.

Upon the arrival of the cortege at the Church of the Covenant the Annapolis battalion formed in open order and saluted as the remains were carried into the church. As many people as the large edifice could seat were assembled in the body of the church. The first pew to the right of the central aisle was assigned to the president and his family. A prominent figure was Lieut. Gen. Miles. There were also Maj. Gen. Corbin and the bureau chiefs of the war department. A notable figure was Gen. Longstreet of the Confederate army.

The president arrived at the church almost simultaneously with the head of the funeral escort. He was accompanied by Secretary Cortelyou and Capt. Cowles, his brother-in-law. The supreme court had meanwhile been seated and within a few moments the soft playing of music by the marine band stationed at the entrance of the church, gave notice of the appearance of the funeral party. Advancing slowly to the words of a psalm delivered by Dr. Tennis Hamlin, the officiating pastor of the Church of the Covenant, the party turned into the main aisle. Behind the clergymen and headed by the admiral of the navy, George Dewey, were Sampson's war captains, or so many of them as are in the United States, and in addition there was Admiral Remey, Admiral Watson and Admiral Walker and many other naval chiefs. The casket was covered with the blue field of the United States flag and banked with crimson roses. Mrs. Sampson was not one of the mourning party, having been compelled by illness to remain at home.

After the service, when the cortege was crossing the bridge toward Arlington, the president's yacht Sylph fired a funeral salute. The burial services consisted of the reading of a psalm, the firing of a salute by a battery stationed outside the cemetery and the playing of the Marine band of "Safe in the Arms of Jesus." After the remains had been lowered into the grave a bugler played taps.

The Tonnesson sisters' picture, "A Good-Night Kiss," will be the first of a series to be given free with The Sunday Gazette, beginning May 18.

THE RIVER INTERESTS.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CINCINNATI, O., May 9.—The river at 6 p. m. marked 12.5 feet. Weather clear and cool. The Jack Frost had her boilers cleaned today and left for the Kanawha at dusk with a tow of empties. The Keystone State left for Pittsburgh at midnight. She was assisted this far by the Adelle, from Rising Sun. The Bill Clark is due early in the morning from Guyan with a tow of coal. John L. Vance, president of the Ohio Valley Improvement association, met the executive board of the body today at the Grand hotel to discuss matters of importance. No action was taken owing to the absence of C. P. Wilson, who is out of the city. The time of the next meeting will not be known until the return of Mr. Wilson. Capt. A. B. French, proprietor of the show boat New Sensation, an old-time riverman who spent more than 50 years of his life on the waterways of the country, died here today of heart failure. The T. H. Davis arrived from the Tennessee river with lumber. The J. O. Cole arrived from Big Sandy with logs.

LOUISVILLE, KY.—River on a stand. Canal, 6.4; falls, 4.2; foot of locks, 11 feet. Business good. Weather clear and pleasant. Packets in and out on time. Sunshine Monday in this afternoon. Fred Dixon and tow left for Pittsburgh at 10 a. m. Island Queen left for Cincinnati at 8:30 a. m. The City of Louisville was inspected at Madison today.

CAIRO, ILL.—The river marks 20.5 feet on the gauge tonight, a fall of 1.3 feet during the past 24 hours. Weather cloudy and cool. A man giving his name as Carl Lowhart and claiming to be a steamboat cook of Pittsburgh, was picked up by the police today and lodged in jail. He died this evening. Examination developed that he was a slave to the morphine habit. He was about 25 years of age and is supposed to have come off the Harry Brown, which arrived yesterday.

Notes of the Rivers.

The steamer Alice Brown is in the vicinity of Parkersburg on her way up the Ohio river.

The towboat W. H. Flint will take a tow of coal south, just as soon as there is enough water.

There was a stage of 4.6 feet of water in the Pittsburgh harbor last night, and 6.3 feet at the Davis Island dam.

The towboat Vesta is not yet afloat and the crew sailing in charge the work of raising the vessel are having much difficulty.

George Moore was yesterday granted his first issue of pilot's papers, allowing him to pilot in the pools of the Monongahela river.

Samuel Maxley, second clerk on the Greenwood, is off on his vacation and William Guthrie is filling his place during his absence.

It is rumored that the steamer Price of St. Louis, plying between St. Louis and New Orleans, has been sold to a Texas oil company.

The steamer Mayflower leaves today for Owensburg, Ky., on a freighting and excursion trip. Many excursionists will go down.

On Monday the excursion steamer Francis J. Torrance will be brought to the Monongahela wharf from Glassport, where she has been in winter quarters.

Jackson Ward, mate of the Francis J. Torrance, has gone to Clarington, O., to spend a few days vacation, prior to the boat entering the excursion trade.

Capt. Martha Brown is having two new pitmans made at Point Pleasant for the Chevalier. It will probably be Sunday before she gets out in her trade.

Capt. Dana Scott, clerk of the burned steamer City of Pittsburgh, was a passenger to Pittsburgh on the steamer Lorena, of which he is one of the owners.

The towboat Defender, now on her way to Pittsburgh, has the barge Hannibal in tow, loaded with New Orleans molasses, which will be delivered at Pittsburgh.

The steamer T. L. Woodward, which has not had the use of her electric light plant for three weeks, has it shining bright again, repairs having been completed.

The many friends of Fred Edington, clerk of the steamer Lord J. Wormer, will learn with surprise of his marriage, which took place April 28. His wife was Miss Lida Jorman of Ohio, O.

Capt. Walt Shedd of the United States snagboat G. M. Poe, caught a five-pound black bass in the Kentucky river at Jack No. 6 a few days ago. The river in that locality has been lined with fishermen ever since.

The steamer Virginia was due in port last night at 11 o'clock. John L. Vance, president of the Ohio Valley Improvement association, met the executive board of the body today at the Grand hotel to discuss matters of importance. No action was taken owing to the absence of C. P. Wilson, who is out of the city. The time of the next meeting will not be known until the return of Mr. Wilson. Capt. A. B. PLAYED BY A WOMAN.

Mrs. Stalder Manipulated the Steam Calliope on Steamer Greenwood.

When the steamer Greenwood backed out from the Monongahela wharf yesterday to go to Charleston, W. Va., the down town populace was attracted to the river by the playing of a calliope. Mrs. Stalder, wife of Capt. Charles Stalder, chief clerk of the boat, was seated at the keyboard and played several popular airs.

Mrs. Stalder is making the present trip on the steamer with her husband and has become very proficient in playing the steam calliope. The instrument was formerly on the steamer D. T. Dale, which Capt. Gordon Greene, master of the Greenwood, owns, and which is at present at Parkersburg waiting to go on the docks when it will be rebuilt. Capt. Greene will keep the calliope on the boat the remainder of the season.

RAIL BARGE SINKS.

Model Steel Barge Goes Down With 850 Tons of Metal.

The covered model steel barge Louisiana sank at the wharf of the Carnegie Steel Company at the Edgar Thomson blast furnaces at 4 o'clock yesterday afternoon, while being loaded with rails consigned to the Louisville & Nashville railroad at Louisville. The last carload of the 850 tons to be loaded upon the boat had been taken on by the runners, when, without a moment's warning the stay chains parted and the barge went down in nine feet of water.

The accident occurred at the very same spot where the model barge Lucy went down a year ago last January, when six workmen were drowned. The loss on the barge will be heavy. The rails will be lifted by divers, who will be put to work today. The last workmen left the barge about a half minute before it sank.

Hamilton's Sale of Sample Pianos Will End This Evening

If you can't possibly attend this sale of sample pianos today come this evening. The store will be open until 10 o'clock, as is the case every Saturday evening. The fact which makes this sale of such extraordinary importance is that every piano in the collection, which we are now advertising, is a sample instrument, left with us by the manufacturer in the hope that we would become his Pittsburgh representative. This we find we can't do, for the very good reason that we have no more room than is necessary for the display of the instruments we have been handling for some years.

These sample pianos, however, are highly meritorious, and we can recommend them to particular persons, because of their standard qualities. Since we received them we have tried them under various conditions and have always found them satisfactory. We know just what they are capable of because we have had them under observation since the day they were received. Not even one has been outside of our store.

Since the sale began on Monday a great many people who called simply out of curiosity have bought. And they have been frank enough to say they were surprised to find instruments of this character selling at such prices. Others, desirous, have come here for the express purpose of buying, and they were likewise favorably impressed, leaving their orders with great satisfaction.

The saving on any instrument in the lot is so considerable as to render the sale one of particular interest to persons who enjoy music, but who don't care to pay the prices ordinarily asked for pianos of the better class. And as there are some special fancy cases in this lot there is such opportunity for choosing as leaves no excuse for not selecting a piano today or this evening.

New England pianos, regular prices $325 to $400, reduced for this special sample sale, $190 to $240.

Winthrop pianos, regular prices $275 to $300, reduced for this special sample sale, $165 to $190.

Ricca & Son pianos, regular prices $300 to $325, reduced for this special sample sale, $175 to $200.

Wegman pianos, regular prices $450 to $550, reduced for this special sample sale, $295 to $360.

Bush pianos, regular prices $250 to $275, reduced for this special sample sale, $195 to $170.

Monthly payments can be arranged if desired.

TRAVELING PREACHER ARRESTED; MINISTER DIES IN POOR HOUSE

QUEER CONDUCT OF A PREACHER

Baptist Evangelist Arrested in New Castle and Forced to Leave Town.

HAD BEEN IN M'KEESPORT

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW CASTLE, PA., May 9.—The Rev. J. N. Williams, a Baptist evangelist who says he has just finished a successful series of meetings in the Fifth Avenue Baptist church of McKeesport, was arrested in this city Thursday afternoon as a suspicious character. At the hearing before Mayor Jackson this morning he entered no defense and was ordered to leave town, which he did.

Mr. Williams came to town yesterday morning, stopping off on his way to Cleveland. He went to the Y. M. C. A. rooms, introduced himself and was shown the courtesies accorded to members of the ministerial profession. He was a good talker and made a favorable impression.

After spending a couple of hours at the Y. M. C. A. quarters Mr. Williams went out. At the union station he scraped an acquaintance with a young man named Wylie, who was on his way to Cleveland. Wylie's enjoyment of Williams' company ended when Officer George Pasters found the men in a saloon, drinking, and took them both to the lock-up. The officer had been looking for a member of a gang of three who were following the Main circus as thieves, two of whom, Robert Hall and Joseph Hartley of Allegheny, had been arrested and sent up for 30 days.

At the police station Wylie proved his innocence and was discharged. The preacher was remanded for further investigation. His conduct with Wylie and at the Y. M. C. A. quarters made him seem suspicious. He fainted several times in his cell. At the hearing this morning Williams proved to the satisfaction of Mayor Jackson that he was a licensed minister of the Baptist church, with headquarters in Philadelphia. He said that for the last two weeks he had been the guest of the Rev. J. T. Davis of the Fifth Avenue Baptist church, McKeesport, and had preached in his church the last two Sundays. Mayor Jackson asked him what he meant by coming to New Castle and leading a double life, but Williams was unable to explain his action. He was terribly humiliated by his arrest and was willing to do anything that was asked of him. Mayor Jackson ordered him to leave the city at once, and he went to Cleveland on the next train.

Two Men Executed.

MOUNDSVILLE, W. VA., May 9.—(Special.)—John Mooney and Frank Prigg paid the penalty for their brutal murder of James Hervey tonight at 6:42 o'clock at the State penitentiary. Both men met death with the stolid abandon that marked them since their arrest the night of the crime, February 28, 1900.

Six Seniors at Allegheny College Selected for Commencement.

[SPECIAL TELEGRAM TO THE GAZETTE.]

MEADVILLE, PA., May 9.—Following are the senior six of the Allegheny college senior class chosen today and who will deliver the commencement orations:

Chosen for scholastic standing, Miss Ledema Augusta Bard, Slippery Rock, and John Clayton Barkley, Phalanx Station, Ohio; chosen by the class, Robbins Newton Taylor, Meadville, and Helen June Wintermute, Linesville, Pa.; chosen by the faculty on general merit, Maude Gertrude Shadduck, Meadville, and Alton H. Appleby, Lakewood, N. Y.

ON HISTORIC GROUND.

Location of Pennsylvania National Guard Brigade Camps at Gettysburg Decided.

HARRISBURG, PA., May 9.—The general officers of the National Guard of Pennsylvania visited the Gettysburg battlefield today and selected a location for the division encampment on July 12-19. General and division headquarters will be located on the Emmittsburg road in front of the historic "bloody angle."

The first brigade will encamp on the Spangler farm, over which the famous Pickett charge was made; the second brigade will be located directly across the road, and the third brigade will be stationed on the outskirts of Gettysburg.

The artillery and cavalry will encamp on the Chambersburg pike and Reynolds avenue, on the site of the first day's fighting.

General orders will be issued next week by Adjt. Gen. Stewart formally announcing the selection of Gettysburg for holding the encampment and giving the details for the movement of the troops.

Charters Issued Yesterday.

HARRISBURG, May 9.—Charters were issued by the state department today to these corporations:

The Sterling Steel Foundry Company, Pittsburgh, capital $10,000; directors, H. E. Wainwright, H. E. Wainwright, Jr., Uriah Tinker, H. I. Fisher, Pittsburgh.

The West Pennsylvania Construction Company, Pittsburgh, capital $10,000; directors, William M. Lucius, Beaver; Edward C. Lucius, Harry H. Patterson, Beaver Falls.

The "Dispatch" News Company, Erie, capital $12,000.

The Driftwood Building and Loan association, Driftwood, capital $500,000.

Capital Is Doubled.

NEW BRIGHTON, PA., May 9.—(Special.)—The directors of the American Porcelain Company of New Brighton this evening decided to increase the company's capital from $50,000 to $100,000. The increase in capital will be used in enlarging the plant to double its present capacity. Many extra men will be given employment by the extension.

Step Forward for Pittsburgher.

YOUNGSTOWN, O., May 9.—(Special.)—Joseph McDonald, brother of General Manager Thomas McDonald of the Ohio steel plant of the National Steel Company, has been appointed assistant general manager of the plant. Lewis McDonald, another brother, has been appointed as superintendent of the converting department. He is now with the Carnegie Company of Pittsburgh.

Cunningham's Friends May Appeal.

BEAVER, PA., May 9.—(Special.)—The friends of J. H. Cunningham, candidate from Beaver county for congress, are greatly surprised at the opinion of Judge John D. Shaffer of Pittsburgh in the case of Ernest F. Acheson of Washington, Pa., vs. the officers of the Beaver county Republican committee. It is said that the case will be appealed to the superior court.

Lynch Will Be a Sailor.

GREENSBURG, PA., May 9.—(Special.)—Charles McKenna Lynch, son of Thomas Lynch, president of the H. C. Frick Coke Company, has passed successfully the examination for admission to the United States Naval academy at Annapolis. Of the members of the class who passed the examination young Mr. Lynch stood second.

OFFICERS WERE ELECTED.

Allegheny Bible School Association Held Annual Meeting Yesterday.

The 13th annual convention of the Allegheny County Bible School association opened yesterday in the First Presbyterian church. Peter Dick, vice president of the association, presided. "The Sabbath School and the Needs It Should Meet" was discussed by William C. Lilley, the Rev. Dr. J. H. Prugh, Robert E. Stewart and Hugh Cork. The leading address of the morning session was made by the Rev. Dr. George R. Merrill of Minneapolis, Minn. Treasurer William P. Herbert reported the receipts for the past year as $4,645 and the disbursements, $4,524. There are 689 schools, 112 home departments, 193 normal classes, 34 teachers' meetings, 441 primary superintendents, 5,450 officers and teachers, 105,670 Sabbath school scholars. In the home department there are 4,401, making a total enrollment of 133,347. The Rev. Dr. Frank W. Sneed of the East Liberty Presbyterian church delivered an address at the evening session.

Before adjournment the following were elected: President, S. Gill; vice president, Peter Dick; secretary, A. A. Hounc; treasurer, William P. Herbert; board of managers, W. L. Davis, C. F. Sifell, W. H. Graham, Peter Dick and H. J. Heinz.

OUTLIVED HIS USEFULNESS

An Aged Methodist Pastor Dies in an Ohio Poor House.

NO FRIENDS WERE AT HAND

[SPECIAL TELEGRAM TO THE GAZETTE.]

WOOSTER, O., May 9.—A minister of the Methodist church for more than 50 years and worn out with nearly four score years of hard labor in the service, the Rev. E. M. Conklin died at the poorhouse last night.

The Rev. Mr. Conklin was 79 years old and retired from the ministry some years ago. His wife and children had preceded him to the grave. During his labors in spreading the gospel he has filled charges in many of the villages and cities of Northern Ohio. He came to Wooster a few months ago for a visit and while a guest at the home of a former friend he took sick. He was given care in the home of the friend for over three months. When the friend felt that he was no longer able to bear the burden the authorities turned the aged man over to the superintendent of the infirmary.

An old friend and parishioner, a resident of Lorain, O., came to the old clergyman's relief and furnished means to provide for his keeping in the institution, where he was given good care and his last days made as comfortable as possible.

LAST OF "POP" CONCERTS.

Two Splendid Programs to Be Given by Pittsburgh Orchestra Today at Duquesne Garden.

Today the last of the season's "pop" concerts will be given at Duquesne garden by the Pittsburgh orchestra. Mr. Herbert has prepared two programs of unusual interest to wind up the series. This afternoon the concert will be especially dedicated to the younger element and a charming entertainment has been arranged, including Tschaikowsky's inimitable fairy suite, "The Sleeping Beauty in the Woods," one of the most exquisitely merry tone pictures ever conceived.

Tonight's program is equally interesting, repeating some of the selections which have proven most popular during the engagement, and concluding with Herbert's American fantasia, stirring enough in its sentiment and orchestration to enthuse the most phlegmatic audience. The concert last night was the second of the two Wagner concerts. The programs for today are as follows:

Young People's Matinee.

March, "The Serenade" ..... Herbert
Overture, "Jolly Students" ..... Suppe
Cornet solo, "Columbia Polka" ..... Rolfinson
Mr. S. Baldelli.
(a.) Dance of the reedpipes, from suite "Casse Noisette" ..... Tschaikowsky
(b.) Chinese dance, from suite "Casse Noisette" ..... Tschaikowsky
Vision of a Dream ..... Lumby
Selection from "The Fortune Teller" ..... Herbert
(a.) Fuss in the coop and the white cat, from ballet suite "The Sleeping Beauty in the Woods" ..... Tschaikowsky
(b.) Waltz, from suite "The Sleeping Beauty in the Woods" ..... Tschaikowsky
(a.) Traumerei ..... Schumann
(b.) Lolu du bal ..... Cillet
Waltz, "Estellianthe" ..... Waldteufel
Persian march ..... Strauss

Popular Night.

March, "Our Native Land" ..... Herbert
Overture, "William Tell" ..... Rossini
"Behuet Dich Gott, Es Wart So Schoen Gewesen," from "The Trumpeter of Sackingen" ..... Nessler
Trumpet solo, Mr. S. Finkelstein.
Fantasie, from "Faust" ..... Gounod
Air de ballet ..... Chaminade
Berceuse, from "Jocelyn" ..... Godard
Cello solo, Mr. Henri Merck.
Sevillana, from "Don Caesar de Bazan" ..... Massenet
Overture, "Tannhauser" ..... Wagner
Grand fantasie, from "Aida" ..... Verdi
Intermezzo sinfonico, from "Cavalleria Rusticana" ..... Mascagni

MEN OF NATIONAL FAME USE PE-RU-NA FOR CATARRH

Pe-ru-na Cures Catarrh Wherever Located.

Senator Sullivan Says: "I Take Pleasure in Recommending Your Great National Catarrh Cure, Peruna, as the Best I Have Ever Tried."

Hon. W. V. Sullivan, United States Senator from Mississippi, in a letter recently written to Dr. Hartman, from Oxford, Miss., says the following of Peruna as a catarrh remedy:

"For some time I have been a sufferer from catarrh in its most incipient stage, so much so that I became alarmed as to my general health. But, hearing of Peruna as a good remedy, I gave it a fair trial and soon began to improve. Its effects were distinctly beneficial, removing the annoying symptoms, and it was particularly good as a tonic.

"I take pleasure in recommending your great national catarrh cure, Peruna, as the best I have ever tried."

W. V. SULLIVAN.

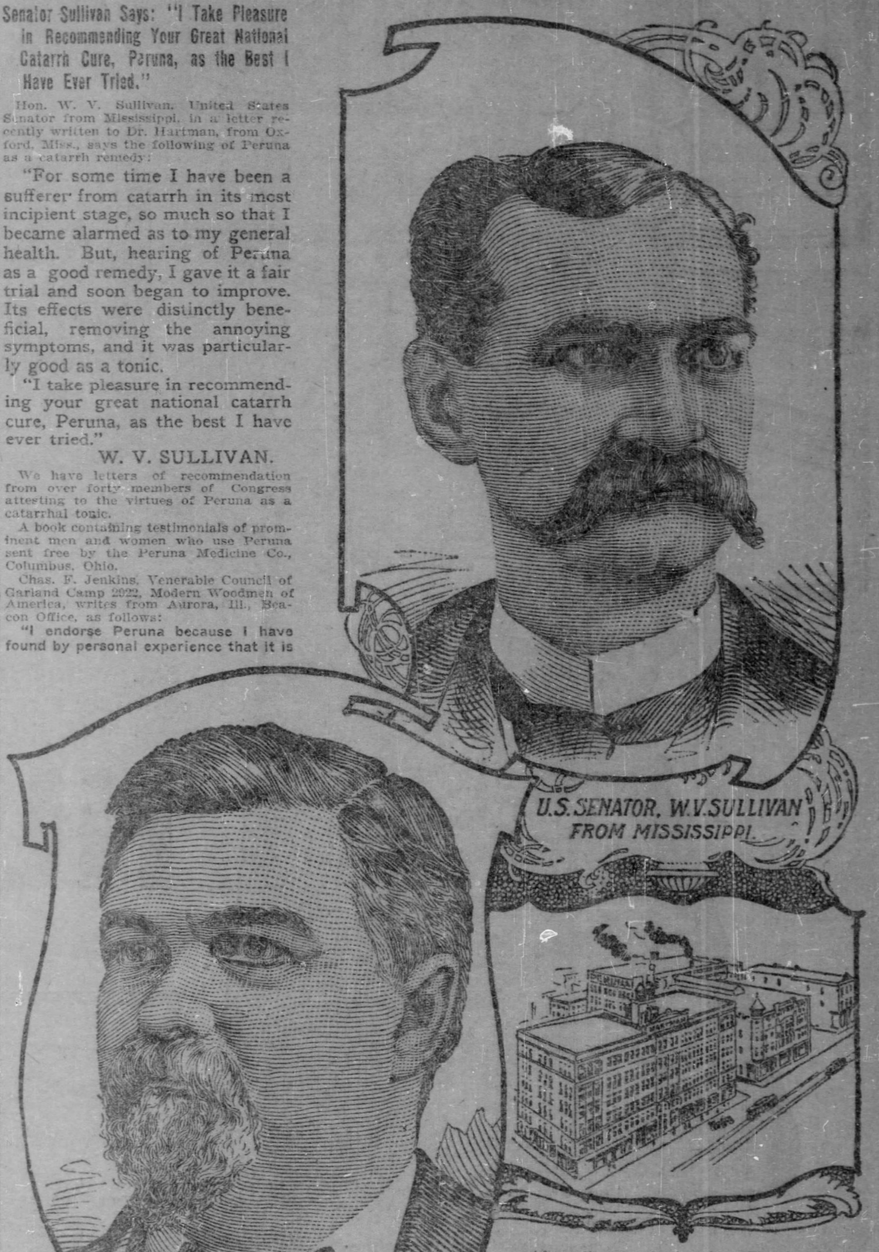
We have letters of recommendation from over forty members of Congress attesting to the virtues of Peruna as a catarrhal tonic.

A book containing testimonials of prominent men and women who use Peruna sent free by the Peruna Medicine Co., Columbus, Ohio.

Chas. F. Jenkins, Venerable Council of Garland Camp 2022, Modern Woodmen of America, writes from Aurora, Ill., Beacon Office, as follows:

"I endorse Peruna because I have found by personal experience that it is not a common patent medicine, but a scientifically prepared medicine which simply cures catarrh and cleanses the blood of its impurities, keeping the system in a fine, healthy condition. I consider it as rather a carefully prepared physician's prescription, and have never found any which acts as promptly and permanently as Peruna.

"It deserves the highest praise, and I know that those who have tried it have perfect faith in it." C. F. Jenkins.



After all the personal experience of one man is worth more than the theoretical guesses of a thousand men. Mr. Jenkins knows what he is talking about when he recommends Peruna, because he has tried it. Peruna cures catarrh because it reaches the source of catarrh.

Peruna cleanses the blood of its impurities, because it regulates those organs that make blood.

Peruna keeps the system in a fine, healthy condition, because it restores the functions of every organ, and brings vigor to the organic nervous system.

Mr. Jenkins is right. Peruna is a carefully prepared prescription, prepared by one of the oldest and best-known physicians in America. This is why it acts promptly and permanently.

Hon. H. W. Ogden, Congressman from Louisiana, was elected to the 53d, 54th and 55th Congress. In a letter written at Washington, D. C., he says the following of Peruna, the national catarrh remedy:

"I can conscientiously recommend your Peruna as a fine tonic and all round good medicine to those who are in need of a catarrh remedy. It has been commended to me by people who have used it, as a remedy particularly effective in the cure of catarrh. For those who need a good catarrh medicine I know of nothing better."

H. W. OGDEN.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, O.

HOUSE DECLARES FOR MORE STARS IN BLUE FIELD

Passes the Bill for Admission of New Mexico, Arizona and Oklahoma.

REJECTS AMENDMENTS

One of them Proposed Consolidation of Two of the Territories—Delegate Smith Narrowly Escapes a Stroke of Apoplexy After Speech.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Washington, D. C., May 9.—The opposition in the house to the bill for the admission of Oklahoma, Arizona and New Mexico collapsed at the last minute today and the bill was passed without division as it came from the committee, except for a few verbal amendments.

The real test came on an amendment offered by Mr. Overstreet of Indiana to join New Mexico and Arizona and admit them as the state of Montezuma. It was beaten, 280 to 106, and all opposition then ceased.

The closing scenes of the debate were accompanied by a dramatic incident which narrowly escaped being a tragedy. Delegate Mark A. Smith of Arizona, who has been fighting for the admission of his territory for a dozen years, had just made a vigorous speech against the Overstreet amendment when he was seized with a rush of blood to the head. He was conveyed to the lobby, where several physicians who are members of the house by the prompt administration of powerful heart stimulants saved him from a stroke of apoplexy. He later rallied and was removed to his hotel.

The bill, as passed today, provides enabling acts for Oklahoma, Arizona and New Mexico, similar in form to former enabling acts, except that the constitutional convention of New Mexico is empowered to designate the name by which the new state shall enter the union, and in the case that the convention, by irrevocable ordinance, shall express the consent of that state that congress at any future time may attach all or any part of Indian territory to it. The enabling acts differ from each other chiefly in reference to the public lands appropriated for educational and public purposes.

Eighty-five pension bills were passed. Among them was one to increase the pension of Lieut. Col. Horatio M. Whitbeck of the Sixty-fifth Ohio to $50 a month. The bill led to a spirited debate in which it developed that Noel Whitbeck had been three times wounded and carries in his lung a bullet received at Chickamauga.

KIFER CHARGES FRAUD.

Sues Organizers of the Standard National Bank for Money Due for Alleged Services.

James Kifer entered suit against H. J. Parker, John Murphy, Anton Lutz and others to recover a balance alleged to be due on a contract. It is said that in April, 1901, the defendants started to organize the Standard National bank, which was to be capitalized at $2,000,000, and the plaintiff was employed to solicit subscriptions. Kifer declared that he worked for some time and put out about 25,000 shares.

The plaintiff states that upon November 14 last the defendants desired to terminate the contract and falsely represented to him that a clause in his contract barring progress toward the completion of the organization, whereupon he agreed if they would pay him $1,100 he would end the contract.

Kifer says the defendants declared they could only pay $550 of this amount, but when the bank was fully organized he would be paid the balance. It is for this balance the Kifer now enters suit. He declares representations made by the defendants to be false and fraudulent.

The Tonnesson sisters' picture, "A Good-Night Kiss," will be the first of a series to be given free with The Sunday Gazette, beginning May 18.

LOCAL NEWS OF ALL PITTSBURGH

Three Cities, Forty-Five Boroughs, Twenty-Six Townships. Population, 726,004. Area Square Miles, 316.22. Fifth in Volume of Bank Clearings. Fourth in Rank Among Cities.

Children Are Recovering—The 16 children who were down with scarletina at the Oddfellows' Orphan home, Avalon, are getting along nicely, and no further spread of the disease is expected. There are 64 children in the home.

Allegheny Recital—The 550th Ecker organ recital will be held this afternoon at 3 o'clock in Carnegie music hall, Allegheny. The organist will be assisted by Lee Dalton, boy soprano, and Miss Alberta Renshaw, elocutionist, of Lancaster, O.

Refused to Sign the Audit—The audit of the books of McKees Rocks borough has caused a wrangle. One of the auditors refuses to sign the audit because the bank refuses to show its books, but instead made a signed statement. The case will probably get into court.

Officers Were Re-Elected—The annual meeting of the trustees of the Western Theological seminary, held yesterday afternoon, resulted in the re-election of all the officers as follows: President, S. B. Harbison; vice president, Dr. W. J. Holland; secretary, S. J. Fisher; treasurer, D. McK. Lloyd.

$10,000 Fire in Etna—Fire yesterday morning destroyed the feed store of Hilliard & Ross, Union street, Etna. Six cars of coal were also burned and two houses in Union street damaged. The loss is $10,000. The fire is said to have been caused by sparks from an engine on the Pittsburgh & Western railroad.

Two Escaped from Lock-Up—John Hurley, 30 years of age, of Orchard alley, Rankin, and James Conway, 25 years of age, escaped from the Rankin lock-up yesterday morning by prying a bar off a window. Hurley was arrested on a charge preferred by a human agent. Conway was charged with larceny. Both were held for hearings.

Eight Victims from One Home—Another case of smallpox developed at the Derlin residence on Vine street, in the Eighth ward, yesterday. The patient was removed to the Municipal hospital. This makes eight cases from that home. The Pittsburgh bureau of health yesterday reported 13 new cases of typhoid fever and five new cases of scarlet fever.

More Trees Were Planted—The four classes of the younger children in the normal department of the High school, accompanied by Miss Ralston and their other teachers, visited Schenley park yesterday and planted four elms in Columbus grove alongside of those planted on Arbor day. In honor of their coming old glory was flown from the staff on Flagstaff Hill.

Contract to be Let Next Week—The contract for the erection of a municipal electric light plant in Pitcairn borough will be let next week. Work will commence as soon as possible. The contract for the engines and dynamos has already been awarded and the plant is expected to be in operation by October 1. The building will be in Center avenue, and will cost $20,000.

Greater Pittsburgh Meeting—William M. Kennedy, chairman of the committee of the chamber of commerce on Greater Pittsburgh, expects to call a meeting of the committee for next Tuesday to hear the opinions of the attorneys upon the legal questions involved. The committee will also probably decide at the meeting as to the territory to be annexed.

Larkin Reduces Payroll—Controller Larkin has struck the names of five men who were working on the South Tenth street bridge from the pay roll. His reason for this was based on the fact that the bridge has been razed, and consequently there is but little to do. Three men out of the force of eight were retained to protect pedestrians who may get near the approaches.

Walked Into the River—Christopher Brenner, 21 years of age, of Lorain, O., who has been boarding at No. 642 Preble avenue, Allegheny, and who worked at the car plant at Schoenville, walked into the river at the foot of Ontario street, Allegheny, yesterday morning and deliberately drowned himself. The body was recovered later. Brenner was sick in a hospital during the winter. He was not of a melancholy nature and was very temperate.

The Cooks Held Meeting—Allegheny County Cooks' Beneficial association met last evening at John Dahlen's, 316 Diamond street, Pittsburgh, and the following officers were elected: President, Frank S. Thomas; secretary, Alexander Veillard; treasurer, John Dahlen; master at arms, Fred Young. At present the association numbers over 100 members. The next general meeting will be held at the same place on next Tuesday evening, May 13, at 8:30 o'clock.

Only a Partial Report—The joint committee of Allegheny councils on free public baths held a meeting last night to hear the report of the sub-committee appointed to secure a site and obtain estimates of cost of a bath house in the Fifth or Sixth wards, lower Allegheny. The sub-committee made a partial report, stating that several sites are under consideration, and that estimates of cost and capacity are being ascertained. Another meeting of the committee will be held next week.

A Long-Delayed Inquest—After waiting just 100 days, Coroner McGeary had the inquest into the death of the victims of the street car wreck at Wilmerding taken up yesterday, and verdicts of accidental death were rendered. The accident occurred on the night of January 29. A street car ran away on the Wilmerding hill and plunged into the depot. Before the wreck was cleared away a second car piled up in the wreck. Ella Kincaid, John McFadden and a conductor named R. A. Kirsch were killed.

Officers Will Be Elected—At the conclusion of the last lecture of the course of the Academy of Science and Art, to be held in Carnegie Music hall next Thursday night, the annual election of officers will take place. The following nominations have been made: President, Dr. G. W. Allyn; first vice president, C. F. Scott; second vice president, Prof. J. B. Hatcher; treasurer, Charles Davis; secretary, Prof. Edward Rynearson; council for three years, E. H. Anderson, Dr. A. S. Daggette, John W. Lloyd, C. W. Bray and Prof. H. C. Pearson.

Memorial Day Orders—An order has been sent to the several companies of the Third Pennsylvania regiment, Boys' brigade, to report for duty on the morning of Memorial day at 8 o'clock. The first battalion, consisting of companies A, B and C, Capt. W. F. Wilson commanding, will form on Grant street, right resting on Fifth avenue, to act as escort to the Grand Army of the Republic. The second battalion, companies E, G and H, Maj. F. J. Kress commanding, will form on Fortieth street, right resting on Butler street, at 8:30. The band will assemble at the drill room of Company G at 7:45. In the cemetery the headquarters, as usual, will be the monument.

A SPLENDID CIRCUS ATTRACTED CROWDS

Bright, Clean Entertainments Given by Forepaugh and Sells Bros. Show Yesterday.

Beneath the acres of snowy canvas that shelter the Forepaugh & Sells Bros. circus and menagerie in Exposition park many wonderful things are to be seen and a first-class entertainment is given. The two performances given yesterday were attended by not less than 20,000 people. Good weather today will see still larger crowds in attendance. A feature noticed in the audiences of yesterday was the large attendance from suburban towns.

In the normal human being springtime seems to create a desire to see thrilling things, and the big show at Exposition park is bound to satisfy any cravings in that direction. There is the dare-devil Diavolo, who "loops the loop" on a bicycle, riding 100 yards in five seconds. He starts from the top of the tent and dives down and around a loop 26 feet in diameter, setting the laws of gravitation at naught by riding "upside down." Then there is the peerless Potter family, who give an aerial exhibition on flying trapezes; the unicyclist, Minting, who ascends a spiral tower and rides down the dizzy height without brake or wheel guard; the cycle whirl, in which four riders dash around an inclined inclosed track, 12 feet in diameter, and the ever-exciting hippodrome chariot races. All these hold the breathless attention of the spectators. These are only a few of the features of the exhibition.

It was a typical circus crowd that streamed into the white walls of the big tent yesterday afternoon. The man from the country with the many-hued necktie was there. The good man who invariably goes to "let the children see the animals" was also there with his whole family, and no part of the performance pleased him half so much as the performances of the pretty girls in the trick riding and the trapeze acts. Throngs of women attended during the afternoon and a more orderly gathering never assembled at the park.

All the adjuncts necessary for a perfect enjoyment of the "thrills" given in the three rings were there in abundance. Pop corn looked particularly tempting through patriotic red, white and blue tissue paper coverings and the man who sold peanuts had a harvest. As for the side show—wonderful.

In that side show a huge Hindoo giant, nine feet in height, stalks around the little tent. He wears a No. 22 shoe and his hat will hold nearly a bushel of potatoes. His neighbor is a hideous wild man who lives in a pit and between meal-times gazes wistfully at 20 pounds of raw beef. Midgets, fortune tellers, jubilee singers and freaks of various sorts entertain the crowds.

The street parade through the principal downtown thoroughfares in the morning attracted tremendous crowds on Fifth avenue. This gave an opportunity for the display of the magnificent horses and the great collection of animals in the menagerie. There is a whole colony of clowns in the show and they lose no opportunities to keep the audiences in good humor. Everything about the circus is new, bright, fresh and clean. There is nothing about the entertainment to offend. Performances will be given this afternoon and evening.

The art reproductions of the Tonnesson sisters will be given free with The Sunday Gazette beginning May 18.

MOZART'S LAST EVENT WAS VERY ENJOYABLE

Work of the Chorus in "Gate of Life" Indicated Careful Training. Pleasing Solos Sung.

Last night at Carnegie Music hall the last concert of the season was given by the Mozart club. The program was miscellaneous in character, following a time-honored custom governing the final Mozart club program each season. Formerly they were purely ballad concerts and as such were deemed the most interesting of the year by a large portion of the associate membership, but recently there has been a more solid character contributed by the selection of a weightier work to go with the miscellaneous solos.

Last night the early part of the program gave the soloists a group of songs. Mr. Dan T. Beddoe sang the aria, "Lend Me Your Aid," from the "Queen of Sheba." In encore he gave "Kathleen Mavourneen" with a beautiful finish and expression, which made it one of the most memorable numbers of the program. Mrs. Ford sang a Godard chanson, "My Sweetheart and I," by Mrs. Beach, and a third song by Ries. A ballad was given in encore. Mr. Griffith sang "Vulcan's" song, from "Philemon and Baucis," and two other solos.

Following these came "The Gate of Life," by Franco Leoni, a cantata dealing with early Christian faith and persecution and giving opportunity for some stirring music. The chorus seemed in excellent form, responding to the baton with a clarity and precision which gave the best possible effect to the music.

Mrs. Ford as "Portia," the Christian, and Mr. Griffith as "Probus," contributed largely to the impressive effect and Mr. Beddoe sang the exhorting measures of the Roman high priest with suitable unction.

The engagement of the Pittsburgh orchestra at Duquesne garden compelled Director McCollum to be content with a much smaller band of instrumentalists than usual, and the tone volume had to be eked out by the piano.

The chief credit of the concert is due the chorus, which maintained an excellent tone balance throughout the evening, indicating good work during the season just closing and promising even better things for the coming year.

ACADEMY CADETS' CONTEST.

Competitive Drill Was Held in Schenley Park Yesterday.

A competitive drill of the cadets of the Pittsburgh academy was held in Schenley park yesterday. For over three hours the young cadets were marched and countermarched on the boulevard in front of the Phipps conservatory.

The competition was for a handsome set of silk colors and was between Companies A and B. They were commanded by Maj. James M. Lee, military instructor at the academy, and worked as a battalion and as individual companies. Col. W. E. Thompson, Maj. R. H. Ewing and Lieut. A. P. Davis of the Fourteenth infantry acted as judges. A decision will be announced of the winning company today after the percentages have been figured out. Last year the colors were won by Company B, in a very warm contest.

right kind of clothing

for men who appreciate quality and price.

We go after Clothing merit and style on a broad, liberal basis.

A Clothing purpose here that comprehends not only best workmanship—but equally neat, genteel, up-to-date tailor finish and effect with what first class make-to-order people consider it their privilege to charge big money for.

We demand the co-operation of the best Clothing Makers in the business—men who occupy the front seat for proper ideas of proper Clothing.

And on them we insist for their foremost efforts—compel the benefit of their most advanced notions of correct taste in men's dress.

It's to such Clothing as this, gentlemen, we want your critical attention—both from a style and quality and from a dollars-and-cents standpoint.

Clothing merit that proves genuinely lower Clothing prices.

See, too, the example of it in the new 2-button Long Roll Sack Suits, $10.00, $15.00, $18.50, $20.00 and $25.00—including top notch selection from plain Black Thibets, Blue Serges, Homespuns, Crashes, Worsted Cheviots and the newest novelty Mixtures.

Men's regular 3 and 4 button Sack Suits—made right up to the minute—trousers cut broad at top—straight back coats—in all the choice and scarce dressy Mixtures—suitings of the right tone—$10.00 to $30.00.

Making special of Men's fine hand tailored, all-wool Black Thibet Sack Suits, $18.50—style and skillful making fit for comparison with any good tailor's best product at twice the money—a model of proper Clothing.

Men's Plain Blue Serge Suits, $10.00 to $28.00.

Also big showing of the new Summer styles—Flannels, Homespuns, Crashes—nobby effects—both sack suits with broad facings, patch pockets—and Norfolk styles.

Special lot Men's new Flannel Trousers—neat medium and dark stripes and novelties, $2.50.

Men's Dress Trousers—worsteds and worsted cheviots—a leading line at $5.00.

Men's white and fancy washable vests, $1.00 to $5.00.

for young men

We're making a feature of dressy and extreme nobby suits never made up as a usual thing in young men's sizes—took it into our own hands to provide exclusively such a stock of smart styles as every young man who dresses right up to fashion will find to his liking.

Young Men's new Long Roll Double-Breasted Sack Suits, $10.00, $12.50, $15.00 and $18.50.

Young Men's regular Sack Suits in a fine variety of seasonable suitings, $7.50 to $25.00.

Young Men's Norfolk Suits, $8.50 to $15.00.

this great suit for boys, $5.00

—8 to 16 years—fine all-wool Navy Blue wale Serge—fast color—double-breasted jacket—knee trousers. All seams double stitched and taped—4 flap pockets on coat—trousers with patent waist band and buttons—double seat and knee, the reinforcing sewed in by hand.

A suit all through, for service and style, greatest proposition ever made in a store anywhere for the money. Look at the suits—examine them carefully throughout—and you'll admit we haven't stated the case near strong enough.

Maidenhood and Womanhood

At the threshold of wedded life with its cares and responsibilities, what more appropriate could a bride consider than a box of the medicine that will keep the new family in perfect health.

"I took Cascarets myself and they are fine. I also have been giving them to my children with best results. I will not be without them."—Mrs. Davis, 419 E. Capitol St., Washington.

"Cascarets are the best medicine I ever tried. I cannot be too grateful for them."—Mrs. Ella Sanders, Fox, Mo.

"I was for a long time troubled with constipation and catarrh of the throat. Am now using Cascarets with good results and feel satisfied I will be entirely cured."—Mrs. H. F. Yeomans, 3711 Champlain Ave., Chicago.

"I have used Cascarets and must say they are wonderful. I recommend them to all my lady friends."—Mrs. J. H. Mayes, Charlton, Ia.

"I have a tumor which all the doctors told me could be gotten rid of in no other way than with the knife, but I think the Cascarets are absorbing it entirely."—Mrs. E. Dixon, Elmore, Col.

"Cascarets had strange effects in my case. I took them for worms and got rid of those. For about a year I had also suffered from my right eye continually watering. After I took the second dose of Cascarets the eye got well and has been well ever since."—Mrs. Townsend, 44 Lansing St., San Francisco.

"About a year ago I went through a very difficult operation and since then suffered from severe headache. I tried Cascarets and the result was wonderful. God bless you!"—Mrs. Moses Leese, Gilman, Colo.

There are many physical disturbances of the bodily functions connected with the change from maidenhood to womanhood, and the health and wholesome life not only of the bride, the new wife and prospective mother, but that of the new generation that is to be, depend upon keeping all operations of the digestive canal regular and natural with Cascarets Candy Cathartic, the only medicine that will do it gently yet surely without grip or gripe.

The Business Situation.

The rates for call loans to stock market operators this week ranged between 6 and 20 per cent, and most of the time were above 10 per cent. This is unusual at this season of the year; but undue importance has been given to it, for this condition of the money market has been restricted to Wall street. It has probably attracted more attention because of the larger number of persons interested in stock market fluctuations. The flow of currency is usually eastward at this season, but this year the current has not followed the ordinary course.

The publication of the national bank statements reveals the cause for this interruption, and incidentally testifies to the expanding volume of general business. Thus the returns of the Pittsburgh national banks, as of April 30, show aggregate loans and discounts of more than $97,000,000, the largest total ever reported. Compared with the corresponding period a year ago there has been an increase of $16,300,000, and compared with two years ago an increase of $23,500,000. The business of this great industrial center has furnished employment for banking funds, and hence the latter remained at home instead of flowing eastward to find employment at a low rate in the stock exchange. A similar condition is reported from Chicago, where the loans of the banks show an increase of more than $22,000,000 over the same date last year. The fact that half a million of currency was shipped from New York to New Orleans during the week reflects the demand for money in the south.

At a time when the commercial requirements are larger than ever before, the government continues to withdraw money from circulation through the excess of revenues over expenditures. The amount of this excess for the fiscal year to date is $66,500,000, but this drain will be reduced if not entirely cut off by July 1, when the law repealing the war taxes goes into effect. Another factor in the situation has been the export of gold at a time when we usually import the metal. This is due partly to the decrease in exports and increase in imports of merchandise, and partly to the borrowing of money abroad to carry through the enormous financial undertakings of the past year and a half. There is nothing, however, in the fluctuations in the rates of call loans this week to disturb any one except possibly the operator in the stock market.

The leading features of the week's trade reports are the same that have become so familiar for months past. The productive capacity of the country is well employed, but consumption is keeping pace with it. The only source of apprehension has been in connection with the labor field, where additional strikes have threatened.

Weather conditions have been favorable to farm work and the growing crops. Today's report of the department of agriculture will show the condition of the winter wheat crop on the 1st inst., and although there has been some recovery from the effects of the drought previous to that date, the official estimates will have at least a sentimental influence upon business generally.

High Railroad Speed.

There has been considerable discussion of the probability of faster trains between New York and Chicago, but the railroads have made no definite announcement. The present limit on ordinary trains is 28 hours, while four hours less is the time of "limited" trains with extra fare attachment. The talk has been that this will be reduced to 18 or even to 15 hours. It is quite natural that railroad managers should contemplate some reduction in the time between New York and Chicago as a result of improvements made in tracks and motive power. The Pittsburgh limited has demonstrated the feasibility of a better schedule between New York and Pittsburgh, and there can be little doubt that something might be cut off between this city and Chicago.

There is a difference, however, between possible speed and safe speed. From 24 hours to 18 hours is a heavy cut. The practical railroad man alone is able to decide whether it can be made with safety, even after all the improvements that have been effected. To the layman it looks doubtful. It is a serious question also whether there is anything to be gained from such an increase in speed. The traveler who leaves Chicago on the evening of one day is now landed in New York on the evening of the next. The talked-of schedule would enable him to leave Chicago a little later or reach New York a little earlier, but would hardly make the hours more convenient. In the opposite direction, leaving New York in the morning and reaching Chicago the next morning there is even less to be gained. A few hours in New York before starting might serve a business man at times, but he certainly would not care to reach his destination long before daylight. There will be faster trains, of course, but there is less incentive to take risks in reducing present time than there was in bringing the old schedules within the compass of a single day.

The Martinique Catastrophe.

The magnitude of the disaster in the island of Martinique is affirmed from several sources. It is a stupendous catastrophe, that is likened to the destruction of Pompeii and Herculaneum, but it was, as the story is told, much more sudden than the fate that overwhelmed those cities. So swift and terrible was the volcanic action that even the shipping in the harbor of St. Pierre was engulfed in the general ruin that blotted out the city. If later reports bear out those now at hand the loss of life can only be likened to that caused in Porto Rico by hurricane soon after the United States took possession of the island, and it is even more terrible in the contemplation from the fact that the destruction in Martinique is confined to so small an area. The island is volcanic in character, but the volcanos have been quiescent for so long that there was no fear of them. Undoubtedly there is a connection between the Martinique catastrophe and the lesser one in Guatemala, from which details are just being received.

The Napoleonic literary revival that has spent its force so recently makes it of interest to recall that it was on the island of Martinique that Josephine Tascher de la Pagerie, Napoleon's first empress, was born. Her first husband, the Vicomte de Beauharnais, was the son of a governor of the island, and it was to be his bride that Josephine went to France.

Marriage of Insane Persons.

In the ideal time to come, when society as a whole shall look after its interests in a common-sense way, methods will be found to relieve the general public of much of the burden it now carries. For one thing, persons whose blood is by heritage tainted with insanity will not be permitted to marry, and thus perpetuate the taint. This subject was discussed at the investigation conducted in Philadelphia by a committee of the legislature. William M. Geary, superintendent of the Philadelphia bureau of charities, told the legislators that of the cases that have come under his care, 60 per cent could be attributed to heredity. He urged that the perpetuation of insane blood should be cut off by rigid marriage laws. Mr. Geary fortified his position by many examples. Among his patients are three insane sisters, all of whom have large families, and who ought not to have been permitted to marry. He recently prevented an attempt of an epileptic insane man of 22 to marry an epileptic insane girl of 18. The man had procured a license by swearing that the woman was 21 years of age. The would-be bridegroom committed perjury, if he had any conception of that crime, and it was on this ground alone that Mr. Geary interfered, for the man had complied with all the forms of the law. We hear of an alarming increase in the number of insane patients, and it is not to be wondered at so long as persons tainted with insane blood are permitted to marry.

Much Trouble in One Small Isle.

President Sam of the republic of Hayti has resigned. His resignation, it may be said, was accepted in advance of its presentation. President Jiminez of the republic of San Domingo, on the same island, has also had his resignation accepted after a somewhat more strenuous resistance to the decree of fate, and is in exile. For one small island there has been a great deal in the way of politics in a short time. President Sam served six years of a seven-year term and would doubtless have completed the seventh year had not he shown a disposition to make it at least seven years more, regardless of what may be as a matter of courtesy termed the popular will. As everything in Hayti continues calm and serene, except the feelings of President Sam, the popular will may be considered to have at least acquiesced in the accomplished fact. In San Domingo the upheaval seems to have been due to a clash of robust ambitions in which Vice President Vasquez held the trump cards. He is now the government.

To Beautify a Town.

Worthy of commendation is the prize offer of the Westinghouse Air-brake Company to its workmen who live at Wilmerding. They are to be encouraged to beautify their homes, and make the town in which they live attractive, by the offer of cash prizes for well-kept lawns, for flower culture, vegetable gardens, and window or porch boxes. The money which will be distributed in prizes will be well invested, for the additional value given to a place by green grass and beautiful flowers is far in excess of the cost. For those who grow flowers and keep lawns in good order, these things are their own reward, and a high reward, too, but in the present case there are prizes to be won by those who have the best success, and the offer of cash rewards, together with the accompanying desire of the company to make Wilmerding an attractive town, will stimulate some persons to do their share of beautifying who otherwise would take but little interest in such work.

The Microbe Again.

The latest medical and scientific exegesis of the now well known disease, appendicitis, declares that the ailment is the result of the presence of a microbe in the affected part, and is not, therefore, dependent upon external causes as formerly believed. No human affliction of modern origin and discovery has been so numerously explained as appendicitis, and we doubt whether there is any other disease so little understood. Because of its extremely dangerous character and the mystery that has hitherto surrounded its cause this latest opinion as to given origin will be received with interest by the medical profession and with corresponding skepticism among laymen. The microbe has become the common sinner upon which the scientific and medical world places all the sins of physical weakness and disease. That he exists is amply proven, but this existence need not be made a source of terror to the uninitiated and a means of depriving us of half the good things of life upon the theory that our principal office is to furnish lurking places for microbes.

Cecil Rhodes's Erratic Ideas.

William T. Stead comes forward with a further explanation of the remarkable will of the late Cecil Rhodes. It emphasizes the conclusion already reached that Mr. Rhodes's genius was accompanied by extremely erratic mental processes. According to Mr. Stead, the South African empire builder had expressed in a former will his thorough contempt for "the pig-headed statesmen who, in the time of King George III., destroyed the unity of the English-speaking race." Rhodes felt it incumbent upon him to try to redeem the blunders preceding the American Revolution, and that seems to have been the object of his international scholarships. Unquestionably Cecil Rhodes took broader views of world politics than most men, but along with his highest aspirations and most liberal designs there was a peculiar admixture of narrow prejudice. It was, no doubt, the manifestation of this petty side during his life that prevented full appreciation of his superior genius.

Fighting Bob Evans declares that the greatest number of pretty women seen by him during his tour of the country in company with Prince Henry were in Milwaukee. The reputation of the Wisconsin metropolis for something else that makes it famous arouses the suspicion that Bob might have seen double.

It is denied at Beaumont that the Spindle Top gushers require artificial pressure to make them produce. Possibly they have not reached that condition yet, but their nearness to each other makes it certain they soon will.

It is to be hoped that Miss Hetty Green has made a study of the geography of that pistol pocket so that there will be no confusion in case of an emergency.

Most of the New York newspapers were so negligent as to let the fact of Bishop Potter falsifying pass by without using the prelate's picture to adorn the story.

A Day of Gloomy Sensations in New York

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square,
NEW YORK, May 9.

What with the Ford brothers tragedy and the funeral of Archbishop Corrigan, New York has had sensation enough to engage its attention today. At the home of Paul Liecester Ford, where the bodies of the two victims lie in an upper chamber, there was nothing outside to indicate excitement within. The window shades were all closely drawn, and there was no crowd of curiosity-mongers outside. It seemed that the whole dreadful story told, there was nothing else for discussion, and the family was left alone with its grief. Still, the discussion of the murder and suicide has been persistent all day, and particularly this evening, when there was more time for it. It is understood that the double funeral will take place tomorrow, and after that public interest will fade away, as it always does, unless there are new features to revive it. At St. Patrick's cathedral this morning the solemn requiem mass for the dead archbishop was celebrated with great pomp and in the presence of an immense concourse. Those that were able to enter the cathedral were the smallest part of the general assemblage, however. Thousands of people were in Fifth avenue, watching the priests and others going into the edifice. The police had all they could do to keep the crowd back. Orderly it was, but none the less determined to see what it could of the ceremonies, and the stalwart officers, sympathizing with the feelings of the people, pushed them back as gently as they could consistent with doing their duty. There were 470 policemen in all. Over all tolled the bells from every Catholic church in the diocese. There was not much to be seen outside of what was taking place within, and there was not even the satisfaction of looking at the coffin on its way to the hearse, for the interment took place inside the cathedral, in strict privacy. Still, the expressions of respect for the archbishop were emphasized by the gathering in the street, to say nothing of those drawn thither by curiosity. Take it on the whole, the fronting population of idlers in which the city is so rich have had plenty of entertainment for the last two days.

Bargain Day Throngs.

It was bargain day in Fourteenth street and the rush down there was terrific. There may have been more women crowding the sidewalk in this famous shopping place than on previous occasions, but it would be hard to believe. It looked at noon today as if all Harlem and most of Brooklyn, as represented by its femininity, were in Fourteenth street to pick up a few of those fascinating "mark-down opportunities" that come only once a week except when some dry-goods firm becomes extra enterprising and rings in a bargain day out of the regular order.

Opera Company's Special Train.

The members of the Duquesne Opera Company will leave New York via the Baltimore & Ohio railroad on Sunday night in a special train consisting of two Pullman sleepers, one day coach and one extra baggage car, bound for Pittsburgh, where they will arrive Monday morning. The special will be adorned with a cloth sign with this inscription: "Duquesne Opera Company Special." Manager James Conant of the Garden has been advised and will have all in readiness for the "troopers" when they reach their summer home. The special will be in charge of the Pittsburgh theatrical men, John B. Reynolds and Charles Drew, the comedian. The season will open with the musical extravaganza, "1492," to be followed by "The Isle of Champagne," "Martha," "Belle of New York," "Wizard of the Nile" and other favorites.

A Spell of Weather.

Frost is threatened for tonight. No one cares. The weather has been so delightful in New York for the last fortnight that a spell of mean conditions now would not disturb the temper of anyone. There was a high wind this morning, which, out at Sandy Hook, was a gale. Even in the North river the white caps tumbled about in angry multitudes, and crossing the waters became something of an intrepid performance over which one might congratulate himself when he reached dry land again. The wind did not interfere with the movements of shipping to any extent, although the breeze was sharp enough to call for close-reefed topsails and a steady hand at the helm for every craft that ventured to the open sea.

Spanish Veterans' Day.

Spanish war veterans are getting ready for a big time tomorrow evening. It will be the reunion in the Grand Central palace and it is expected that men from many states, including some Pittsburgh's, will take part in the gymnastic drill and fencing exercises which are part of the program. Rear Admiral Schley will review the veterans in the course of the evening.

A Race of Skyscrapers.

There appears to be a race between the builders of the three big buildings on Broadway, at the junction of Fifth avenue and Twenty-third street, and the two edifices in Herald square. That at Twenty-third street, on the "flat-iron," while much higher than any of the others, was begun sooner, so that it is running about even now. All three of the structures have some of their stone facing in place, and it is even betting that any one will be finished ahead of the others. What makes the speed contest the more interesting is that the same contracting firm is building two out of the three new houses.

Devery's Setback in Court.

It has been one of the pleasant delusions of W. S. Devery that he is still chief of police of New York. The appellate division of the supreme court today jolted that delusion out of connection by upholding the lower court in its refusal to grant Devery a mandamus compelling the controller to pay him his salary as chief while acting as deputy police commissioner. This settles W. S. Devery's claim, except that he can, if he likes, take his case to the court of appeals. And yet, according to popular belief, there is no other man in New York today that can swing the police force of this city as he likes so swiftly and surely as "Big Chief" Devery.

Italian Line's Change of Wharf.

Prince Henry's visit was a good thing for Italian shipping at this port. When the imperial yacht Hohenzollern was docked at the foot of Thirty-fourth street, in the North river, attention was called to the berth as a most desirable one. The Italian Royal Mail and the Fast Italian line (La Veloce) conceived the idea of moving from their old quarters, pier 40, and going up to Thirty-fourth street. They completed negotiations today and one of their ships, the Nord America, is in the new slip now.

Failure of Five-Cent Journalism.

A receiver has been appointed for the Daily and Sunday Telegraph of this city. The paper is devoted to theatricals and sporting matters, and is chiefly remarkable for selling itself at 5 cents a copy in this day of 1-cent good newspapers. As the paper's assets are given at $24,000, while its liabilities are $200,000, it looks as if it were not any more profitable in New York and elsewhere to run a 5-cent paper in a 1-cent town.

Dramatic Experiments.

This is the time of year when New York gets an occasional "authors' matinee" in disengaged Broadway theater. "Little Miss Mouse," an adaptation from the French by Dore Davidson and Katherine Berrie di Zerega, was done at Wallack's yesterday afternoon and the critics are having lots of fun with it today. The piece is declared to be absolutely without merit in its English form, and the production may be set down as the first, and perhaps the worst, of these tentative entertainments for the present season. Mrs. Robert T. Haines is making preparations to try her play, "Hearts Aflame," at the Garrick next week. It is hoped that she will have better luck than attended "Little Miss Mouse." It may be remembered that Amelia Bingham accepted "Hearts Aflame," but balked on it before the time arrived for production, preferring to try her present vehicle, "A Modern Magdalen." Then Mrs. Haines got mad, took back her play and will play it herself to show Miss Bingham what she has missed. Walter N. Lawrence is managing the production.

Alleged Earthquake in New York.

New York has had an earthquake this week. No one here knew anything about it until William A. Eddy of Bayonne, whose name is associated with monster kites that have been turned to advertising and other uses in the last few years, told us today that there was a "rumble" and that it could be felt on the top floors of skyscrapers when the conditions were exactly right. Perhaps the conditions were not "right." At all events, Prof. Eddy is the only person that seems certain about it.

Sequel of an Enoch Arden Romance.

There was a pathetic scene in the Brooklyn supreme court today when Mrs. Mary T. Poerr, a widow, 51 years of age, obtained an annulment of her marriage to John S. Knight in 1898. The story told in court was that Mrs. Doerr's first husband, Doerr, went to California in the 40's and was believed to have died there. Then Mrs. Doerr married Knight. Doerr came back, and she left Knight to live with Doerr. Knight went to the Arctics and died there. Doerr died. Now Mrs. Doerr wants to lie in the grave by the side of her first husband, Doerr, in her right name, and an annulment of her marriage to Knight was necessary before it could be done. The court signed the decree in its usual matter-of-fact way, but Justice Smith, who happened to be on the bench, looked at the old lady with moistened eyes as he listened to her tale.

Manicure Clients in a Panic.

There was an awning on fire in upper Sixth avenue this morning. It happened that the awning belonged to a manicure establishment and it created a panic inside. Half a dozen women in kimonas presented a more or less picturesque appearance, half-manicured, with rose-pasta smeared on their fingers or in the midst of a shampoo, with soapsuds on their heads, burst out of the front door and looked wildly about them. The ribald crowd cheered. The kimona girls and women ran in again and screamed. The firemen with their engines and hose carts had arrived by this time, and they shouted that there was "no danger." One of the patients, with bronze-gold hair hanging down her back, answered back that the firemen were brutes. Some of the motormen and conductors of the traction cars helped the firemen to tear away the burning awning. The firemen went home, the cars went on, the crowd dispersed, and the interrupted manicures and shampoos were resumed.

Express Strike Compromised.

The strike among the employes of the United States Express Company in Hoboken is over. Both sides say they have the best of the argument. Compromise is understood to be the talisman that unlocked the difficulty. There was great bustle about the company's Hoboken warehouse today, and everybody seemed to be happy.

Cranks Beset Mayor Low.

Mayor Low is as much of a target for cranks as any other mayor New York has had. He has a stalwart policeman at his door perpetually, and the officer is a past master in the art of firing out cranks. A seedy looking man came to the door today and wanted to see the mayor. The policeman asked him what he wanted. After some verbal sparring the man said he wanted to find out whether the mayor was a Republican or a Democrat, and a Tammany politician who was within hearing put in the suggestion: "Let him in. Perhaps he is a mind reader." But it turned out that the stranger was from Jersey and wanted the civil service commission. He was steered in the right direction and the politician smiled disdainfully.

Exterminating the Mosquito.

Dr. Doty, health officer of the port of New York, tells the people of Staten Island that they need not make up their minds to be eaten alive by mosquitoes this year. He tells them this officially in these words: "The work of exterminating the mosquito, which was so successful last summer, will be continued this season; but instead of using the oil tank and hose on the various ponds and pools on the portion of the island, as was done last season, I purpose carrying on experiments at the quarantine laboratory. Various agents will be investigated with the idea of ascertaining what power they have in the destruction of larvae. This will call for the propagation of the mosquito in the laboratory and the careful study of this insect."

University Dance.

The annual dance of the senior class in the schools of applied science at Columbia university was held this evening in the university gymnasium, which was decorated with blue and white flags, streamers and festoons for the occasion. Supper was served in the faculty dining room in the alumni memorial hall at midnight. The senior dances have always proved successful in past years, and this was no exception to that gratifying rule. Tonight's dance closed the social season at the university until the commencement ceremonies at the middle of June.

Flags for Porto Rico.

A large flag 8x12 feet, and 10,000 flags 4x5 inches, are to be sent to Porto Rico by the Alexander Hamilton Women's Relief corps of this city, that the schools may properly observe Flag day. The flags will be sent to Roger Conant, supervisor of education on the island, who wrote some time ago to the Colonial chapter, Daughters of the American Revolution, that teachers, children and their parents are enthusiastic but have no means of celebrating the day.

THE DEATH ROLL.

Mrs. Jane McLean Tod.

Mrs. Jane McLean Tod, widow of Samuel Tod, a former well-known resident of Pittsburgh, died yesterday at the home of her nephew, Herbert L. Stitt, No. 1122 Locust street, Allegheny, in her 80th year. Mrs. Tod's home was in Ft. Dodge, Ia., where she had moved with her husband shortly after their marriage in this city in 1845. She had been visiting at the homes of her children in the east, and on Saturday while returning to her home stopped off to pay a visit to her nephew's home in Allegheny. Shortly after arriving in Allegheny she was attacked with bronchitis, which resulted in her death. Mrs. Tod is survived by a large family of children.

Mrs. Caroline C. Parkinson.

WASHINGTON, PA., May 9.—(Special.)—Mrs. Caroline C. Parkinson, wife of the Hon. R. W. Parkinson, died last night at her home near Old Concord, in Morris township, this county, aged 70 years. She was a daughter of Elias Day, who settled in Southern Washington county early in the last century. She was a graduate of Waynesburg college, and taught for several years in the schools of this county. She is survived by her husband and the following children: J. E., O. E. and Miss Elizabeth, of Old Concord; Mrs. J. E. Garvin of Washington and Attorney R. W. Parkinson of Washington.

Michael McCarthy.

Michael McCarthy, aged 32 years, of North Braddock, died yesterday at the Mercy hospital. He was taken there last Sunday afternoon. He had been ailing with an affection of the stomach for some months previous to an attack of varioloid. How he contracted the disease is not known. He was employed at the Edgar Thomson steel works for some years. He is survived by his wife and two children. The remains were removed to Braddock last evening and this morning will be taken to Cresson, Pa., his former home, for burial.

Mrs. Isabella Morgan.

NEW CASTLE, PA., May 9.—Mrs. Isabella Morgan, widow of J. T. Morgan, died at her home last night. She had been ill for several months, and last night was left alone by the nurse for a short time. When she returned Mrs. Morgan was found lying at the bottom of the staircase, and it is not known how she got there. It is thought she fell in a faint. She died soon after. Mrs. Morgan is survived by three children and was 54 years old.

David Evans.

SHARON, PA., May 9.—(Special.)—David Evans died at his residence in South Sharon this morning from the effects of a stroke of paralysis sustained last night. He was 51 years old and came to South Sharon from Youngstown, O., some time ago. He is survived by one son, who is a director in the South Sharon schools.

Amos Cook.

SHARON, PA., May 9.—(Special.)—Amos Cook, a well-known farmer living near Sharon, died last night from heart failure, following a severe case of measles. He was 40 years old and leaves his widow and several children.

Obituary Notes.

Joshua C. Patterson, 73 years old, died yesterday at his home, No. 4709 Fifth avenue.

George C. Cormick died yesterday evening at his home, No. 826 Inwood street, East End.

James M. Boyd of the produce firm of James M. Boyd & Co., Penn building, is dead at his home, 1429 Sheffield street, Allegheny, in his 57th year.

Mrs. Isabella McCreary, 57 years old, died Thursday at the St. Francis hospital of lung trouble. She is survived by her husband, H. H. McCreary, and one daughter.

Held Memorial Services.

Special services were held yesterday in honor of the late Rev. Father August A. Wertenbach, who for 12 years was pastor of the St. Joseph's German Catholic church, George street, Braddock, at that church. Solemn requiem high mass was celebrated by the Rev. Father F. P. May, the present pastor of the church, assisted by the Rev. Father A. A. Lambing of Wilkinsburg, as deacon; the Rev. Father William A. Cunningham of St. Colman's church, Turtle Creek, as master of ceremonies, and the Rev. Father Joseph Burgeon, assistant pastor of St. Thomas' church, Braddock, as sub-deacon. The choir of the church, 24 voices, sang Smith's Requiet Mass, and a eulogy was delivered by the Rev. Father Cunningham. The Rev. Father May delivered an address in German.

WRIGHT WRONG AGAIN.

The Cleveland Jumper Once More Jumps from the Brooklyn Club.

Pitcher Clarence Eugene Wright, whom the Brooklyn club reclaimed from the Cleveland American League club, seems to have done another jumping act and was reported missing at the Monongahela house last night, much to the chagrin of President Ebbetts and Manager Hanlon of the Brooklyn team.

Wright is one of the Dayton players who jumped Brooklyn last winter and who was reclaimed by President Ebbetts, who made a special trip to Cleveland for that purpose on Thursday night. Mr. Ebbetts and the pitcher arrived here yesterday and took up quarters at the Monongahela house. It now turns out that President Kilfoyle of the Cleveland club, on learning of Wright's desertion, followed him here, arriving yesterday afternoon. He called at the Monongahela house early last evening and sent up his card to the twirler, who at once answered it. That was the last seen of him. It is thought that Mr. Kilfoyle induced Wright to return to Cleveland with him and the pair left for the forest city last night. The Brooklyn people are very much puzzled over Wright's action, as they allege that he made the first overtures to return to the Brooklyn club.

The art reproductions of the Tonnesson sisters will be given free with The Sunday Gazette beginning May 18.

PERSONALS.

The second annual banquet of the Principals' Round Table of Allegheny county was held in the banqueting room of the Hotel Henry last night. The room was nicely decorated and 32 members were seated when the first course was brought in. The toastmaster was Prof. H. J. Rose of Sewickley and the following toasts were offered and responded to: The first toast was "Schoolmasters' Clubs," and was responded to by Prof. Grant Norris of Wilmerding. "The American Parent," Prof. G. C. Williams of Bellevue. "The Absent Ones," this toast referred to the absent wives of the assembled teachers and was humorously responded to by Prof. J. Q. A. Irvine of Etna. "Why So Many Stags," Prof. J. B. Keener of Swissvale. It was nearly midnight when the banquet ended. Among the honorary guests were Supt. Lamb of Braddock and Supt. Reed of Mifflin township.

G. M. Worthington, an electrical supply dealer of Vera Cruz, Mexico, passed through the city last night on the limited from New York. "My visit to the states," he remarked, "was to purchase a stock of supplies for my business. Within the past five years much English and American capital has been invested in Mexico. Large copper and iron deposits have been found in the southern section of Mexico which are now being developed. Some German capital is coming into the country and is being used for the purpose of building new railroads. I understood before I left home that a number of Pittsburghers had secured options on several large plantations near the coast."

W. G. Sporel, a dry goods merchant of Chicago, was a passenger on the limited. "Prices are stiff," he said, "and manufacturers are from 60 to 90 days behind on their deliveries. Desirable stuff is very scarce, but the market is full of inferior goods. This promises to be the best season in the history of the dry goods trade, but I am afraid that, under existing conditions, we will not be able to meet the demand. The mills are running day and night in the east I was told while in New York, but the owners say they are unable to catch up with their orders."

The inmigrant business on the Baltimore & Ohio is very good at present. Yesterday 12 cars, containing 672 persons, arrived in the city over this road, 305 of whom got off in Pittsburgh and the other 407 went farther west. The steamer Chemnitz came into dock in Baltimore on Thursday with 1,775 immigrants, and this load of human freight will be divided up and pass through Pittsburgh between 6 and 9 o'clock this morning, in four sections of No. 9, over the Baltimore & Ohio.

Col. John S. Cooper, an attorney of Chicago, was a passenger on the limited. He had spent several days in Pittsburgh on legal business, and while here was a guest at the Hotel Schenley. "Although Hopkins has been nominated," he said, "I think that 'Billy' Mason will give him a hot fight for the United States senatorship."

E. R. Brown, an oil man of Corsicana, Tex., is a guest at Newell's.

W. Hyde and E. Newsome of Manchester, England, are registered at the Hotel Lincoln.

James B. Barnes, a coal operator of Uniontown, is registered at the Hotel Lincoln. Mr. Barnes is also interested in the projected railroad between Uniontown and Wheeling.

Neighbors Visiting Pittsburgh.

At the leading hotels the following visitors from nearby towns were registered last night:

Lincoln—E. E. Wagner, Walner, Pa.; W. L. Johnson, New Castle, Pa.

Victoria—M. Mahon, Orrville, O.; J. W. Brown, Parkersburg, W. Va.; W. E. Blaney, Oil City, Pa.

Anderson—S. R. Dibert, Charlestown, W. Va.; W. B. Houston, Canonsburg, Pa.; F. D. McDonald, B. L. Brinker, Youngstown, O.

THE VARNER MYSTERY BEING INVESTIGATED

District Attorney's Office Will Make a Searching Investigation Into the Matter.

District Attorney John C. Haymaker's office is at work trying to unravel the mystery of little Edna Varner's death. Coroner Jesse M. McGeary still believes that somebody murdered the girl. The house of S. S. Eagle in Avalon, in which Edna died, was deserted yesterday. Mrs. Eagle is with her sister, Mrs. Charles Link, in Jackson street, Bellevue.

County Detective Robert G. Robinson is working on the case and says he hopes to clear up the mystery. Assistant District Attorney Grimes said he believed no arrests would be made soon, as it would take some time to investigate the case.

Mrs. Eagle was seen yesterday at her sister's house. She said the stories that she had abused the girl were started by a woman who is an enemy of hers. She is very indignant at Coroner McGeary, who asked her at the inquest whether her husband had shot Edna.

Dr. Walter C. McCandless characterized as ridiculous the story from Petrolia, where the girl was taken to be buried, that three bullet wounds were found in the body. He says there was just one wound, near the heart, and any other marks that looked like bullet wounds were probably made by him during the course of the autopsy.

Coroner McGeary said yesterday that the testimony given at the inquest showed that Eagle was away from the house at the time the shot must have been fired. The coroner said that some of the witnesses who had been talked to by his deputies before the inquest had weakened when on the stand and, therefore, the jury could not place the blame for the murder on any person in particular.

DOUBLE FORD FUNERAL.

Murdered Novelist and His Slayer Will Be Buried at Irvington-on-Hudson—Mrs. Ford Stronger.

NEW YORK, May 9.—There was a meeting of relatives of Paul Leicester Ford and Malcolm W. Ford today, at which E. H. Kidder, Mrs. Paul Ford's father, Roswell Steele, Worthington Ford, and a sister were present. Later Worthington Ford said there would be but one funeral and that the service would be conducted by Bishop Burgess of Long Island, formerly rector of Grace church, Brooklyn, assisted by the Rev. Dr. Sayres, rector of St. Thomas' church, New York. Immediately after the service the bodies will be taken to Irvington-on-Hudson for interment.

Dr. Munroe, the Ford family doctor, and Dr. Baruch, who was called in immediately after the tragedy yesterday, said Mrs. Paul Ford had rallied entirely today from the shock. She is still weak, but is out of danger.

Mrs. Malcolm Ford, who secured a divorce four years ago, visited Malcolm Ford's late home and saw her seven-year-old boy, who had lived with his father.

Golf Starts at Sewickley.

The golf season will open in Sewickley at the Edgeworth club this afternoon. It will be the first round of the medal play to qualify for the Edgeworth team, which will take part in the golf league contests. The contest will be continued Saturday, May 17, at which time it is expected to have the Edgeworth team picked out. The course is reported to be in excellent condition, and some good scores are expected, if the wind is not too strong.

The art reproductions of the Tonnesson sisters will be given free with The Sunday Gazette beginning May 18.

WILMERDING HAS OLD DEBTS TO BOTHER IT

Borough Officials, Past and Present, Owe $15,596, and Settlements Are Asked For.

"I shall pay up any indebtedness the borough of Wilmerding has against me," said Edmund Bishop, former tax collector, yesterday. Bishop's indebtedness, as figured out by the auditors, is $1,516 55.

The total indebtedness of the borough officials, past and present, is $15,596. Bishop's term as tax collector expired in 1897. He was then paymaster of the Westinghouse works and since then has been a clerk in one of the departments. George Herriott, solicitor of the borough, says he has repeatedly called upon Bishop to settle, but every time the request has been ignored. It is common talk in the borough that if Bishop does not want to pay he need not, as he was never under bond and the period of limitation has passed.

The indebtedness of T. H. Sibothan, who succeeded Bishop, is set at $2,954 47. That of H. H. Welsh, Sr., the present collector, at $5,212 61. The balance, $5,912 37, is charged up to other officials. It is not even intimated that there has been any crookedness, but it is said that the officials he conferred with were very careless. Solicitor Herriott says that in one or two cases, if they were taken to court, criminal carelessness might be proved.

Most of the shortage is caused because the officials have not been exonerated of uncollectable accounts that have been put in their hands. For years this has been going on and the auditors and solicitor are attempting to get the books squared up. The council will meet on Monday night.

PRESIDENT SCHWAB LAID UP YESTERDAY

Indisposition Prevented Him From Accompanying Inspection Party to Kiskiminetas Valley.

President Charles M. Schwab, of the United States Steel Corporation, yesterday left the inspection party which he brought from the east to take care of itself. The head of the great corporation was feeling indisposed and considered it adv

WEST LIBERTY

PLAN OF LOTS NO. 1

Come Today if Possible! Come Tomorrow Sure! See Where the Grand Route of the Wonderful New Mt. Washington Tunnel Line Runs Directly Through West Liberty Property! See the Enthusiastic Buyers Snapping up Lots on All Sides! See the Little Amount of Money it Takes to Get in on the Greatest Investment of the Age!

All previous real estate records are being left far in the rear by this wonderful sale of West Liberty Property. But think of the reasons for this phenomenal selling! Consider that the great new Mt. Washington Tunnel Railway runs exclusively through the properties of the Beechwood Improvement Co., Limited! Consider the fact that adjoining properties are in most instances one-half mile or further away from this wonderful traction enterprise, and that, even with this big drawback, their owners are asking $200 to $500 for lots that haven't half the advantages of the ones we are selling at $50, $75, $100 and $150!

Everybody is enthused over the prospects. Everybody is buying lots because they realize that no such an opportunity for doubling and trebling their dollars was ever before presented, and will likely never occur again. Ask the shrewd investors who have given deep consideration to every point! They will tell you that IT'S SURE! Take warning at the way lots are selling. Come as soon as you can and bring the money with you—no lots will be reserved.

Here are the prices that are causing the big sensation. Think of these

CHOICE LOTS GOING AT $50, $75, $100, $150, $175, $200, $250, $300, and $350 Each.

TERMS:

$10 down and balance $1 a week up. No Taxes! No interest for two years! 10 Per Cent Discount for Cash.

A policy of insurance guaranteeing title of property and issued by the Guarantee Title & Trust Co. will be free to each purchaser.

GENERAL WARRANTY DEED.

Our deeds will contain no restrictions except on building line. They will be in fee-simple-free and clear of all encumbrances.

WEST LIBERTY'S GREAT FREE LOT PROPOSITION:

In order to start "building" with a rush we've decided to give 7 LOTS ON 7 DIFFERENT STREETS FREE TO THE FIRST PURCHASERS completing the erection of the first seven houses exceeding in cost $2,000 each. This is a proposition that is bound to receive approbation on all sides. No wideawake investor will dilly-dally about snapping up such a grand money-saving inducement on property having such an unmistakable future.

HOW THE GREAT NEW TUNNEL RAILWAY AND 10-MINUTE SCHEDULE TIME WILL DOUBLE AND TREBLE THE DOLLARS OF THOSE WHO GET IN ON THE GROUND FLOOR.

Consider every point and advantage before you spend a single cent. Hear the opinions of the enthusiastic throngs who came out to West Liberty yesterday. Come out and stand on that beautiful knoll on the Neeld farm, now known as the West Liberty Plan of Lots No. 1, and view the grand sight stretched out before your eyes—consider its significant meaning. You will see that this property is within throwing distance of the city limits. You can be sure, **ABSOLUTELY SURE,** that the Mt. Washington Tunnel will be built and that the High-Speed Railway will make the ten-minute time we claim—just think, from Court House to West Liberty in 10 minutes! A well-known Pittsburgh business man, who, at first a little skeptical, was readily convinced of the surety of our claims, after figuring how such a property is bound to increase in value, bought up an entire block of lots and says he considers it one of the best investments of his life.

But it doesn't take a minute to convince even the MOST skeptical. Do you suppose a company having the reputation of The Beechwood Improvement Co., Ltd., would make misrepresentations to its patrons? We have over 5,000 patrons, all of whom have made money on their purchases and profited from investment with this company. In addition to this property The Beechwood Improvement Company, Limited, has purchased all the Ravine property at Washington avenue, below the Castle Shannon Railway station, which they intend to use for dumping the ground from the new tunnel. After this ravine is filled up the High-Speed Railway will run on this property. It crosses Boggs avenue, the ordinance having passed the city councils giving this privilege. From that it goes to other private property of The Beechwood Improvement Company, Limited, where it reaches the beautiful hill you will stand on, at a five and one-half per cent grade.

The Properties you will see as far as your eyes can carry, covering an area of about 300 acres, also belong to The Beechwood Improvement Company, Limited. This takes you to the city limits.

The Beechwood Improvement Company, Limited, has expended over one-half million of dollars for the purchase of these properties, and has also obligated itself largely to get matters into shape to build the mammoth tunnel. Do you suppose if the intention of The Beechwood Improvement Company, Limited, was not to build this tunnel that it would have expended this enormous amount of money?

Take Cars on Mt. Lebanon Hill Top Line to Saratoga Ave., West Liberty.

WE HAVE CHARTERED SPECIAL CARS FOR THIS SALE.

Take these cars until Grand New Mt. Washington Tunnel Line is completed. On Sunday Special Rigs will be at Corner of Beltzhoover and Washington Avenues to carry crowds in case of any accidents or delays on Street Car lines. This point can be reached by Knoxville and Castle Shannon lines.

WEST LIBERTY'S GRAND IMPROVEMENTS:

West Liberty is to have uniformly graded streets; sidewalks will be laid. Natural Gas is already on the property and the Chartiers Water Co. have agreed to run water to the plan this summer. Building restrictions will require that all the residences be built back from the sidewalks. Every care will be enlisted to see that the beauty of the thoroughfares is not marred in any particular. Engineers of ability will assist in working out the plans of this great modern residential city. Churches and schools are even now in close proximity to the property. The famous old Mt. Lebanon church is within sight of almost every lot in the plan. What is not already located there in the way of religious and educational advantages will be brought within easy access by the improved high-speed traction service.

Free From Smoke, Fog and Dirt.

The striking virtues of West Liberty property are its cleanliness and healthfulness. The lots are all far removed from the great industries of the South Side and Ohio river, and being in direct sweep of the northwestern winds they are proof against all smoke, soot, etc. Even were the properties within close range of these great manufacturing plants they would escape all these disagreeable features, owing to the winds driving the smoke, etc., in an entirely different direction from West Liberty.

The distance of the new Mt. Washington Tunnel from Carson Street to Washington Avenue is 4,000 feet. The grade will be about 5 per cent. It will be a solid arched brick tunnel. The illustration above shows light arrangement, etc. No wagon traffic will be allowed in this tunnel. You can imagine the time that will be made.

IDEA OF HAVING BIG TIME ON THE FOURTH GROWS

Everybody Favors the Proposition to Make Event a Record Breaker.

CITIZENS TO HAVE A HAND

As Soon as Word Comes from Mr. Knox the Committee to Invite the President Will Move on Washington—Work of Finance Committee.

The proposition to have Greater Pittsburg join in a monster celebration of the coming Fourth of July, at Schenley park, is meeting with favor all along the line, and daily the indications point more strongly in the direction of a stupendous success. Recorder J. O. Brown, Director J. Guy McCandless and the committees thus far appointed have started out enthusiastically and will not cease in their efforts until the rising sun on the Fourth sees all arrangements completed for carrying out the day's program without a single hitch.

Recorder Brown has appointed, besides his committee on speakers, etc., a committee on finance, which is expected to meet soon and devise means of raising the money to cover expenses. This committee is composed of prominent business men, who will have entire charge of the ways and means end of the celebration.

Waiting for Word From Mr. Knox.

The committee, which asked Attorney General P. C. Knox to arrange for a meeting with President Theodore Roosevelt at which he is to be invited to Pittsburgh for the Fourth, has received no reply as yet, and is still in doubt as to when it will leave for Washington. However, the committee continues hopeful, basing their hope of a successful issue of their plan on the fact that their invitation to the president will be an early one and the further fact that he has never visited Pittsburgh since becoming the chief executive, and their belief that they can so present the matter that the president will consider the trip one well worth making.

This is the first year since the city started out to have big Fourth of July celebrations genuinely that the citizens have had anything to do with the affair other than subscribe money to pay the bills. In former years either the mayor or the director of public works has always had the entire affair in his charge, from receiving the money subscribed to the payment of the bills. Their time has been taken up in arranging programs and engaging attractions, when they really did not have the time to give to the matter.

Prominent Citizens Will Work.

This year, however, with the idea in view of having the greatest demonstration Pittsburghers have ever seen, Recorder Brown very wisely selected two committees of prominent citizens to assist in the work. These committees, both composed of busy men, will take enough time from regular business affairs to arrange the demonstration.

The program for the day will, it is thought, be much the same as in former years, only more elaborate. It is in the air also that the president is expected to do his part, in case he comes here. The two Pennsylvania senators, Quay and Penrose, and Congressmen Dalzell, Graham and Acheson, all from western Pennsylvania, are also to be invited to attend the demonstration.

During the evening the finest display of fireworks ever shown in this city will be set off. The present plans are that the celebration will last from about 10 o'clock in the morning until at least the same hour in the evening.

More Words of Approval.

Francis J. Torrance, who was appointed by Recorder Brown on the finance committee, approves of the celebration, and says he will be willing to serve on the committee. "I think it is a good idea to have this Fourth of July demonstration," said he. "It reminds the people of what happened on that day so many years ago, which cannot help doing good. So far as the committee is concerned I am perfectly willing to serve on it. I have no idea how much money will be required to cover the expenses and I do not know yet what the finance committee intends doing to raise the funds. I believe in having only one celebration, because people then know when to go. With one in each city people are undecided where they want to go most."

John B. Jackson, president of the Fidelity Title & Trust Company, is also in favor of the celebration. He said: "I think it is all right to have a fine, big celebration here, stir up patriotism, make the eagle scream and have a fine time generally. Yes, you may say that I am entirely in favor of it."

Railroads Ready to Assist.

Leading officials of the railroads entering Pittsburgh yesterday expressed themselves as ready to do all in their power to make the big celebration as great a success as possible. Robert Pitcairn, resident assistant to the president of the Pennsylvania railroad, said: "We are all for Pittsburgh, and the Pennsylvania has a reputation for taking care of its patrons on all occasions. The road will certainly do it in this case."

Louis G. Haas, general superintendent of the Baltimore & Ohio, spoke in a similar vein. Mr. Haas said: "The Baltimore & Ohio will do all in its power to accommodate the thousands from outside the city who will wish to be here for the big celebration. Extra equipment needed to handle the people will be provided."

General Superintendent J. B. Tobe of the Pittsburgh & Lake Erie said the Lake Erie would help to add to the day's attendance by making all arrangements needed to bring the people to Pittsburgh.

The art reproductions of the Tonnesson sisters will be given free with The Sunday Gazette beginning May 18.

COAL LANDS PURCHASED.

Eastern Syndicate Secures Valuable Properties.

An eastern syndicate has purchased 40,000 acres of coal property in Indiana and adjoining counties at an aggregate price of about $1,800,000. Col. John McJaughey held options on the property.

The coal, which is of the uniform high grade quality of the region, underlies portions of the townships of Armstrong, Center, Blacklick, Young and Conemaugh, in Indiana county; Cowanshannock township in Armstrong county, and Kiskiminetas township, in Westmoreland county, the entire body of coal being contiguous. The property will be near new railroad developments and the opening of the coal will be taken up in a short time.

The representatives of the syndicate, so far as known, include W. J. Emerson of Boston, Mass.; E. D. Carter and Louis Streuber of Erie, Pa.; B. E. Cartwright and L. P. Snyder of New York, and W. H. Stanney and Dr. J. C. King of Reynoldsville, Pa.

"A Good-Night Kiss," by the Tonnesson sisters, will be an Art Supplement given free with The Sunday Gazette of May 18.

Society.

THE late afternoon hours seem to gain in popularity for spring-time weddings. Particularly interesting will be the 4 o'clock wedding of Miss Mary McMasters Laughlin and William Christopher Robinson, which is to take place at Franklin Farm, the summer home of the bride's grandfather, the Hon. Benjamin F. Jones, in Sewickley Heights. Miss Laughlin will have seven attendants. Her younger sister, Miss Madelaine Laughlin, will be the maid of honor, and the bridesmaids will be Mrs. John H. Ricketson, Jr., Miss Marguerite Singer, Miss Louise Wood, Miss Elizabeth Chambers and Miss Rebecca Darlington of this city and Miss Lippincott of Philadelphia. As it will be a house wedding there will be no ushers. Mr. Robinson will be attended by his brother, H. H. Robinson, as best man. The ceremony will be performed by the Rev. Maitland Alexander, D. D., pastor of the First Presbyterian church, Wood street. The bride and her attendants were nearly all school friends at Farmington, Conn.

Out-door features will be in evidence at this wedding as far as possible. It is expected that the ceremony will be performed in the large hall of the handsome country house, the outer doors thrown wide open and the rich green of tree and lawn forming a background for the bridal party. The fact that the wedding day, May 21, will also be the anniversary of the wedding day of the bride's grandfather and grandmother, Mr. and Mrs. Jones, adds no little interest to the preparations for the wedding day. At the informal reception immediately following the ceremony the receiving party will include the young bride and the bridegroom and the other bride and bridegroom of more than half a century.

Concert for the Newsboys.

The annual open concert of the Tuesday Musical club next Tuesday evening will also be the last meeting of the members of the club for this season. The concert will be given in the music room of the Hotel Schenley for the benefit of the Pittsburgh Newsboys' home, and promises to be a most delightful occasion. An attractive program will be presented, including numbers by the Chorus club, and solos for voice, violin and piano. Several of the numbers will be heard for the first time in Pittsburgh. Many of the favorite singers and players heard at former concerts will appear, including Miss Henriette Kiel, Mrs. Lawrence Litchfield, Miss Annie Tindle, Miss Webster, Miss Johnston, Mrs. McKennan, Miss Steinert and Miss Nellie Bender. Miss Ethel Skiles, who scored such a success at the annual concert of the pupils of James Stephen Martin, will also sing, and Miss Eva Lippa, Miss Katherine Ellis and Miss Jane Lang will have a part in the program, which will be as follows:

Fresh Air Work at Sewickley.

The Sewickley Fresh Air home on Big Sewickley creek is being put in condition for the first assignment of children, which will arrive during the first week in July. It is expected to take the children there in squads of 60. The Young Women's auxiliary of the Fresh Air society is perfecting their plans. They will have charge of the home during September, when the home will be occupied by working girls from stores, shops, factories, etc. It has been decided by the Young Women's auxiliary to hold a musicale at the Edgeworth club house on Monday evening, June 2. Among the auxiliary's active members are Mrs. Frederick Way, Mrs. George Rice, Mrs. John Semple, Mrs. Williams, Miss Elizabeth Love, Miss Watt and Miss Mary Maderia.

Quaint Birthday Party.

Mrs. R. S. Belcher of Collins avenue, East End, gave an old-fashioned tea party yesterday afternoon to celebrate her birthday anniversary. The hostess wore a quaint gown of colonial days. Assisting her were Mrs. W. MacDonald MacDowell, Mrs. Burn, Mrs. T. Hobson, Mrs. N. Christ and Miss Maude MacDowell, all wearing gowns recalling the fashions of other periods. The guests also wore quaint old-fashioned gowns, were provided with knitting and their time in knitting, and to while away the time recited some of the rhymes which were among their first "pieces" at school. Mrs. G. T. Stuart poured the tea and the refreshments consisted of home-made cakes and candy.

Gave a Farewell Dinner.

John Irwin Milligan of the Colonial, Wilkinsburg, was the guest of honor at a farewell dinner given by some of his friends at the Hotel Henry Thursday evening. Mr. Milligan is leaving Pittsburgh for Manchester, England, where he will be associated with the British Westinghouse Electric Manufacturing Company, limited. The dinner party consisted of Mr. Milligan, C. H. Sanderson, Arthur J. Jones, W. D. Ligon, D. F. Rogers, William Cameron, L. A. Foundstone and J. A. Gurney.

Dinner at the Golf Club.

Miss Anna Macbeth gave a dinner last evening at the Pittsburgh Golf club in honor of Mrs. Lee of Chicago. The guests were the younger girls and men, chaperoned by Mr. and Mrs. Bruce Millard.

Wedding Next Week at Canonsburg.

Alice, daughter of Mr. and Mrs. John L. Cocking of Cannonsburg and Dr. William D. Inglis of Claysville will be married at the home of the bride on Thursday evening, May 15. The ceremony will be performed by the Rev. Robert S. Inglis of Newark, N. J., a brother of the groom. After the ceremony they leave for New York, sailing on Saturday, May 17, for Leipsic, Germany.

This hat is made of rice straw. The underbrim is faced with white moire silk. Two handsome birds rest against the left lifted brim. Wide silk ribbon figured in a charming rose design is caught in choux around the crown.

Entertainments for the Brides.

Mrs. William Warren Card has invitations out for an at home on Monday, May 12, when the guest of honor will be Mrs. Henry Stone Card.

Mrs. Henry D. Atwood, who was Miss Macon before her wedding a few weeks ago, will be the guest of honor at a reception to be given by Mrs. Thomas T. Shields at her home in Edgeworth, on Monday afternoon, May 19.

Influence of French Language.

The last lecture in this season's course at the Berlitz School of Languages will be delivered this afternoon, when Monsieur LeFebure will speak on "Influences de la Langue Francaise sur le Monde Universel." Announcement is made that the summer courses in French, German and Spanish are beginning now.

Notes of Society.

Mrs. William McCullough of Sewickley gave a circus party yesterday.

The annual election of officers at the Twentieth Century club takes place today.

Mrs. S. C. Schoyer entertained the Epoch club yesterday at her home in Dallas avenue, East End.

Mrs. Charles Arbuthnot, Mrs. J. Franklin Robinson and Mrs. Charles Arbuthnot, Jr., give a luncheon today at "Old Orchard."

A recital was given yesterday afternoon at the Pittsburgh Conservatory of Music, the program being presented by Miss Etta Bender and Miss Elizabeth Webster.

The annual donation day at the Home for Colored Orphans will be held on Tuesday, June 3, at the Home in Termon avenue, near California avenue, Allegheny.

The last of a series of progressive euchre parties held by Pride of Troy Hill Council No. 61, Daughters of Liberty, for the benefit of the state council entertainment fund, will take place next Monday evening.

The Carnegie Glee club of Carnegie gave a concert at Oakdale last night. Solos were given by R. Dale Hoffman, W. MacShrodes, W. Griffiths Parker and F. Charles Freemantel. Robert Chess entertained the audience with readings. A feature of the program was the "Anvil Chorus."

Elaborate preparations are being made for a musical and literary entertainment to be given by the Epworth league of the Friendship Park Methodist Episcopal church on Tuesday evening, May 13. The Ascalon Commandery Knights Templar quartet, several of Prof. Byron King's pupils, Thomas Peath, boast singer at Trinity Episcopal church, and several others will take part.

BUSY DAY ANTICIPATED.

Many Events Scheduled for Local Golf Links—Team Match Between Pittsburgh and Westmoreland.

By far the busiest program of the present golf season is mapped out for today. The first league match will be played at Schenley between the Westmoreland Country club and the Pittsburgh Golf club, and the second round of competition for the Pittsburgh team and the second round of the handicap contest for the J. McK. Speer trophy will also be held there. The lowest net score for 36 holes takes the cup, and the 18 best gross for the same number of holes qualify for the team.

At Edgeworth the first 18-hole round of competition for the team will be decided, and the scores under handicaps will also count for the cup offered by George B. McCague.

At Highland the first 18-hole round for a handicap cup, to be finally played for on May 24, will be offered for the members.

The Logans Ferry course for the Westmoreland Country club will be open to members for the first time, with an 18-hole handicap sweepstake.

The Brighton Country club will be busy with general play, and the Pittsburgh Field club will likely hold a handicap sweepstake. The picked teams for today's match will be:

Pittsburgh.	Westmoreland.
Lawrence Dilworth,	T. O'H. Denny,
W. R. Blair,	Robert Leipold,
H. Griffin,	S. McV. McCance,
S. M. Laughlin, Jr.	Edward Johnson,
T. K. Laughlin,	J. T. Moore,
J. McK. Speer,	W. G. Carr.

THE J. P.'S DECISION.

He Sums Up the Coffee Case.

Judge W. W. Bowen of Creeds, Va., announces himself as a "reformed coffee toper," and gives authority to make the following public statement:

"For years the coffee habit had been growing on me until my condition was getting serious. I have considerable writing to do and had become so nervous that I had to depend almost entirely upon my wife to do the writing. Sometimes when it was imperative that I sign my name my hand trembled so I could scarce do it.

"I had severe headaches, stomach trouble, heart trouble, also some rheumatism. A friend, Rev. ——, one day sent me a package of Postum Coffee with request that I give up coffee and make a fair trial of Postum.

"I took the advice and the headaches ceased, also the stomach trouble. I now have no heart trouble at all except when I use coffee for a time. My old nervousness is a thing of the past.

"My wife also suffered for years with heart trouble and extreme nervousness. She has found relief by leaving off coffee and using Postum. We now think it a much better drink than either coffee or tea. I have known of a number of cases that have been entirely cured or greatly benefited by leaving off coffee and using the new beverage, Postum."

As Beautiful as Venus and Fair as Diana

How Mme. De Maintenon, the Most Beautiful Woman in History, Retained Her Beauty and Youthful Appearance.

How Any Woman Can Attain Beauty and Youthful Looks

Mme. DeMaintenon, said to be the most beautiful woman that ever lived, and the favorite of the luxurious court of Louis XIV., when seventy years of age, so history records, looked scarcely thirty. Her complexion was a marvel, and the envy of all the most noted beauties for which the court of Louis Le Grande was famous. Her youth and beauty, it was asserted, were ascribed to a secret lotion of Paracelsus, that kept her complexion in its youthful vigor and radiant glow, warding off the wrinkles and keeping away the lines and removing the blemishes that are the arch enemies of beauty and youthful looks.

This secret, for which Mme. De Maintenon paid a fabulous sum, can today be obtained by every lady at a very moderate cost.

After a diligent research into the laws of nature and a careful study in the realms of chemistry, Mme. Ruppert, the most noted Complexion Specialist of the present day, has discovered a formula that not only equals the secret formula of Paracelsus, but in many respects far surpasses it.

MADAME A. RUPPERT'S FACE BLEACH does all that the secret formula of Paracelsus did. It keeps the complexion youthful, retarding wrinkles and lines, removing the discolorations and blotches, giving that delicate pink and white glow, so natural to youth; making the skin smooth, clear and a marvel of beauty. Freckles, pimples, moth, blackheads, sallowness and oiliness of the skin rapidly disappears with its use, and there is scarcely a defect to which the complexion is heir which will not readily yield to its miraculous curative and youth-restoring qualities.

IT CANNOT FAIL to produce these grand results, and to it perfectly harmless to the most delicate complexion, as its action harmonizes perfectly with the laws of nature and hygiene, the two factors which must be closely adhered to and followed, to improve permanently one's personal appearance.

FACE BLEACH has a twofold action on the skin: 1st, a magnetical action, which attracts and draws to the surface the impurities and discolorations which collect below the outer skin, similar to the attracting property of the magnet for iron, and, 2d, a chemical action which scales off imperceptibly (in the form of a very fine dandruff) a slight surface of the outer diseased and dead cuticle, leaving the skin—beautiful and youthful looking by nature—clear, smooth and perfect.

THIS IS THE ONLY METHOD by which the complexion can be safely and positively rejuvenated.

A positive guarantee is given if Face Bleach is used according to the new special directions, which are furnished with each order, that it will remove every discoloration and impurity from your complexion.

All of Mme. A. Ruppert's world renowned preparations are sold by us at reduced prices.

PITTSBURGH'S EMANCIPATION IS DESCRIBED

George W. Guthrie Tells Municipal Leaguers How the Ring Was Whipped.

PEOPLE FULLY AROUSED

Stratagems of Enemy Checkmated at Every Point by Equally Skillful, but Legal Means—League Met at Fogg Art Museum.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Cambridge, Mass., May 9.—The national conference for good city government of the National Municipal league held its final session today in the Fogg Art museum of Harvard university. George W. Guthrie of Pittsburgh, chairman of the Democratic city committee, and Prof. J. H. Beale of Harvard read papers at the morning session.

Mr. Guthrie said in part: "The Pittsburgh ripper legislation and its consequences clearly show the danger of the dependence of the cities of this country upon the state legislatures, and that the sooner that dependence is ended, as recommended by the National Municipal league, the better it will be for the good government of both cities and states.

"As long, however, as a state retains to itself the regulation of the form and details of municipal administration it is necessary that it should have the power to change them from time to time whenever the interest of the municipality requires it, and that in doing so it should not be hampered or obstructed by the interests of a city official whose term of office may be shortened by the change. But this power is an extreme incident of the sovereignty of the state, and if exercised for any other motive than the interest of the municipality itself it is a breach of public trust and an act of tyranny.

"It is not my intention, therefore, to enter on a discussion of the power of the legislature of Pennsylvania to pass the so-called ripper legislation of 1901, but simply to give a short statement of the political situation in the state and the municipal conditions in the cities of Pittsburgh and Allegheny immediately preceding its passage.

Arraignment of the Ring.

"The administration in Pittsburgh was extravagant; franchises of great value were given away in perpetuity whenever asked for by the friends of the organization, or the city ring called itself, without any compensation to the city; vice was fostered by the police; contracts were let in the interest of favorites, and political patronage [illegible] elections and to promote [illegible] and political interests [illegible]

[illegible] of 1887 was enacted by [illegible] of government was im[illegible] city of Pittsburgh, which [illegible] city of the second class at [illegible] a strong protest from [illegible] which was renewed year after [illegible] they found that the affairs of the city [illegible] were as vicious as they [illegible] be, every legal remedy [illegible] gave them was

Ripper Legislation Necessary.

[illegible] apportionment of [illegible] political reputation to the organization, [illegible] majority in those [illegible] Municipal league and the [illegible] parts united in an effort to [illegible] city, controller and city [illegible] be the correct use of public [illegible] and by frauds at the polls [illegible] was enabled to defeat [illegible] and generally be[illegible] upon this result was reached by [illegible] in the counting of the ballots [illegible] possible was made [illegible] upon the ballot boxes [illegible] but the court held [illegible] give it the power and [illegible] election laws provided [illegible] ballots at all elections [illegible] the secrecy of elections [illegible] the general belief that [illegible] could and did ascertain [illegible] and in view of its [illegible] session many persons [illegible] feared to oppose it. [illegible] this was that the people [illegible] that their only hope of [illegible] the legislature or in [illegible] the organization.

Proposed No Change in the Law.

"At almost every session of the legislature changes were made for such changes [illegible] would restore to the majority [illegible] to govern the city, but until the session of 1901 the influence of the city administration was sufficient to defeat every measure introduced for that purpose."

After reviewing the events which led up to the fight in the legislature in 1901, Mr. Guthrie said:

"A bill was prepared which gave to the people of Pittsburgh the reforms they had been contending for many years. It was taken to Harrisburgh upon the express agreement that it should receive the full support of the state administration and the organizers, but when it was reported from the committee it was discovered that some one had altered it in several important particulars, the most objectionable changes being to preserve the delinquent tax collector and perpetuate councils in their old form. Upon learning of this the chambers of commerce demanded that the bill should be referred back to the committee and restored to the form in which it left its representatives we informed however, that at that stage of the session this could not be done; but it was generally agreed that if the bill passed the amendment would be introduced to restore it to the form agreed upon and should receive the same support as the bill itself.

Solemn Promise Broken.

"The bill was passed in the form reported by the committee, but instead of the amendment to restore it to the form agreed upon, amendments were introduced and passed which struck out many of the changes made by the chamber and which had been retained in the bill as passed.

"The constitutionality of the act was contested by its opponents, but it was sustained by the supreme court.

"Immediately after this decision it became apparent to the public that negotiations of some kind were being carried on between the governor and the Pittsburgh organization. In a short time the governor appointed A. M. Brown, Esq., recorder, and the people, who had become alarmed and uneasy, were assured that he was appointed without any conditions or restrictions upon the exercise of the powers conferred upon him, and that he was at liberty to act in the interest of good government and to remedy the evils of which they had complained.

"Mr. Brown, upon taking office, removed the new director of the department of public works and restored the old one, but made no other radical changes. In a short time, however, he became satisfied that the old officials would not co-operate with him and accordingly removed the heads of the other departments and began a thorough reorganization of the city administration.

"At this time the state election was coming on, and although communications were immediately opened between the leaders of the old organization and the governor, nothing was done to interfere with Mr. Brown.

Gov. Stone's Perfidity.

"Almost immediately after the election, however, Mr. Brown was removed by the governor, and the former head of the department of public safety appointed in his place, with the result that the old organization was reinstated in full control of the city, with greater power than it ever had before, and with the prospect that it would be left undisturbed to use its power to corrupt and control the election which was to take place in 1903.

"The result, therefore, of the ripper, so far as the city of Pittsburgh was concerned, was that the former mayor, to whom people objected less than to any other of the organization officers, was removed; but with this change the organization itself, which they had been so long fighting and to get rid of which they had consented to the passage of that measure, was in full control.

"What consideration was given for this action the public did not know, but they were convinced that one of the considerations was that the city organization should thereafter support the state administration in state affairs.

The People's Indignation.

"It is impossible to give adequate expression to the disappointment and indignation of the people of Pittsburgh. An election was to take place on the 18th of February, 1902, for city controller, the recorder and controller being the only city officers to be elected by the people under the new law, and the people set themselves to work to rescue these departments of their city from the hands of the organization and at the same time show their condemnation of those who had robbed them of their liberties and traded them off as the consideration of a corrupt political bargain. They knew that the great struggle would have to be made in 1903, when the election for recorder was to take place, but they felt that if in the meantime they could capture from the organization the auditing and accounting departments of the city, and, if not the whole, still a substantial part of councils, they could, to some extent, weaken the power and check the schemes of the organization and be in better position for the final struggle. A plan for a fusion campaign was inaugurated between the Democratic party and an independent organization called the Citizens party.

An Effective Fusion.

"The Democratic party immediately adopted a rule excluding from its primaries, its conventions and its committees all persons holding any employment under the city, county or state administrations, and it nominated for controller a Democrat whose reputation for honesty and capacity was above question. This nomination was indorsed by the Citizens party. The Democratic and Citizens parties also agreed to unite in the selection of candidates for councils and other ward officers.

"The organization then attacked the form of the official ballot, claiming that under the law the Citizens party was not entitled to a column, and that the name of a candidate could not appear more than once upon the ballot, the purpose of this being to compel all those desiring to vote the reform ticket to do so by voting as Democrats, hoping thereby to deter independent Republicans from doing so. In this the organization was also defeated, the court holding that the Democratic and Citizens party were both entitled to columns and that the law did not prevent the same name appearing in both columns. These preliminary victories greatly encouraged the people.

Tricks of the Ringsters.

"The next struggle was over the numbering of the ballots. The law had made it the duty of the election officers to put upon each ballot a number corresponding to the number attached to the name of the voter on the voters' check list, which was kept during the election, and while the law also prohibited election officers from disclosing how a citizen had voted, the public belief was that the organization could and did get access to the ballots and ascertain how any citizen had voted when for any reason the knowledge was desired. This, as already explained, had been for years a cause of intimidation to people who for any reason feared the ill will of the organization and its members."

The fight over tax receipts and the unfair treatment received by the Citizens and Democrats from the county officials was reviewed and the speaker continued:

"The people, however, were determined to have an honest election, no matter what the cost, if vigilance on their part could accomplish it. Detectives were employed to watch for the appearance of repeaters and to guard the ballot boxes to prevent them being stuffed the night before the election.

Watchers for the People.

"Six watchers were employed for each polling place, to stay there from the opening to the closing of the polls, and overseers were appointed under our constitutional provision with power to supervise the proceedings of election officers and to make report to the court as may be required, with instructions, among other things, to examine each ballot box and see that it was empty before any votes were received.

"The vote polled was the largest ever polled in the city of Pittsburgh and the victory for good government exceeded the hopes of the most enthusiastic reformer. The organization was able to poll the largest vote it had ever received; so that its defeat was not due to any falling off in its vote, but to the fact that the people who had for many years refrained from voting because they despaired of being able to accomplish anything came out and voted.

"The majority of the reform candidate for controller was over 8,000. The reformers also elected a large majority of common council, and 14 out of 19 candidates for select council, but because of the large majority of the hold-overs who belonged to the organization they failed to secure a majority in that body."

The speaker closed with an account of the organization of councils.

MRS. SOFFEL IS TO BE SENTENCED IN COURT TODAY

Woman Who Assisted Biddles to Escape Will Hear Her Fate This Morning.

DORMAN MAY BE CALLED

Murderer of Thomas Kahney Expected to Be Brought Into Court for Sentence—Larceny and Assault and Battery Cases Tried.

Mrs. Catherine Soffel, who pleaded guilty to assisting the Biddle brothers to escape from the county jail, will know her fate today. District Attorney John C. Haymaker will ask the court to impose sentence this morning and many attorneys were speculating yesterday on what punishment she will have to undergo.

It is probable that Walter Dorman, who pleaded guilty to the murder of Thomas Kahney, and turned state's evidence, assisting in the conviction of the Biddle brothers, will also have to face the ordeal of being sentenced this morning. Under his plea, it is said, he will be sentenced to death. The district attorney, it is understood, will then take his case to the pardon board and use all his influence to have the sentence commuted to life imprisonment. This is expected to be the reward Dorman will ultimately receive for his assistance to the commonwealth.

In the criminal court yesterday George Combs was found guilty of a serious charge and also of a charge of larceny, both preferred by Annie Ozajka, an Italian girl. He will serve 20 months in the workhouse. The prosecutrix is unable to speak a word of English. On March 16 she approached Combs in Woods run and showed him an address on a slip of paper. He consented to take her to her destination. Instead, it was alleged, he put her on a Brighton road car and took her to the end of the line, where he assaulted and robbed her of $4.

Samuel McFadden was found guilty of the larceny of a gold watch and chain from Samuel Blythe of Allegheny on March 24 and sentenced to the workhouse for two years.

J. L. Bell was found guilty of assault and battery preferred by S. H. Smitten. Smitten is a street car conductor and accused Bell of striking him on December 21, last.

Thomas Wheeler pleaded guilty of receiving stolen goods. He had purchased a watch belonging to J. R. McClintock. He was sentenced to the workhouse for three months, the court assuming he was an innocent purchaser, but should have known the law.

Ogden McElwain was acquitted of embezzling $89 37 from the Singer Manufacturing Company. McElwain was employed as an agent, collector and salesman by the company and proved that the allegations made by the company were false.

MRS. EDINGER INDICTED.

True Bill Returned Against Her for Murder of Her Husband.

The grand jury of the March session of criminal court was discharged yesterday by Judge Robert S. Frazer. They returned a true bill for murder against Sarah Edinger for shooting her husband, John Edinger, at their home in Penn township on May 5. The following other bills were returned:

True bills—Assault and battery, Michael Antoll; felonious assault, Lewis J. Hill; felonious assault and battery, Joseph Flunk, Charles Walker; misdemeanor, H. C. Schwartz, A. Hausman, George Zimmerman; keeping a gambling house, William Riley; pointing firearms, Michael Antoll; larceny, Mary Ebbert, George Hamlin; burglary, John Sabol, Joseph Blue.

Ignored bills—Assault and battery, Theodore Babcock, John Clark, Joseph Cornett, George Getzo, John Homan, A. Loud, John Marsh, Samuel Oram, John Poloskow, Jacob Stecko, C. B. Miller; felonious assault, V. Cotrowski; felonious assault and battery, Costanto Casper; aggravated assault and battery, Albert Kramer, John Kozlowsky; larceny, Mike Fredec, et al, Lottie Roman, Bernett Rogan, Henry Nogelpth; larceny by bailee, John Hartz, Mary McClelland, Edward Mooney; false pretense, Claude D. Burnes; embezzlement, Adolph Ghostsinger, Frank Ross, David Newman; misdemeanor, George Malkom.

Insurance Agent in Contempt.

In the equity suit of Mary A. and Lettie A. Matthews against Henry Erdman and others, to restrain the defendants from negotiating notes for $650 given for an insurance policy, Judge J. B. Shafer finds Erdman committed a fraud on Lettie A. Matthews by selling the note, and that he is in contempt of court, as a transfer was made after the bill was filed. The court holds that Mary A. Matthews has not shown fraud and is not entitled to relief. An injunction is granted against Erdman.

Krueger Gets Damages.

O. F. Krueger was given $20,000 and $2,000 damages in a suit against Frank F. Nicola for an alleged breach of contract for exchange of property. Krueger's statement was that he was to exchange property on Fifth avenue, near Murray Hill avenue, for a row of four houses in Greenfield and several hundred shares of stock in the Bellefield Company.

Jury Trials End.

In the United States district court Abram Cohen was acquitted of a charge of selling cigars in boxes which had been used before. With the conclusion of this case the jury trials for the May term ended. This morning sentences will be imposed.

Next Week's Trial Lists.

Next week's trial lists in the criminal court are as follows:

LEGAL BRIEFS.

Application was made for a charter for the Graeco-American Progress club.

Exceptions were filed to the account of the administrator of the estate of David Bright.

William Tolver sued Harry Favish for damages for alleged false arrest upon a charge of larceny.

Decrees in distribution were made as follows: James S. Davidson, $9,873; James T. Barr, $17,542; Mary G. Phillis, $957 36.

John Conners of Kane, John Mengel of Pittsburgh, and David J. Jones of Wilkesbarre were discharged from bankruptcy.

The Northern Furniture Company of Mt. Jewett, Pa., filed its schedule. The company owes $35,690 and has assets of $53,263.

A petition in bankruptcy was filed by Samuel Crow, a hotel keeper of McKeesport. His liabilities are $20,260 and assets $17,098.

The schedule of the Keystone Mattress & Spring Bed Company of Allegheny shows the company owes $124,916, and has assets of $102,627.

Executions were issued as follows: Sarah Woodside vs. Theodore A. Sprague, $890 94; Nelson McVicar vs. Mary A. Jahn and J. Henry Jahn, $151 12.

Letters of administration were taken out on the estate of the late Frederic Archer by Richard M. Archer, a son. Attorney A. C. Cochran represents the estate.

In the case of A. G. Smith against David S. McCann, executor of the estate of Thomas Lee, Judge J. D. Shafer sustained a demurrer to the plaintiff's bill. The action was for a specific contract to sell land.

In the United States district court a schedule of the assets and liabilities of the Hussey Steel Company of New Kensington was filed. Its liabilities are $34,690, and assets $50,072. Of the liabilities, $28,033 is unsecured.

Dr. J. M. Hamilton filed exceptions to the account of Harry Bliss, ecutor of the estate of Annie Moore. It is alleged Bliss borrowed $5,000 to pay the debts of the estate, and it is asked that he be surcharged $207.

In the bill in equity filed by H. G. Gallinger against J. L. Marshall for an accounting of alleged partnership settlement before Judge E. H. Stowe in common pleas court No. 1, leave was granted the plaintiff to withdraw the suit on payment of costs.

The Pennsylvania Water Company filed a stipulation in the equity suit entered against it by Sterrett township, agreeing not to use that portion of their 42-inch main in the township until further order of court. Suits for damages were entered by Henry Englehardt and Christ Dollman against the water company.

The case of Mary Stevens against Theodore Hill, an East End druggist, was tried in common pleas court No. 1. The plaintiff demanded $5,000 damages, claiming a clerk in the defendant's employ made a mistake and sold her carbonate of potash for new rochelle salts, making her dangerously ill. The jury failed to agree.

The will of the late August Ammon was filed. The estate is worth $50,000, of which $15,000 is real estate. It is set forth that Robert A. Ammon, Josephine Blackley and Annie M. Seibert, children of the decedent, are not to share in the estate, as they received their portions during his lifetime. The estate is divided among Samuel A., Franklin A., Walter E. and Frederick A. B. Ammon.

There were two circus exhibitions over in Allegheny yesterday afternoon and the pair furnished a lot of amusement for thousands of people. One was the Forepaugh-Sells show, under an ocean of canvas in the lot just adjoining Exposition park, and the other was an open air performance by Ned Hanlon's troupe of hurdlers and jumpers, who gave an exhibition of grand and lofty tumbling in which the Pirates were allowed to stack up an even dozen pyramids while the visitors had some trouble forming one.

Too man selected to do the clown act for the Hanlon aggregation was one Wild Bill Donovan, who, all by his lonies, created more merriment for the 2,400 lovers of the out-of-door show than did a half dozen bespangled clowns on the other side of the fence. Wild Bill's funny act continued through the third, fourth and fifth innings and during that time there was more real, downright howling and amusement than the other show would furnish in a week. The funniest part of the whole business was that Wild Bill failed to join in the merriment his antics were causing and was rather inclined to the opinion that he was being roughly used.

Wild Bill Was Roughly Handled.

There was no joke about that, either, because if ever a twirler got a rough-house handling that man was Wild Bill and it was no wonder he did not regard the affair as a joke. Willis got a nice start either for two innings, the first and second, he toyed with the champions with the same ease and grace the daring young lady on the other side of the fence entered the den of lions and with her Svengali-like eye looked them into submission. That was the act Bill had going for two innings; then, in an unguarded moment, he took his pneumeric eye off the animals and they cut loose and almost ripped him apart.

The third inning was where Willis troubles started, when a quartet of as pretty singles as have ever been handed out across the champions three nice, juicy ones. To these they added two in the fourth as a result of two passes, one base, a sacrifice by Smith and a corking good single by Tannehill. The fifth inning, however, was where William's life became a burden to him and to add to his misery one of the elephants over in the other show got loose and sent up a snort which put mistook for a rooter giving him the horse-laugh.

Hands Started the Trouble.

Honus Wagner opened this inning with a double to left and Bransfield followed with a single in the same direction, on which Honus scored. Ritchey sacrificed, Kitty going to second. Then followed a single by Leach and a life to Smith, on which Bransfield was out at the plate. Tannehill worked in his third single of the game. Davis followed with another single. Beaumont drew a base on balls, Conroy pushed a single over second, Wagner a base on balls, and when Bransfield retired the side on a fly to Dolan there were six runs over the plate. Another one was added in the sixth, when Ritchey doubled to right and scored on Leach's single to left.

When the Pirates took the field it was noticed that the familiar figure of Fred Clarke was missing from its accustomed place and that Honus Wagner was covering about that territory, while Beaumont was back in his old stamping grounds in center. The reason for this change was due to an injured finger suffered by the manager in Thursday's game and he concluded a little rest would do him good, as he had a first-class substitute in his place. Clarke, however, while not in the game, as a player, showed good service on the coaching lines.

Tannehill Was a Puzzle.

It was Jesse Tannehill who served up the benders for the champions and he filled the job with rare grace. The little pirate was in great form and he pitched a masterful game, and was given grand support by those back of him. The visitors' only run was scored in the third inning, when with one out, Keeler singled, went to second on Sheckard's out at first, and scored on McCreery's single to right. In the first five innings the Brooklyn batters managed to sneak in seven hits, but they were let down with but one hit in the last four innings. The score:

NOTES OF THE GAME.

Dolan put up a pretty play in getting Bransfield's bid for a hit in the fifth inning, after a long, hard run. It was a pretty catch.

Beaumont was given a hearty round of cheers when he first appeared at bat. In five times up Beau had three bases on balls, one hit and struck out once.

Owing to the fact that the circus was doing business on the adjoining lot the game was not called until 3:45, in order to give the circus goers a chance to get in to the big show. The same order of things will prevail today.

During the preliminary practice Bransfield and Ritchey shifted places, but the change did not last long. The first ball that Kitty went after took a bad bound and nearly tore an ear off him, and he was glad to get back to his regular position at first.

During the first inning there was a strong wind sweeping over the park, which made the judging of fly balls quite difficult. Sheckard sent up a high one which Bransfield tried to get under, but made a failure of it, and what looked like a sure foul was blown into fair territory and counted for a hit.

The wind played a mean trick on Honus Wagner in the fifth inning. Honus landed on one of Donovan's curves and sent it almost on a line for the left field bleacher fence. It looked like a sure home run, but the wind got in its work and carried the ball foul by half a foot. The Carnegie boy got even by lumming a double to left.

The sunny side of the stands was popular with the people yesterday. There was a very raw air sweeping over the park which made things very uncomfortable for the players, as well as the spectators. Even the 25¢ occupants joined in the shift and took the boxes which allowed the sun's rays to enter them. The players, when not out on the field, found their sweaters and uniform coats quite comfortable.

The fellow who wrote "Any old place I hang my hat is home, sweet home, to me," should have dedicated his song to John Honus Wagner. Any place on a ball field is home to Honus, and there is not a position he cannot fill. He was with Manager Clarke's ballclub yesterday, and he had the bleacher crowd cheering all afternoon. That's the crowd that Honus likes and he will doff his cap to them twice as quick as he will to the grand standers.

A prettier pitched game is seldom seen than the one put up by Jesse Tannehill yesterday afternoon. The Little Pirate was in splendid form and he had that curve of his going in great shape. His control was splendid and he whizzed the ball over the plate in such a manner that the Brooklyn batters were all at sea. He had Billy Keeler going, and any pitcher who can do that is doing some mighty clever work.

Lefty Davis, who "walks with a regular Palmer house glide," contributed a play in the fifth inning that brought forth a round of cheers from the spectators. Davis drove a stinger down into right that looked good for two bases, and he proceeded to take them. "Melancholy Mose" pounced on the ball and winged it to Ritchey at second like a flash, and Mr. Ahern, when he dug the dust out of his ears, heard the umpire remark, "You're out."

While Wild Bill Donovan was doing his warming up work just previous to the game, he got into an argument with a grand stand spectator, and Donovan, to be careful, he had a good walloping coming to him. The grandstander proved a wise prophet, and at the end of the third inning, after the Pirates had piled up half a dozen hits and as many runs, he gave Donovan the laugh, and Bill good-naturedly joined him.

Today one of the jumpers are coming back to their old National league clubs. The latest arrival is Clarence Eugene Wright, pitcher, who was secured from Dayton, but who formerly played with Brooklyn. President Ebbets of the Brooklyn club made a quiet journey over to Cleveland on Thursday night and returned yesterday, bringing the pitcher with him. Wright gives as a reason for jumping to Cleveland that on account of the row in the league last winter he was afraid of his position. He will join a Brooklyn uniform today.

WILLIS SAVED THE GAME.

Malarky Pitched Well, But Looked Tired.

CINCINNATI, May 9.—The Cincinnati team went down to defeat today on account of not being able to hit the ball with men on bases. Stimmel was wild, while Malarky kept the hits well scattered. Willis was put up in the middle of the ninth inning and retired the side. Attendance, 800. Score:

DEFEATED CASE SCHOOL.

Wash.-Jeff. Team Put Up a Very Clever Game.

WASHINGTON, PA., May 9.—(Special.)—W. and J. played a good all-around game here today and easily defeated the Case school team of Cleveland by a score of 13 to 2. The visitors were blanked until the eighth inning, when they made two hits, and, assisted by an error, scored their only two runs. McGregor pitched great ball for W. and J., giving the opposing batsmen but five hits. W. and J. secured 16 hits off Resch, the crack Cleveland twirler, and the errors made by the visitors proved a costly, helping W. and J.'s score. Only one of the five errors credited to W. and J. proved costly, this being made in the eighth inning. Every man on the local team except McGregor secured a hit. Four of Case's hits were two-baggers. THE COLLEGE GOLFERS.

Yale and Pennsy Freshmen Will Be in the Finals.

GARDEN CITY, L. I., May 9.—Hitchcock of Yale and McFarland, the Pennsylvania freshman, have won their way to the finals in the individual championship contest of the intercollegiate golf tournament. All five of the colleges were represented when play began this morning, Princeton with three men, Harvard with two, Yale with two, Columbia and Pennsylvania with one each. The day was fine, but a high wind freshening into a half gale by the afternoon made it unfavorable for fast golf. In view of this fact Hitchcock's performance in making 37 on the out play this morning was remarkable.

Morning play: H. T. Wilson, Princeton, beat W. B. Egan, Harvard, 3 up, 2 to play; C. Hitchcock, Jr., Yale, beat F. O. Reinhart, Princeton, 7 up, 6 to play; H. B. McFarland, Pennsylvania, beat H. Egan, Harvard, 2 up, 2 to play; A. Poole, Jr., Princeton, beat S. Slosson, Columbia, 3 up, 2 to play.

Afternoon play: Hitchcock beat Wilson 3 up, 2 to play; McFarland beat Poole 1 up.

Hitchcock's card was: 44-43—87; and McFarland's, 42-42—84.

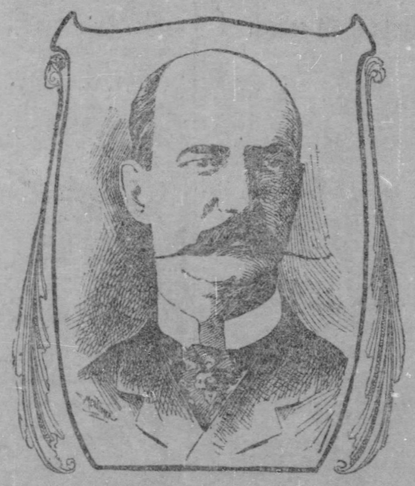
KING GEORGE

OF GREECE,

Appreciates the Merits of Johann Hoff's Extract.



King George of Greece appointed Johann Hoff as purveyor to his Court in appreciation of the high merits of the genuine Johann Hoff's Extract. (as stated in the appointment.)

Johann Hoff's Extract gives perfect digestion, makes the nerves strong and induces refreshing sleep.

It is the greatest tonic and builder known and used throughout the world.

Johann Hoff's Extract is not a stimulant—it has no re-action, it is a true tonic, a nutrient, a food—you retain what you gain by its use.

It makes healthy blood and flesh.

It is of special value to women, building up the entire system, helping nature to throw off dangerous catarrhal secretions, it searches out the weak parts and strengthens them.

A wineglassful of Johann Hoff's Extract with meals is a great preventive of sickness, it keeps the liver, kidneys and bowels in perfect condition. As a spring tonic nothing equals Johann Hoff's Extract. It is a great builder and strengthener, you feel immediate benefit from its use and there is no re-action.

It is used and highly endorsed by the best known people in the world—crowned heads of Europe, leading men in public life in this country, prominent people of the stage, etc.

It is prescribed and recommended by physicians throughout the world.

Write for particulars and testimony.

Insist upon Johann Hoff's Extract and take none of the cheap substitutes offered as "just as good." They have nothing but their cheapness to recommend them. EISNER & MENDELSON CO., Sole Agents, New York.

GENEVA'S FIELD MEET.

The Freshmen Won the Majority of Points, With Sophomores Second.

BEAVER FALLS, PA., May 9.—(Special.)—In the Geneva college inter-class field meet at this place today the freshmen won out with 48 points to their credit, with the sophomores second, with 25 points, out of 90. Of the 10 events the freshmen won six, the sophomores two, seniors 1 and juniors one. The results were as follows:

125-yard dash, five entries—Thompson, '04, first; May, '04, second. Time, 19 4-5 seconds.

COLLEGIANS HAD ROW AT BALL GAME

OHNET EASILY CAPTURED THE LEADING EVENT

Kilogram Was a Hot Favorite for Eastchester Stakes, but Was Beaten.

HARD WORK FOR PLACE

Three Favorites Made Good at Morris Park—Leading Event Was Spoiled by Many Scratches—Wethers Stake a Feature for Today.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, May 9.—Early Eve, Ahlike and Her Letter were the winning favorites at Morris Park today. The Eastchester handicap, over the Withers mile, originally had 19 starters but scratching reduced it to four, and it looked a gift for Kilogram. The Rayon D'Or horse was installed favorite at 1 to 7, but second to Ohnet was the best he could do. Ohnet made all the running and won, eased up, by two lengths, while Kilogram had to be hard ridden to beat Alsike a head for the place. The Withers stake at the mile will be the feature tomorrow. Summaries:

First race, first Friday, last 5½ furlongs of the Eclipse course, selling—Early Eve, 91, Coulmer, 2 to 1 and 4 to 5, won; Mars, 90, Day, 4 to 1 and 8 to 5, second; Stella W, 96, Smith, 20 to 1 and 10 to 1, third. Time, 1:04 4-5. Alsike, Blanche, Herman, Ghost, Admiral Dewey, Speedlings and Ishmo also ran.

Race for the Pickaninny.

Second race, the Pickaninny, for maiden 2-year-old fillies, last half mile of the Eclipse course—Ancke, 102, Hooker, 8 to 5 and 7 to 10, won; Makeda, 99, H. Cochran, 5 to 1 and 2 to 1, second; Impetuous, 105, T. Burns, 8 to 1 and 3 to 1, third. Time, 1:03. Garten Sonntag, Pink, Shirley Zoraby, Miss Steel, Miss Dicker, Smith 20, Love, Impatience, Demthulia and Ne Match also ran.

Third race, the Pappoose, last 4½ furlongs of the Eclipse course—Her Letter, 106, Shaw, 12 to 5 and 4 to 5, won; Fort Wayne, 106, Dreman, 15 to 1 and 5 to 1, second; Sir Voorhees, 102, Adams, 6 to 1 and even, third. Time, :52⅘. Showman, Pageant, Janeway, O'Reilly, Turnpike, Melbourne, Eclipse, Tantalus, Cup and Domion also ran.

Fourth race, the Withers, last mile of the Eclipse course—Cryptogram, 107, T. Burns, 12 to 1 and 7 to 5, won; Musidora, 105, Booker, 15 to 5 and 1 to 3, second; Bouner, 108, Shaw, 9 to 2 and out, third. Time, 1:39. Only three starters.

Fifth race, last 7 furlongs of the Withers mile—Sorrento, 114, Burns, 7 to 1 and 3 to 1, won; Adelaide Prince, 95, L. Jackson, 7 to 2 and 5 to 5, second; Stevedore, 101, J. Woods, even and ½ to 2, third. Time, 1:31. Flirtineer, Wedon, Queen Ess, Dalkeith, Rue, Hop Brook, Bells and Capt. P. also ran.

Sixth race, the Eastchester handicap, Withers mile—Ohnet, 50, H. Cochran, 12 to 1 and 3 to 1, won; Kilogram, 119, Bergman, 1 to 7 and 1 to 15, second; Alsike, 93, Creamer, 15 to 1 and 5 to 1, third. Time, 1:43⅘. Squire Quinn also ran.

The Entries for Tomorrow.

First race, Eclipse course—Goldsby, Frankford, Ebera, Saturday, Basileus, Ranabi Nimrod, Knight of the Bronx, 110; White Crest, Hop Brook, Fire Proffne, Terrible Terry, Equant, Tempter, Silver Twist, 107; Sumtarius, Deutrude, Miss Day, 105.

Second race, ⅝ of the Eclipse course, selling—Wheeler B., 109; Cinquevalli, Mackey Dwyer, 108; Nimus, Impetuous, 104; Ora Viva, Jouse Sass, 102; Pamphoran, 102, Phanhoyana, Reeves, North Brook, 100; Wolfram, 105; Miss Glene Tossett, 92.

The following players are requested to report not later than 2:15 p. m. at Glenn and Montier streets: Ulrich, Mills, Davenport, Lowyer, Kisley, Brouhl, Speer, Scalgo, Ebbits and Wachter. W. A. A. would like to hear from the J. M. Kellys and Fuller Juniors.

The line-up of the Eagle A. C. is as follows: P. Fleming, catcher; Myers, pitcher; Muller, shortstop; C. Jones, first base; E. Coosson, second base; W. Conners, third base; A. Eurtman, left field; E. Krepps, middle field; H. Stills, right field. The Eagles would like to hear from all 9 and 10-year-old teams. Address manager, John Myers, 1427 Fayette street, Allegheny.

The Happy Jacks defeated the Handsome Harrys by a score of 14 to 4. The feature of the game was the batting of Julius Kraus, who had two two-baggers and two home runs. The Handsome Harrys could not hit John Kopjut's balls; in the last inning they only got five hits. Any 11 or 12-year-old team desiring games should address John Estefer, corner Fifth and Sarah streets, South Side, Pittsburgh.

The Alletown A. C. will go to Sharpsburg today to play the Valley Stars of that place. A wagon has been engaged and will be filled by a large number of rooters from Allentown, and a lively time is expected. All members must report at the practice grounds at 12:30 sharp, as the wagon will leave Allen's livery at 1 o'clock. Manager Wangeman announces the line-up as follows: Hanlon or Meyer, catcher; Burtt, pitcher; Thomas, short; Dentsen, first base; Wilson, second; Tragesen, third base; Ihrig, left; F. Renker, right; R. F. Ott, middle field.

The Wrigley A. C. has organized for the season with a strong amateur team. Rosenway, formerly given a trial by Manager McGraw of the Baltimore team, has been signed for first base. We desire to hear from all strong teams, including home and box factory teams preferred. The following well-known amateurs have been signed: Binger, Lippert, Byerly, Schaefer, Shutt, Deahy, Brandis, Rosenway, Atkinson, Fugh and Porter. For games address M. E. Porter, care Wrigley Printing Company, 216 Robinson street, Allegheny, Pa.

HIGH SCHOOL TEAM BEATEN.

Elders Ridge Won a Game That Was Loosely Fielded.

SALTSBURG, PA., May 9.—(Special.)—Elders Ridge academy proved to be more than a handful for Pittsburgh High school baseball team at this place this afternoon. The academy boys won by a score of 5 to 2 in a loose fielding game. The work of both pitchers was the feature of the contest. Both McIlveen for Elders Ridge and Taylor for Pittsburgh High school pitched remarkably clever ball, and on more than one occasion pulled their teams out of bad holes. After fielding errors filled up the bags it then became the pitchers' work to strike out the opposing batsmen or give them a pop fly. Pittsburgh High school will play Kiskiminetas school tomorrow:

Score:

	R	H	E
Elders Ridge	1	2	0
Pittsburgh	0	2	2

Batteries—McIlveen and Fulton; Taylor and Burness. Two-base hits—Frank. Fulton, Youngson and Schultz. Bases on balls, off McIlveen 6; off Taylor 1. Struck out—By McIlveen 14; by Taylor 7. Hit by pitcher—By Taylor 2. Double play—Elders Ridge 2. Time—1:50. Umpire—Elder.

WILL NOT HOLD MEET AT SCHENLEY

RECREATION PARK SECURED FOR DECORATION DAY SPORTS.

Management of Western Pennsylvania Championship Events Declares Schenley Park Has Been Abandoned as Railway Company Refused to Contribute.

The Decoration day field and track sports which have annually amused the people at Schenley park and which this year promise to offer the greatest intercollegiate meet ever held in Western Pennsylvania will not be held at Schenley. But at Recreation park. This move was made by the Western University committee having the sports in charge as a result of the refusal of the street railway company to contribute any funds to the support of the meet in spite of the fact that the college competitions would be the means of attracting thousands of street car passengers to the park.

The seats erected at Recreation park in connection with the bicycle track furnish the very best of accommodations for the spectators and really enable the contests to be viewed to far better advantage than at Schenley park. Every moment of all the races would be in plain view, while at Schenley the runners are lost to sight almost on the far side of the track and the sports in the middle of the enclosure, such as broad jumping, etc., are barely discernible.

This will be a busy day among the local school and college teams. The Shadyside academy and Pittsburgh High school nines will both play away from home, the former with the California Normal team at California and High school with the Kiskiminetas Preparatory school at Saltsburg. The Pittsburgh college team will play the Lyceum team on the college grounds and Homestead will meet the Verner Athletic club at Friendship park, the High school grounds at Millvale and Liberty avenues.

AMONG THE AMATEURS.

This Will Be a Busy Day For the Coming Stars of the Diamonds.

BILLIARD GAME HAD A FINISH VERY EXCITING

Powers Had but Two to Get and Lost on a Very Easy Shot.

SOME FINE CUE WORK

The Tourney Contestants Have Now Settled Down and Are Putting Up Very Clever Exhibitions—Marshall Won Evening Game Very Easily.

The most interesting and exciting game of the tournament was the one played at the Great Northern billiard hall yesterday afternoon. The contestants were George Beymer and Charles Powers, and it was a case of nip and tuck almost the entire game through.

When Powers started in on his 49th inning the score stood Powers 176, Beymer 177. This left Powers but 4 to go, as he played 180, while Beymer was a scratch man. Powers made 2 in his fiftieth inning, while Beymer had counted 12 in his forty-ninth and 9 in his fiftieth, leaving both men 2 points to go to win out. Powers had an elegant chance to win the game in his fifty-first inning, but in trying to make a close follow he was kissed off by the object ball and left the balls in such a position that Beymer had no trouble whatever in making the needed 2, and retiring with another victory to his credit.

There were several exhibitions of fine billiards by both men, but the most notable was by Beymer, when he made a twice-up-and-down the table shot in his forty-ninth inning and counted what almost everyone thought was an impossible shot.

The evening game between Marshall and Jack proved a rather easy win for the former, although he only defeated the latter by 26 points. When Marshall wrested the lead from Jack the latter appeared to lose heart and as the balls began breaking badly and Marshall was introducing a little off at the same time, he seemed to lose his ambition, and Marshall had little difficulty in maintaining his lead to the end.

On Monday afternoon Roberts and Billings are the players selected, and in the evening Jack and Phillippe will face each other.

Monessen Fans Are Happy.

MONESSEN, PA., May 9.—(Special.)—Great things are expected when the Monessen team goes to Aliquippa tomorrow to open the season. The fans are well pleased with the work of last Saturday, which was exceptionally good from the fact that the players had never been together before. Dinsmore will be taken along to do the twirling. McKinley will catch and Denny O'Barra will be found in his old position at short. A goodly number of rooters will accompany the team and will back it to a considerable extent as a winner.

Good Game at Millvale.

The Waldorf A. C. will be the attraction at Millvale today. A good game is expected, as the visitors gave East Liverpool a good argument last week. They will have a new pitcher on the rubber who hails from Princeton, and is a sort of an unknown. Millvale will line up as follows: Northwang, catcher; Sanger, pitcher; Jamison, short; Steele, first; Hickey, second; Campbell, third; Milling, left; Wetzel, right; Shaw, middle field.

Geneva Boy Elected Captain.

BALTIMORE, MD., May 9.—(Special.)—The Johns Hopkins University baseball team today elected R. J. G. McKnight, captain, and R. G. Nimmen, manager, for the season of 1903. McKnight is a graduate of Geneva college, Beaver Falls, Pa. He led the team in fielding and hitting. This is the first time a graduate student has ever been elected to the captaincy.

LIVELY BATTLE AT BASEBALL GAME

GROVE CITY STUDENTS WENT AT EACH OTHER IN STYLE.

There Were a Number of Knockdowns and Some Boys Were Severely Injured. Fight Was Kept Up After the Game Was Over.

GROVE CITY, PA., May 9.—(Special.)—A general fight occurred during the annual baseball game between the senior and junior classes of Grove City college yesterday, nearly breaking up the game. The largest crowd of the season was in attendance and the excitement and rivalry were so keen that "mouth scrapping" was heard on all sides.

Nothing violent occurred, however, until in the seventh inning, when a junior and a senior exchanged a few blows, which set the frenzied crowd wild and at once the fray became general, there being probably 50 students engaged in it. The ball players all rushed into the crowd and joined in the fight, a number of them getting some ugly bruises for their trouble. Before the mob could be quelled a number of the students had been knocked down and trampled over; others had their faces cut, while still others received bad bruises about the head and body. Peace, however, was finally restored, and the game proceeded, the juniors losing by a score of 7 to 3.

After the ball game another scrap was threatened by the juniors painting their class colors upon a large stone which the seniors had secured for their "ivy day" exercises, but by this time members of the college faculty were upon the grounds and prevented another outbreak. Last night the seniors continued the war by catching the juniors wherever they could be found and paddling them, making them sing songs, make addresses, etc., and towards morning they secured the clothing of some of the juniors from their rooms, which they stuffed with hay, and then hanging part of them from a telephone wire along Broad street and placing the balance in the college chapel room they billed the town with dodgers ridiculing the juniors.

Dr. Ketler, president of the college, called a number of those engaged in yesterday's fight before him this morning, but as yet no suspensions have been announced. The ball game between the two classes was a very close one, being nip and tuck up to the seventh inning, when the seniors managed to clinch the game by bunching hits, netting them four runs. Lowry of the seniors held the juniors down to two hits, Maitland also pitched well, but his support was not so good as that of Lowry. The score:

	R	H	E
Seniors	0	2	0
Juniors	1	0	2

Batteries—Seniors, Lowry and Weil; Juniors, Maitland and Allebach. Umpire—Russell.

Cornell Defeats Harvard at Lacrosse.

CAMBRIDGE, MASS., May 9.—Cornell defeated Harvard today at Lacrosse, 6 goals to 3, in the first game of the series in the Intercollegiate championship.

PRODUCTION IS CHECKED WHILE DEMAND GROWS

Natural Elements and Labor Controversies Hinder Industrial Operations.

DISTRIBUTION IS HEAVY

Merchants Who Waited for Lower Prices Before Buying Are Now Confronted by Higher Ones, Especially in Iron and Steel.

New York, May 9.—R. G. Dun & Co.'s Weekly Review tomorrow will say:

At a time when consumptive demands surpass all previous records it is unfortunate that production should be curtailed. Yet that is the present situation. Fires, labor controversies and a tornado stopped work at many points, greatly reducing the output, and many more wage disputes must be settled before the end of the month or furnace fires will be banked and wheels cease to revolve. Losses by the elements have been severe, the largest tin plate plant in the world being rendered idle probably for a month, while many foundries and shops were totally destroyed.

Prices of commodities on May 1 rose to the highest point in recent years, gaining 6.3 per cent over the corresponding date last year, but this week there has been a material decline in some products, notably grain. Distribution through retail channels continues very heavy, seasonable weather exerting a most helpful influence. Railway earnings are steadily gaining, full returns for April exceeding last year's by 10.6 per cent, and 1900 by 25 per cent.

Dispatches promise a large wool clip, dicted a collapse in the iron and steel market similar to the break two years ago have greatly augmented the pressure by tardily attempting to supply their requirements. It has been obvious for some time that there is utterly lacking the artificial movement tending to inflate prices that was conspicuous in the opening months of 1900. The only limit to prices appears to be the ability of purchasers to pay fancy figures, according to the urgency of their needs. Meanwhile there is no advance on long term contracts, and these cover the large bulk of the business. Productive capacity is being greatly enlarged, but there is no evidence as yet that the nation's needs are not expanding equally fast.

The art reproductions of the Tonnesson sisters will be given free with The Sunday Gazette beginning May 18.

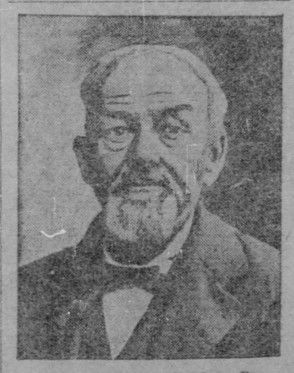
Four Great Cures of Ear Disease.

Proving Doctors Byers and Tucker's Absolute Mastery Over Deafness, Ear Noises, Discharging Ears and All Catarrhal Conditions of the Head.

Statement of Mr. John Provines, a Prominent Farmer of Washington County, P. O. Address Hanlon, Pa.



John Provines, Hanlon, Pa.

"I am 63 years of age, and several years ago my hearing began to fail me, first in one ear and then in the other. I had awful noises in my head, and I tried to avoid my friends, never going to church or any other public place, as I was made miserable because I could not hear. People had to put their faces right up to mine and speak very loud to make me hear. Every person discouraged me when I spoke of trying to be cured, and I had no hope until one day I read of Doctors Byers and Tucker, and the methods they use for restoring lost hearing. Something told me that I ought to go to them, and three months ago I went and placed myself under their care. It is with great pleasure I can now tell of my recovery. It was only a month when suddenly I heard the noise of cars, wagons, everything, and it seemed so loud it startled me; even the clock seemed to tick four times as loud as it should. Since then I have improved until now I am perfectly well and can hear perfectly. I meet and converse with my friends, go to public meetings and enjoy life again. Any one who has a similar affliction misses a great opportunity if they do not consult Doctors Byers and Tucker, the most successful specialists in this work."

Mr. W. E. McCrory, Fayette City, Pa.

"At the age of fifty-five the hearing in my left ear began to fail me, and the noises in the head were almost unbearable. I managed to get along with the left ear, foolishly neglecting myself, until about three years after my right ear became affected and rapidly grew worse, came affected and rapidly grew worse, until I could not hear common conversation and was obliged to stay away from church or any public meetings because everything was a blank to me. It was even denied the pleasure of dining out as it made me appear so dumb to sit and take no part in the conversation. I was discouraged and disheartened, when one day I was advised by Mr. J. Campbell, of Pittsburgh, now in Harrisburg, to go to Doctors Byers and Tucker, and as a last hope took his advice. I placed myself under their care, and two months after my worst ear, the left, gave a crack like the striking of a match, and I heard at once. A month later the right ear followed with a gradual return of the hearing, and now I am entirely cured. I give this statement willingly and gladly and hope it will encourage others who are afflicted to go to the right physicians and be cured.

Mrs. Thos. W. Young, Jeannette, Pa.

"I had been growing deaf for three years, the result of severe catarrhal disease of the head and throat. I could not hear a public lecture or sermon at all, and in order to make me understand and was obliged to speak directly into my ear and with effort. Doctors Byers and Tucker cured me in 1900, five years ago, and I have not had the slightest difficulty since."

Miss Edith Young, Jeannette, Pa.

"In January, 1900, my daughter Edith M. W. Young, aged 13 years, suffered from fever, and as a result she was left completely deaf. Knowing what a wonderful cure had been effectual in my case, we took her immediately to Doctors Byers and Tucker. The doctors have pronounced her cured and have given her a certificate which permits her to return to school. She can hear the talking of the pupils in the room below, something being able to distinguish what they say. With these two wonderful cures in our family, we think it our duty to those who suffer to give this statement to encourage them to take treatment from these skilled physicians."

$5 A MONTH MEDICINES INCLUDED.

Doctors Byers and Tucker make distinct claims concerning the superiority of their treatment in serious chronic catarrhal conditions. Fifteen years devoted to these specialties. Five dollars a month covers the entire cost of treatment. Many conditions, if taken in time, can be cured in one month.

THE NEW HOME TREATMENT

Has been brought to such a state of perfection during the past fifteen years we can guarantee the same successful results as obtained by the office treatment. If you live out of the city and cannot visit the office, write for symptom blank and be treated at home.

Lots.

BRIGHTON ROAD LOTS

The Kieber Plan, in Allegheny.

The Finest Lots in the Two Cities, Adjoining the Brighton Country Club.

Only 25 minutes from the business center of Pittsburgh.

These desirable lots are not situated in the middle of a farm; they are in the heart of the very best residential district of Allegheny, running 600 feet north Brighton road and 100 feet back toward California ave., adjoining and being a part of the property until recently occupied by the Allegheny Country Club.

This property is level, lies high and dry and is free from the usual stony clay dirt, being in fact, cleaner and healthier than Bellevue, Avalon, the East End and other nearby suburbs.

We have fixed on this property as being about 25 minutes to reach the business center of Pittsburgh. The property is located about half way between Allegheny and Bellevue.

Don't Wait

Buy a lot for investment or a home. Reference to the above plan will show that these lots are simply large for roomy houses and lawns.

Consider the advantages of these most desirable home sites—the prices at which they can be bought are the most tempting that were ever put on such splendid property. Plans mailed on application. 'Phone 1228 Grant and 614 Main or call on

Consummation Too Far in Future for Steel Combine to Discuss It.

HUGE FUND IN TREASURY

Trade Gossiping About What Will Come of the Officials' Tour of Inspection—Bar Iron Prices to Be Advanced Again—Money Outlook.

[BY PRIVATE WIRE TO THE GAZETTE.]

New York, May 9.—Considerable interest was today manifested in a report from Boston that if the present plan for the retirement of $200,000,000 preferred stock for a similar amount of bonds of the United States Steel Corporation is a success, the remaining preferred stock, amounting to over $200,000,000 would be retired on the same basis, thus leaving only one class of stock. It was stated that if $50,000,000 more cash was paid in with the retirement of the remaining shares, the Steel Corporation would have something like $150,000,000 cash in its treasury.

Financiers in close touch with the United States Steel Corporation said that eventually all the preferred stock of the combine would be converted into bonds, but that any statement on the question would be too premature to warrant discussion, as it was an undertaking of the very far future. Dow, Jones & Co. today estimated that the recent remarks of a college professor as to the uncertainty of the steel business have caused the sale of between 200,000 and 300,000 shares of United States Steel from all over the country. A large holder of United States Steel shares is quoted as follows:

"Let them sell all they want to. It is only a question of time when they will be buying it back. The United States Steel Corporation has its business assured for the year, and in certain departments well into next year. I understand that the April business was the largest in the history of the company. While I am not in favor of the bond conversion scheme I would rather take the word of Mr. Morgan than a college professor."

Mission of the Steel Officials.

The tour of inspection now being made by President Schwab and other high officials of the United States Steel Corporation probably will finally determine the manner in which the $50,000,000 new cash raised for improvements and additions will be disbursed. It is unlikely that the plans that have been drawn up by the engineers of the subsidiary companies will be materially changed. The only question of importance that has not been definitely settled is the points of location of certain new plants the corporation will construct. The official who volunteered the foregoing information also said the appropriations for the various plants practically had been fixed. Considerable doubt has been developed as to whether Conneaut will benefit through the new additions contemplated by the United States Steel Corporation.

Bar Iron Advance Expected.

Another advance in the price of bar iron is generally expected. Eastern sales agents evidently have been instructed to hold back sales as much as possible in anticipation of the advance. Bar iron at the mills is now quoted at $1.90 for 100 pounds, which is equivalent to $1.97 "New York." These are spot prices. For future delivery manufacturers are quoting $1.80 for 100 pounds, which is 10 cents higher than the minimum prices of $1.70, established by the Bar Iron association.

It is no longer than a month since manufacturers were almost unanimously of the belief that the maximum price for bar iron had been reached. The demand, however, has continued to develop along cumulative lines and this, together with the shortage of scrap iron, has made higher prices for bar iron almost inevitable. The scarcity of scrap iron is due largely to the fact that open hearth furnaces in various parts of the country are using many thousands of tons of scrap iron that otherwise would be available for bar iron. Nearly all of the bar iron manufacturers are booked for five and six months ahead.

The recent upward tendency of hardware prices has been popularly attributed to the formation of the jobbing trust, but trade authorities insist that higher prices of hardware are due almost wholly to the upward tendency of bar iron.

The Money Situation.

The known movements of money for the week ended last night indicate that the banks have lost something like $2,000,000 in their operations with the interior and the sub-treasury. However, it must be remembered that this preliminary figures of a week ago indicate that the banks lost on all accounts between $2,000,000 and $3,000,000 while on the other hand, the bank statement recorded a cash gain of nearly $1,500,000. The preliminary figures of the current week indicate that the banks gained less than $80,000 from the interior. The fact that most of the business in call funds was done around 9 per cent, naturally would lead one to the conclusion that the inflow of currency from the interior was more pronounced than shown by the preliminary figures. Money rates at this center this week compare with rates ranging from 5 to 5½ per cent in the principal outside cities.

One thing is certain, the high money rates that have prevailed this week have prevented an outflow of gold to Europe. Had money rates remained 3 per cent shipments of gold to the other side could not have been prevented.

The Treasury and the Banks.

NEW YORK, May 9.—(Special.)—Total payment by government to New York banks yesterday, $2,875,000. Payment by banks to government, $5,396,000. Balance on the day's transactions, $850,000, paid by banks to government. Total net payment by banks to government since last Friday, $2,875,000, against $4,124,000 similarly paid for the corresponding period a week ago.

NEWS FROM THE MINES

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, May 9.—According to a correspondent at Helena, Mont., there is a deposit of gold ore worth $1,000,000 20 miles southwest of that city. Because of its height in the mountains, the scarcity of water, etc., this treasure hitherto has presented almost insuperable mining difficulties. Three wealthy syndicates have bought the porphyry dike, as the deposit is called, and will make every effort that scientific mining can suggest to extract its immense volume of ore. The dike is seven of the claims is three miles long and from half a mile to one and one-half miles wide, and it is estimated that the whole mass carries $2 of gold to the ton, while rich streaks will yield from $25 to $30 a ton. One of the syndicates in possession of the porphyry dike is headed by McClure of St. Louis, the third by A. Heinze and the third by James Breen of Spokane.

The Dominion government has decided to reduce the royalty on gold mined in the Yukon to 3, or perhaps 2½ per cent. The present rate is 5 per cent.

Texas men have bought the Whig group, near Gunnison, Col., for $20,000. There is an ore chute of 60 feet wide on the property that averages $60 gold to the ton.

Superintendent McCormack of the Aberdeen Copper company has arrived from Jordsburg, Md., today. The new mill started yesterday afternoon and is making good concentrates.

Several claims have been staked between White Cliffs and the American, near Burrows Park, Col., on which the outcroppings show 700 ounces silver and $60 gold.

Work has been resumed at the New Independence, Cal., copper distributing plant. The shaft is down 230 feet on the vein and 5,000 tons of good milling ore are in sight.

The Mexican, in San Diego county, south from Ogilby, Cal., has been sold to eastern parties. The consideration was about $1,000,000. The property includes six gold claims and a hundred-ton mill.

A 10-stamp quartz mill is kept running steadily day and night at the Chloride gold mine, near Bedlock, Trinity county, Cal. The Chloride is at an altitude of 6,000 feet.

Charles H. Schcu has bought the properties of the Cygnet Mining Company at Stockton, Utah, for $100,000. Seventy-five tons of ore have already been marketed from the mines. They are a high-grade galena with good silver values.

The product of the Century mill, in Park valley, Utah, for the later half of April was a $30,000 gold brick. The wings from the tunnel have now been 150 feet on the vein, which averages $14 gold. It is estimated that there are 20,000 tons of this rock in sight. Ore shipments from the Boundary (B. C.) district last week aggregated 12,865 tons, of which the Granby mines sent out 9,929 tons; Mother Lode, 2,656 tons; Winnepeg, 130 tons, and Golden Crown, 150 tons. The Mother Lode smelter treated 2,661 tons during the week.

The Metal Market.

A gain of £2 5s in prices for tin at London caused a further gain here of 5 points, closing the spot market at $29 75@29 85. London closed with spot at £125 and futures at £122 15s 7½shillings. A sale of 5 tons spot tin was made at $29 75. Copper was firmer, with lake at 17¾@18 bid, electrolytic at $17 65@17 80 and casting at $17 70@17 75. Sales were 30,000 pounds electrolytic for September delivery at $11 80. At London the market for copper was a shilling higher, closing at £76 for both spot and futures. Lead ruled steady here at 4½c, and London was 1s 3d lower at £11 15s 3d. Spelter was unchanged at New York, with $4 40 bid, electric at $4 45@4 50 and 10 higher at £18 10s. European iron markets were firmer. Glasgow closed at 55s 6d and Middlesboro at 48s 9d. The local market ruled steady and unchanged, with warrants nominal. No. 1 foundry northern, $19 00@20 00; No. 2 foundry northern, $18 00@19 00; No. 1 foundry southern, $19 50@20 00; No. 2 foundry southern soft, $17 50@18 00.

Strike Cloud Hangs Over Wall Street

COALERS SHOW STRONG FRONT TO LABOR TROUBLE

General Market, However, Depressed at Apparent Certainty of Struggle.

L. & N. A WEAK FEATURE

Interior Hanging on to Currency, Banks Having Received Less Than $1,000,000 from That Source During Week—Market Closed Dull.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, May 9.—The volume of dealings today fell considerably below half a million shares for the first time in a good many weeks. Whether there was any other reason for this dullness than the decision of the party of speculators lately leading the market to let it lie fallow for a time was not evident. Perhaps the long-drawn-out controversy over the anthracite labor settlement may have been effective in discouraging speculative activity. If that was the factor which induced the curtailment of demand and the sagging of prices in the general list it did not appear among the coalers themselves. That group was affected by the marked strength of Delaware & Hudson. The demand for this stock seemed to be of a very special character.

The Wall street public is puzzled to know the grounds of the very positive assurance which has been manifest among the controlling interests in the anthracite trade that there would be no strike. Their determination has evidently not yielded to offers or concessions, while, on the other hand, the mine workers in effect are under contingent orders to declare a strike unless the concessions are granted. The outcome was still awaited when the stock market closed today.

Amalgamated Copper Active.

There was some show of strength in the early dealings, and an appearance of renewed activity on the part of the recently prominent market leaders. Activity was manifest also on the part of some smaller speculative pools in minor railroad stocks. Amalgamated Copper was conspicuously active and strong, advancing finally 1⅜. Reports were current that sales of copper had been effected at 12½ cents by a leading competitor in sufficient amount to take it out of the market for some time to come. The announcement that one of the suspended stock exchange firms would be able to resume and that the other two hoped to do so was regarded as a satisfactory development. Trading was resumed in International Power and it was lifted 4 points. There were not lacking weak points in the market, however, all through the session. Louisville & Nashville fell back after its recent advance and there was a drop of 4 points in Chicago & Eastern Illinois. The weakness of Chicago & Northwestern was associated with the conflicting reports of the admission to the directory of represeniatives of the Moore interests, who are reported to have acquired large holdings of stock lately. Tennessee Coal continued to show the unfavorable effect of its annual report.

The Financial Situation.

The reactionary tendency of the market became more general after the appearance of the preliminary estimate of the week's currency movement. It appears that the banks have received on balance from the interior less than $1,000,000 against the loss to the sub-treasury during the week of $2,875,000. The loan is, of course, a matter of surmise. The early heavy liquidation in the stock market would indicate a reduction of loans, but it appears that some of the calling of loans in large amounts was simply for the purpose of relending elsewhere, including possibly to the ship merger underwriting syndicate. The market closed dull and steady.

Bonds were easier, in sympathy with stocks. Total sales, par value, $2,535,000. United States bonds all unchanged on the last call.

Tyler County Furnishes a Surprise

On McKim creek, Meads district, Tyler county, W. Va., the Carter Oil Company has a better producer at its No. 16 on the J. L. Poe farm than was indicated when it first was drilled into the sand and reported showing for 50 barrels a day. The first 24 hours' gauge of its production from the Big Injun sand was 240 barrels. The rigs for three more wells in this farm are building.

Southwest of the Beals Mills fifth sand district in Lewis county the Southern Oil Company has completed its No. 5 on the J. S. Collins farm and has a 50-barrel producer from the lower sand.

West of Jarrettsville in the Wolf Summit field in Harrison county, the South Penn Oil Company has drilled its No. 4 on the C. W. Brohard farm through the Gordon sand and found that formation barren. It will be drilled to the fifth sand.

On the west side of the Salem development in the same county, the South Penn Company has drilled its No. 2 on the J. T. Randolph farm into the stray and has developed a gas pressure. They are now drilling to the Gordon sand.

In the Pine Grove district, Wetzel county, the South Penn has completed its No. 6 on the Bishop Pennick farm and has a 20-barrel pumper from the Gordon sand.

In the north end of the Beals Mill district, in Lewis county, the South Penn has shot its No. 8 on the D. E. Ramsburg farm and the well showed a 20-barrels the ensuing 24 hours. It will make a small pumper.

In Greene district, Wetzel county, the Philadelphia Company has state two locations, one on the A. T. Morris farm on Readers run, and the other on the Ava Long farm near Porters Falls.

In Whiteley township, Greene county, Pa., the "Jack Pitt Gas Company is building the rig for a well on the Mooney heirs' farm.

In the Smithfield district, Wetzel county, the Philadelphia Company has completed its test well on the J. H. Cunningham farm, located west of the Gordon sand development, and has a show for a 10-barrel pumper. The Carter Oil Company's wells in this district are as follows: No. 4 J. W. Morris, 125 barrels; No. 1 Jacob Cunningham, 100 barrels; No. 3 W. S. Cunningham, 300 barrels, and Fairchild Petroleum No. 1, 240 barrels a day.

Small Sale of Production.

The South Penn Oil Company has sold two wells and a 5-acre lease on the E. F. Abrams farm at Kains City, Butler county, Pa., to J. M. Sayers, for $2,500. It is third sand production and the two wells have a combined rock pressure of more than 2 barrels a day. The South Penn Company retains a 60-acre lease on the Abrams farm.

Local Stocks Were Less Active, but the Market Was Steadier

HIGH RECORDS MADE IN THE BANKING LIST

Big Jumps in the Prices of Some of the Leading Institutions.

FIRE PROOFING STEADIER

Steel Stocks and Window Glass Were Very Dull—Coalers Also Quiet. Electric Seconds Dull and Airbrake Ignored—Steel Car in Demand.

The market on the Pittsburgh stock exchange yesterday was less active, but it was steadier and freer from the feeling of nervousness and unrest which has prevailed for several days. The intense interest that existed in National Fire Proofing common at the close Thursday entirely subsided, and the trading was consequently much smaller, only 1,500 shares coming out at the opening, which was at 32, it looked as if the bears might work it lower, but in a few moments support sent the price to 33 and the close came quite firm at 33¼, thus proving that the action of the directors in declaring only 1¾ per cent instead of the expected 1¾ was discounted during the conflicting reports. The preferred stock was more than usualy active for it, over 1,100 shares selling at 40½@40¾, the close being steady at 40¾, sales and bid. These issues were much the most active, but attracted nothing like the attention given the banking group, which scored several new high records. Commercial National went up $15 to $245; Second National of Pittsburgh $15 to $700, and Mechanics National $7 to $65, all being new high records. Pittsburgh Trust was $10 higher at $800 and was firm. Peoples National sold at $365, the price being $20 less than the last public sale some months ago, but at the last bid, which had been advanced from $340 a week or two ago, to $365. Citizens National was unchanged at 110. Federal National ¼ lower at 136¾. Iron City National $1 higher at 118. American Trust ½ lower at 124½; Real Estate Trust $8 lower at 275, and United Realty Trust $1 lower at $136. There were no other important changes in the group.

In the remaining sales there was not much doing. The steel stocks were quite dull and narrow, the fluctuations being immaterial. Window Glass was almost ignored, a small lot selling at 61⅞. The preferred was dull but steady at 90. The coalers were also quiet and featureless. Electric seconds sold 150 shares at 107¼ and offered afterward at 107¼. Airbrake quoted at 186½@187½, without sales. Pressed Steel Car common was $1 lower at 44½, but was in heavy demand at 44¼ bid. Marsden was also in large demand at 4¼ bid. Bonds were very dull.

Financial Drift.

Forty-one different securities were traded in.

There was a bid of 54 for 500 United States Glass common.

Peoples Trust Company of the South Side offered at 110.

Five Peoples National bank offered near the close at 365.

Holmes & Sons sold Iron City National bank at 118 to Schoyer.

R. C. Hall bid 44¼ for 500 P. S. Car common near the close.

R. C. Hall bid 44¼ for 1,000 Pressed Steel Car common at the opening.

Pittsburgh, McKeesport & Connellsville Street railway 5s closed at 100¼ bid.

During the first half hour E. Fink sold 550 Fire Proofing preferred at 40⅝@40½.

Lawrence bid 136 for 10 Federal National bank near the close; 137 offered at 136⅝.

The Michigan Copper Mining Company has voted to call an assessment of $2 a share.

H. M. Long was the buyer of Allegheny Trust Company at the opening, and Hall sold.

A report is current that Rock Island is negotiating for the Chicago, St. Louis & Peoria property.

Sproul & Co. were the only buyers of Standard Chain common; last week 200 sold; they bid 9½ for 1,000 shares near the close.

The news that the firms recently in trouble in Wall street would in all probability settle their obligations and resume, was a reassuring factor.

The first sale of the day was 100 Fire Proofing common, which McMullin sold to Morris & Brown at 32; then the price went to 32½ and 33.

John B. Barbour, Jr. bought 83 Second National bank of Pittsburgh at $790, a new high record, from Robinson Bros.; Thursday the stock sold at $775.

There are renewed reports that the railroads of the Pittsburgh district will make big dividends between the New York Central and one of the coal roads.

It is said the Manhattan statement which will be issued Monday will show about 2 per cent for the quarter, and this does not reflect the change in motive power.

It was 12 minutes of 3 o'clock before there was a single trade in the board department, then Burns & Reilly sold 1,000 P., A. & M. traction 5s at 117 to Holmes.

The reports circulated in the street for the last few days about the possibility of an increase in the dividend on Union Pacific common are not credited as well informed circles.

In relation to United States Steel there is a report that the successful retirement of 40 per cent of the preferred with a bond issue may later on be followed with the cancellation of the rest of the preferred.

Lawrence and Wettengel sold Traders & Mechanics National bank at 60, which equals the previous high record. They sold Walgreen 20 at 65, a new high record; Lytle & Davis bought and bid for more.

Rates in New York for call money eased off somewhat, but the condition of the bank reserve is not so reassuring, it being reported that the banks have lost about $2,000,000 to the sub-treasury for the week.

Stockholders of United Gas Improvement of record May 10, will be offered the privilege of subscribing to the stock of the company at par in proportion of 25 per cent of their holdings. Such privilege to subscribe expires June 18.

R. J. Stoney, Jr., sold 25 Commercial National in the forenoon to Hill & Co. at 242; they then got 25 at 245 from Robinson & Orr; both were a new high records. Hill was also a buyer of Pittsburgh Trust Company at 600 and a seller of Peoples National bank at 365.

An abstract of the report of the condition of the Pittsburgh National bank at the close of business April 30, shows the total deposits were $121,072,491, against a total of $118,784,408 at the close of business February 25, the date of the last call. This is an increase of $2,288,083.

Post & Flagg wired Sproul from New York: "We start the following from Philadelphia: 'I hear from a very reliable source that strike or no strike Reading stock will sell at very much higher prices very shortly. I know the people from whom I get my information are backing it, are buying the stock. They bought freely yesterday and are buying again this morning.'"

Stock of the new Commonwealth Real Estate Trust Company has been allotted as follows: To the Commercial National bank, which is to be elected by new organization, 5,000 shares; to the Herron real estate interests, which will be the nucleus of the trust company, 2,500 shares, and to others, 9,500 shares. The $1,-000,000 capital has been subscribed four times. The stock is par at $100, but $200 will be paid in, $100 to the surplus fund.

NEARLY $2,000,000 LESS.

Pittsburgh Bank Exchanges for Yesterday Were Much Below the Same Day Last Year.

AVALON CHURCH WELCOMED ITS NEW MINISTER

Reception Was Tendered to Rev. D. A. McPhie Last Night.

ANNIVERSARIES PLANNED

The Revs. W. I. Wishart and William Surdival Will Celebrate Anniversaries—Allegheny College President Will Preach in Crafton.

The Assembly hall of the Avalon United Presbyterian church was the scene last night of a cordial reception tendered to the new pastor of the Avalon church, the Rev. D. A. McPhie. The entire congregation was present and several ministers from the two cities. Addresses were made by members of the session, and also by the ministers. Mr. McPhie responded to this hearty greeting with a brief speech in which he thanked the congregation and expressed his desire to work earnestly and faithfully in his new field. Mr. McPhie was formerly pastor of the Lowell, Mass., church. He preached his initial sermon last Sunday. Tomorrow morning he will preach on "How to Better Our Condition," and in the evening on "The Ring, the Robe and the Shoe."

The Rev. J. Allison Platts, who took charge of the Central Presbyterian church of Allegheny last Sunday, will be formerly installed next Monday night. The installation prayer will be offered by the Rev. A. R. Van Fossen. The Rev. Dr. W. O. Campbell will deliver the charge to the pastor, and the Rev. Dr. William B. Irwin the charge to the people.

Two well-known pastors will celebrate anniversaries tomorrow: the Rev. W. I. Wishart of the Eighth United Presbyterian, Allegheny, his 12th, and the Rev. William Surdival of the South Side Congregational church, his 4th. Both have done a notable work in the spreading of the gospel.

The Rev. Dr. William H. Crawford, president of Allegheny college, Meadville, preaches tomorrow in Crafton Methodist Episcopal church, of which the Rev. William Wallace Youngson is pastor. Dr. Crawford will reach the city today. Mr. Youngson is a graduate of Allegheny college.

Next Friday evening the Rev. Dr. Charles Bayard Mitchell of Cleveland, O., will lecture in this church, his subject being "A Prize Taker." Dr. Mitchell will be given a hearty reception by the Crafton people. Evangelist James Small begins a series of meetings tomorrow night in the McKeesport opera house. His subject tomorrow night will be "Ten McKeesport Reasons Why Men Are Not Christians." The sermons of the pastors tomorrow are interesting:

The third anniversary of the Wilmerding Christ Lutheran church, of which the Rev. A. C. Michael is pastor, will be celebrated with special services Sunday, May 25. The Rev. S. T. Nicholas of Troy Hill, Allegheny, and the Rev. S. J. McDowell, the missionary president of the Pittsburgh synod, will assist. The members of the congregation have all agreed to a day's wages to the church. The congregation was organized May 21, 1899, by the Rev. C. B. King with 23 members, the present membership being 84. The congregation recently purchased two lots in Clura street and will erect a church on them in the near future.

THE FULLERS AFTER ONE MORE RAILROAD

Reported to Be Negotiating for the Maryland & Pennsylvania, from Baltimore to York.

[SPECIAL TELEGRAM TO THE GAZETTE.]

BALTIMORE, MD., May 9.—It was reported in financial circles today that the Fuller syndicate, purchaser of the Western Maryland railroad, is negotiating for the Maryland & Pennsylvania railroad. There has been an air of expectancy in financial circles concerning this property for several months. Its stock, which is closely held, has been absorbed whenever it came on the market, and has advanced in the last three months from $13 to $21 a share. A majority of the stock is controlled by Alexander Brown, W. W. Spence, George C. Jenkins and their associates.

The value of the property to the Fuller syndicate lies in the fact that it would supply a tidewater connection much quicker than a new line could be built. One of the privileges of the Maryland & Pennsylvania railroad enjoys is the right to the use of the belt line of the Baltimore & Ohio railroad.

The Maryland & Pennsylvania railroad extends from Baltimore to York, Pa., 80 miles. It has been undergoing extensive improvements during the last year to enable it to handle heavier traffic. The authorized capital stock is $3,600,000.

B. & O. Freight Changes Announced

TITLES COME DOWN BY CONSOLIDATION

Official Statement Covers 1754 Miles of the System Reported to Pittsburgh Headquarters.

General Freight Agent L. Rush Brockenbrough of the Baltimore & Ohio announced yesterday changes in title and territory incident to the reorganization of the freight traffic department. The occasion of the changes is the absorption by the Baltimore & Ohio of the Pittsburgh & Western, the Cleveland, Lorain & Wheeling, the Cleveland Terminal & Valley and the Ohio & Little Kanawha railroads.

Below are the changes in detail, all of which become effective June 1:

The freight traffic divisions and officials will be as follows:

Pittsburgh & Connellsville division—H. M. Matthews, division freight agent, office Pittsburgh, Pa. Cumberland, Md., exclusive, via Connellsville & Pittsburgh division to Pittsburgh, including Allegheny and Sharpsburg, Pa.; Glenwood, Pa., to Mounderville, W. Va., inclusive, including Bellaire, Bridgeport and Martins Ferry, O., and branches. Total 422 miles.

Pittsburgh & Western division—W. L. Cromlish, division freight agent, office Pittsburgh, Pa. Sharpsburg, Pa., to Cuyahoga Falls, O., exclusive, including branches. Total 226 miles.

Cleveland division—J. E. Galbraith, division freight agent, office Cleveland, O. Cuyahoga Falls, O., inclusive, to Chicago Junction, O., exclusive; Cleveland, O., to Valley Junction, O., inclusive; Cleveland, O., inclusive to Martins Ferry, O., exclusive, and branches, including Fairport and Painesville, O. Total 381 miles.

Chicago division—C. T. Wight, division freight agent, office Sandusky, O. Sandusky, O., to Chicago Junction, O., inclusive; Chicago Junction, O., to, but not including Indiana Harbor, Ind. Total 280 miles.

Newark division—O. A. Constine, division freight agent, office Columbus, O. Bellaire, O., exclusive, to Midland City, O., inclusive, including branches. Total 425 miles.

The following commercial freight agencies will be continued: Pittsburgh, Pa., T. J. Walters; Wheeling, W. Va., H. H. Marsh; Cleveland, O., C. F. Wood; Akron, O., H. E. Warburton; Toledo, O., E. N. Kendall; Detroit, Mich., J. Hutchings.

At present at Cleveland there is a general freight agent in charge of C., L. & W. railway and a traffic manager in charge of C., T. & V. railroad. Under the above plan the two offices are combined, with a division freight agent in charge.

The division freight agency at Tiffin, O., is consolidated with the division freight agency at Sandusky, O.

The general freight agency of the Pittsburgh & Western division is changed to a division freight agency.

The commercial freight agency at Youngstown, O., is changed to a traveling freight agency, W. E. Magill continuing in charge at that point.

Most of the employes are provided for under the reorganization. There necessarily being some reduction in clerical force owing to consolidation.

The changes in the passenger department are yet to be announced. It is believed that these will be as in the freight service, few in number, and will affect titles rather than the placing of new men in the positions. Announcement of them will be made within a few days.

Denials and Record Runs Continue.

The denials of any intention of the Pennsylvania or Vanderbilt lines between New York and Chicago to start a

L. F. LOREE,
President Baltimore & Ohio.

17, 18 or 19 hour service between those two cities still continue to be made. The Philadelphia officials of the Pennsylvania deny the report flatly and General Passenger Agent George H. Daniels of the New York Central has issued a long statement saying that the New York Central has considered the matter, but has decided to postpone the adoption of this schedule, simply because it would mean an excess fare of $10 a ticket to run trains at such a schedule and it is not believed that the traveling public would pay the difference.

Contracts Are Again Delayed.

Chief Engineer J. H. McRoberts of the Pittsburgh Terminal Railroad and Coal Company, the successor of the old West Side Belt railroad, said yesterday that the contracts for the extension of that line from Bruce to Clairton were not yet awarded and would not be until next week. The Pittsburgh Construction Company at one time had all but been chosen for the work, when the negotiations fell through. The most likely winner now is the contracting firm of Carpenter & Wright of Richmond, Va. The new railroad and coal company has just occupied offices on the 12th floor of the Peoples Savings bank building.

RAILROAD NOTES.

The Bessemer & Lake Erie expects to have the repair of the Bull Creek viaduct completed for Sunday, and open the line from Butler south to traffic on Monday. The viaduct was wrecked partly several weeks ago.

Active work has been begun on the grading of the Santa Fe Central under the supervision of R. L. McCance of Pithic City, treasurer of the Pennsylvania Development Company, which is doing the work. The Santa Fe Central is the Mexican line promoted by Pittsburgh parties.

Senator Thomas Kearns of Salt Lake City, who is a partner of Senator Clark in the construction of the San Pedro road, says that an eastern connection has been provided and announcement will soon be made. There is little doubt that this connection is the Gould system. If so, the Goulds will soon have a line from coast to coast.

MON. CON. ROAD ORDERS CARS TO HOLD 100 TONS

Jones & Laughlins Line Will Have 100 Such and Will Double-Track Its Bridge.

The Monongahela Connecting railroad has ordered 100 pressed steel cars of 100-ton capacity from the Pressed Steel Car Company. The bridge across the Monongahela river will also be double tracked to accommodate the growth of traffic of the road, and made stronger in order to bear the tremendous weights of the immense cars. The cost of the reconstruction of the bridge will be approximately $250,000. The contract has been let to the American Bridge Company and the work is to be completed by January 1. The cars are ordered for fall delivery.

These cars will have the greatest capacity of any ever built. The large pressed steel car which created, by its extraordinary size, a furore in the railroad world a few years ago, has 100,000 pounds, or 50 tons, capacity, while these will be double that car in size and capacity. Owing to their enormous weight the strength of all ordinary railroad bridges would be insufficient to support such cars and they will be used exclusively on the Monongahela Connecting railroad. The 100 cars will cost, approximately, $150,000.

One reason for the purchase of these cars lies doubtless in the recommendation of the American Railway association for the adoption of the per diem system of car charges.

Schedules Changes on Lines West.

Announcement of the time card changes effective May 18 on the Pennsylvania lines west of Pittsburgh was made yesterday. The changes are substantially those already mentioned in The Gazette as contemplated. Half a dozen of the local trains on the Ft. Wayne, which have been running only as far as Allegheny, east-bound, will hereafter run through to the Union station. The schedule of train 15, the evening Chicago express, will be made 25 minutes earlier in arriving at Chicago. Through coach service will be put into effect between Cleveland and Wheeling. There will be four additional Sunday trains between Pittsburgh and Leetsdale and a new Sunday train will be put on between Jamestown, Pa., and Pittsburgh each way. This train will leave Jamestown at 6 a. m., arriving at Pittsburgh at 9:05 a. m. and returning will leave Pittsburgh at 5:40 p. m., arriving at Jamestown at 8:50 p. m. On the southwest system three extra trains each way are put into service between Pittsburgh and Carnegie. A theater train between Washington and Pittsburgh is initiated, the train leaving Washington about 6:30 and returning, leaving Pittsburgh about 11 p. m. A new train, No. 18, will take the place of the Chicago connection of No. 6. It will leave Columbus at 7:40 a. m., arriving in Pittsburgh at 2 p. m., thus avoiding a two-hour lay-over at Columbus.

Promotion for Former Pittsburgher.

The appointment of Ira A. McCormick to the head of the operating staff of the Harlem division of the New York Central has been well received in this locality, as Mr. McCormick is very well known here. His first railroad service was in 1869 as call boy on the old Pittsburgh & Connellsville, now a part of the Baltimore & Ohio. Mr. McCormick gradually rose in the railroad service. In 1890 he was appointed trainmaster on the Pittsburgh & Lake Erie and has been with the Vanderbilt lines continuously since that time.

KAUFMANN'S

"THE BIG STORE"

Neckwear Surprise.

25c For 50c Ties. Not old, undesirable goods, but the latest Summer Styles, which we happened to purchase at a big price concession. The assortment includes swell 4-in-Hands, Coronation Imperials, Bows, Ping-Pong Knots, Batwing Ties, etc.—in Khaki Ties and Slate Polka dots, Rumchanda and Shantung Twilled Silks, new weave Ombres, Mogador and Club Stripes, Greys, Black and Whites, Louisines, Peau de Soie, etc. Also French Tubular Woven Madras Wash Stocks and Mercerized 4-in-Hands—in newest figures and figured stripes.

Our Men's Guaranteed Shoes at $3. Why pay $4 or $5 elsewhere for Shoes that the makers won't guarantee, when we offer you the same styles and shapes GUARANTEED NOT-TO-CRACK-THROUGH, at $3? A New Pair Free if any do before the first sole wears out. 20 different styles of High and Low Cuts to choose from—in finest Patent and Enamel Leather, Vici Kid and Box Calf—light and heavy soles.

Thousands of Men Enter This Store Every Day.

Yes, this is not only the principal Women's store in town but the first Men's store, too. And, by the way, have you ever stopped to think what a big city of men has grown around us the past few years? When we erected the Old Corner in 1885, skyscrapers were unknown. Now a half dozen of them have sprung up, within a block or two from the store, and more are to come. Every morning an army of men streams to these buildings, and all day long men come and go. Now add the fact that the Postoffice and Court House are only a block away, and you won't wonder that this store is the heart and center of this city of men of brawn and brain. But it's our Clothing, after all, that causes more men to trade here every year. The men know that there's no such clothing to be found for the money anywhere; they know that they can buy here with perfect confidence. Hence they come, and come again, and yet again, for each purchase makes them firmer friends of "The Big Store" than ever before. And, no matter what your requirements, this stock is so wide and varied as to enable all men to make satisfactory selections.

Suits & Top Coats at $7, $10 & $12.

Unless you want your garment made of Imported Woolens, these goods will suit you to a "T." They are made of good, honest, substantial woolens turned out by the principal American mills, and they are put together by skilled American tailors. If, in spite of these facts, we can still sell them at $7, $10 and $12, it's because we bought these Suits and Top Coats for one-third less than other stores paid for the self-same qualities. The Suits come in Oxfords, Thibets, Worsteds, Pin Checks, Cheviots, Cassimeres and Novelty Cloths, and the Overcoats consist principally of Coverts, Cheviots and Vicunas.

Suits & Top Coats at $15, $20 & $25.

These highest of high-class garments make it quite unnecessary for any man to go to a tailor shop for stylish perfect-fitting clothes. To begin with, none but choice imported materials have entered into the manufacture of these goods, the silk linings and trimmings are of the best, and none but the best cutters and journeymen tailors have done the work. The Suits are made of Belgian Thibets, French Vicunas, Scotch Cheviots, Irish Tweeds, English Serges, Clay Worsteds, etc., and the styles are both Single and Double-Breasted Sacks, Cutaway Frocks and Prince Alberts.

Extra! Men's $2.50 & $3 Dress Pants For $1.98 Pair.

Fashionably cut—perfect fitting—in the latest Scotch Cheviots, Fancy Worsteds, Black Cheviots, Fancy Stripes, Checks, Mixtures, etc.

Hundreds of Boys Fitted Out Here Every Day.

Big as were our recent purchases from several overstocked manufacturers, they cannot long withstand the onslaughts of such continuous crowds of shrewd shoppers. Better be on hand today, and not run any chances of being disappointed.
